Information Technology for Knowledge Management Uwe M. Borghoff, 1998-03-18 The value of an organization is given not just by its tangible assets but also by the knowledge embodied in its employees and in its internal and external structures While explicit knowledge can be shared as information and is easy to handle this tacit knowledge has been neglected by effectiveness oriented management techniques but is crucial for both the operational efficiency and the core competencies of an organization This book provides a survey of the use of information technology for knowledge management and its chapters present specific research on how technologies such as computer supported cooperative work CSCW workflow and groupware can support the creation and sharing of knowledge in organizations Transactions of the American Mathematical Society American Mathematical Society, 1905 Monthly journal devoted entirely to research in pure and applied mathematics and in general includes longer papers than those in the Proceedings of the American Mathematical Society Operating a Recycling Program Kevin Mulligan, Jerry Powell, 1979 Collections of the State Historical Society of Wisconsin, 1916
