the Black Mountain poets an American movement that incorporated the writings of Charles Olson Robert Creeley and Robert Duncan who suggested the name itself The Black Mountain poets believed that writing should be locally based and should grow out of the author s own breathing patterns The more specific to a locale the better The poets are introduced as characters in a play and when Fred Wah says Let s start a magazine things happen The first 19 issues became the calling card for a new type of poetry but inevitably the writers began to go their own way It is Davey s commitment that holds the group together despite their geographical separation The Tish movement provided the impetus to create a new more contemporary Canadian poetry And here Frank Davey reveals how it started grew and became a lasting force In The Presence of Our Enemies Ellen McClay,2006-07-10 In the Presence of Our Enemies has been meticulously researched containing facts from years of Congressional investigations as well as authoritative books written by historians and participants alike of the 20 Century s assault on the unique form of government fashioned through as George Washington described a miracle at Philadelphia To achieve this destruction and planned replacement with a socialist society amalgamated into a global government it is first necessary to destroy traditional morality a campaign conducted through every avenue of communication with particular focus on textbooks and schools Their legacy marches relentlessly onward Meet the sociologists the psychiatrists the educators moral degenerates who banded together from countries around the world focusing on the redistribution of American wealth and changing the culture which gave them birth They gained entry into American Schools colleges legislative halls and their descendants still promote a Fabian Socialist World Society supported by American taxes Nothing has changed since Soviet leader Nikita Khrushchev in 1957 told us what was planned I can prophesy that your grandchildren in America will live under socialism Your grandchildren will not understand how their grandparents did not understand the progressive nature of socialist society
