OLDEST TRICK STEVE. BREZENOFF,2022

Folk Illusions K. Brandon Barker,Claiborne Rice,2019-04-22

A well researched and well written book linking traditional folklore studies to current scientific research and to thinking about human behavior American Journal of Play Wiggling a pencil so that it looks like it is made of rubber stealing your niece s nose and listening for the sounds of the ocean in a conch shell these are examples of folk illusions youthful play forms that trade on perceptual oddities In this groundbreaking study K Brandon Barker and Claiborne Rice argue that these easily overlooked instances of children s folklore offer an important avenue for studying perception and cognition in the contexts of social and embodied development Folk illusions are traditionalized verbal and or physical actions that are performed with the intention of creating a phantasm for one or more participants Using a cross disciplinary approach that combines the ethnographic methods of folklore with the empirical data of neuroscience cognitive science and psychology Barker and Rice catalogue over eighty discrete folk illusions while exploring the complexities of embodied perception Taken together as a genre of folklore folk illusions show that people starting from a young age possess an awareness of the illusory tendencies of perceptual processes as well as an awareness that the distinctions between illusion and reality are always communally formed With clear focal points sound and carefully explained methodology and thought provoking substantial analysis this book makes an excellent contribution to children s folklore and related fields Elizabeth Tucker author of *Children s Folklore A Handbook* A compendium of perceptual illusions gathered from performers across the country sorted into formally related perceptual categories and analyzed under various theories of perception *Journal of Folklore Research* **God Bless Us, Every One!** David R. Coombs,2024-06-18 Caution Literature purists may be offended *God Bless Us Every One* cannot be called a sequel to Charles Dickens *A Christmas Carol* because it s different from the classic in too many ways Yet it does use it as backstory The opening scene mirrors the first paragraphs of *A Christmas Carol* by reporting the death of Scrooge in a similar fashion to Dickens s announcement of the death of Marley Coombs extends the wordplay furthering the jokes Dickens makes to set the tone for the book And he borrows other tropes and style features from Dickens for comic effect surreal grotesque characters with suggestive names populate this novel rife with puns and malapropisms of all types The style of *God Bless Us Every One* might be described as faux Dickensian but the work draws inspiration from a long line of humorists right up to today s edgiest writers It s a trenchant satire that mocks cultural norms genre fiction predatory capitalism ethnic stereotyping and religion all through the vehicle of a ludicrous storyline of dark comic fantasy Tiny Tim is the atypical hero of the story Reduced to a vegetative state he becomes an empath with the magical ability of picking up emotions from others then radiating them out into the world Without a will of his own he becomes a tool of unscrupulous people who use him to manipulate markets and political sentiment often to disastrous ends *Encyclopedia of White-Collar and Corporate Crime*

Lawrence M. Salinger, 2013-06-14 Since the first edition of the Encyclopedia of White Collar and Corporate Crime was produced in 2004 the number and severity of these crimes have risen to the level of calamity so much so that many experts attribute the near Depression of 2008 to white collar malfeasance namely crimes of greed and excess by bankers and financial institutions Whether the perpetrators were prosecuted or not white collar and corporate crime came near to collapsing the U S economy In the 7 years since the first edition was produced we have also seen the largest Ponzi scheme in history Maddoff an ecological disaster caused by British Petroleum and its subcontractors Gulf Oil Spill and U S Defense Department contractors operating like vigilantes in Iraq Blackwater White collar criminals have been busy and the Second Edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles

GENERAL MICHAEL T FLYNN LTG US Army Retired Some of the heroes in this chapter of history are still behind bars still singing the national anthem every night still standing for the principles that make this nation great and quite frankly their courage and commitment take my breath away Some warriors are still in the courts fighting for their lives against all the odds the deck of injustice stacked against them But their will remains unbroken and their eyes remain open Others are home now but forced to struggle every day to hold onto their families Yet the fires of liberty freedom and faith still burn in their souls

LARA LOGAN *Confessions of a Flying Instructor* Tug Wilson, 2023-04-16 After surviving three years flying the RAF's greatest and scariest fighter the mighty Phantom Tug Wilson tried his hand at teaching some of the flying skills he probably should have known when he was on the Cold War front line Despite being slightly more mature and having the responsibility of teaching and looking after trainee pilots and navigators in the cockpit of a Hawk fast jet trainer Wilson manages to almost kill himself again and at least one of his students This book builds on the insecurities amazement and pure unadulterated joy that the author felt while flying aircraft in his beloved RAF It is an open and honest account of his professional and personal life much in the style of his first book *Confessions of a Phantom Pilot* which has been described as a Cracking good read by Tug his family and all his mates from the Phantom that were happy to be mentioned in it Ever wondered what a fast jet pilot goes through while learning the intricacies of air defence and low level flying Or even how to cheat in air combat *Confessions of a Flying Instructor* is a personal examination of an often overlooked aspect of the RAF
