Olympus XA Repair Manual Orimpasu Kōgaku Kōgyō Kabushiki Kaisha,1979 **Library of Congress Catalog**
Library of Congress,1980-07 *The Heart Is Unknown Country* L. A. Rebhun,1999 This is a study of love specifically of men
s and women s emotional roles vis vis one another in Northeast Brazil of how people form conjugal relationships in this
region and of the impact of rapid socioeconomic change on courtship marriage cohabitation and infidelity Rapid urbanization
and expansion of the cash economy have transformed the region in a few decades Among the transformations are shifts in
how people conduct courtship form marriages view the proprieties of sexual behavior and assess the proper social and
economic roles of men and women These changes have altered the relative importance of physical economic and emotional
intimacy in conjugal relationships transforming the nature of marriage once defined as a largely economic relationship into a
largely emotional relationship as ideas of romance once associated with infidelity concubinage and courtship are increasingly
attached to marriage The book is largely based on interviews with men and women who talked about their often complicated
love lives with wit and passion and the book is rich in personal stories and quotations Women were asked to discuss the
nature of men and women and men were asked to talk about women Both sexes were questioned about their views on
prostitution concubinage and promiscuity as well as their definitions of love Parents were asked for their views about
marriage and child rearing especially differences in raising boys and girls their relations with their own parents lovers
spouses and friends and their views on virginity and sexual propriety The bluntness and articulateness of the informants
about their motivations and experiences not only demonstrated that men and women viewed conjugal relationships very
differently but enabled the author to specify and explore these differences in unusually interesting ways Popular
