Astronomical Cybersketching Peter Grego, 2009-04-21 Sketching the Skies Suddenly and without warning a new star appeared in the night sky and everyone in the community was alarmed Nobody could remember having seen its like before Dazzling to look at this unexpected intruder in the heavenly vault gave off a light that almost rivaled that of the full Moon drowning out the familiar patterns of stars with its glare The new star s steady white light penetrated deep into the sacred cave illuminating an age old patchwork of intricately drawn pictographs some of these depicted terrestrial objects and events from mundane sketches of bison to vast and sweeping panoramic images of wild galloping horses Other scenes showed celestial phenomena such as the phases of the Moon and prominent asterisms or star patterns The next morning accompanied by solemn chanting in which the entire community participated an elderly shaman entered the sacred cave by the light of a fiery brand and selected a suitable area upon which to depict the new star Once the artwork was finished the shaman reappeared at the cave entrance he held out his arms wide to the slowly brightening morning skies and announced that the powerful magic of the new star had been captured and could now be used to ensure the continuing prosperity of his tribe The British Journal of Photography, 2008
