## **On The Art Of The Kabbalah De Arte Cabalistica:**

**On the art of the Kabbalah. De arte cabalistica** Johann Reuchlin, 1983      On the Art of the Kabbalah Johann Reuchlin, 1993-01-01

Reuchlin's keen interest in Jewish mysticism resulted in the original publication of this work in 1517. The first part of this dialogue reflects on messianism, the second part on the relation of the Pythagorean system to the Kabbalah, and the third on the practical Kabbalah. The German humanist Johann Reuchlin (1455-1522) defended the value of Jewish scholarship and literature when it was unwise and unpopular to do so. As G. Lloyd Jones points out, a marked mistrust of the Jews had developed among Christian scholars during the later Middle Ages. It was claimed that the rabbis had purposely falsified the text of the Old Testament and given erroneous explanations of passages which were capable of a christological interpretation. Christian scholars most certainly did not advocate learning the Hebrew language. Reuchlin was exceptional in pursuing and promoting Hebrew studies, believing that a working knowledge of that language was essential for a true appreciation of the Bible and rabbinic literature. Refusing to join Christian contemporaries who wished to destroy the Kabbalah and the Talmud, he spoke out against ignorance. Christians could have a useful dialogue with Jews if they gained a thorough knowledge of the writings of Jewish exegetes and philosophers. Toward that end, he proposed university endowments that aroused the fury of opponents and led to the famous battle of the books. Reuchlin's keen interest in Jewish mysticism resulted in the publication of *De arte cabalistica* in 1517. The first part of this dialogue reflects on messianism, the second part on the relation of the Pythagorean system to the Kabbalah, and the third on the practical Kabbalah. According to Jones, Reuchlin demonstrates how Christians can make profitable use of Jewish mystical writings and therefore shares with the reader his understanding of the art of the Kabbalah. That art will reach more readers in this modern English language translation by Martin and Sarah Goodman. It reinforces the historical importance of the man who prevented the destruction of Jewish books and anticipated the more liberal climate of the Reformation.

**The Metamorphosis of Magic from Late Antiquity to the Early Modern Period** Jan N. Bremmer, Jan R. Veenstra, 2002 Deities demons and angels became important protagonists in the magic of the Late Antique world and were also the main reasons for the condemnation of magic in the Christian era Supplicatory incantations rituals of coercion enticing suffumigations magical prayers and mystical songs drew spiritual powers to the human domain Next to the magician's desire to regulate fate and fortune it was the communion with the spirit world that gave magic the potential to purify and even deify its practitioners The sense of elation and the awareness of a metaphysical order caused magic to merge with philosophy notably Neoplatonism The heritage of Late Antique theurgy would be passed on to the Arab world and together with classical science and learning would take root again in the Latin West in the High Middle Ages The metamorphosis of magic laid out in this book is the transformation of ritual into occult

philosophy against the background of cultural changes in Judaism Graeco Roman religion and Christianity This volume the first in the new series Groningen Studies in Cultural Change offers the papers presented at the workshop The Metamorphosis of Magic from Late Antiquity to the Early Modern Period held from 22 to 24 June 2000 and organised by Jan N Bremmer and Jan R Veenstra The papers have been written by scholars from such varying disciplines as classics theology philosophy cultural history and law Their contributions shed new light upon several old obscurities they show magic to be a significant area of culture and they advance the case for viewing transformations in the lore and practice of magic as a barometer with which to measure cultural change

*Language, Eros, Being* Elliot R. Wolfson, 2009-08-25 This long awaited magisterial study an unparalleled blend of philosophy, poetry and philology draws on theories of sexuality, phenomenology, comparative religion, philological writings on Kabbalah, Russian formalism, Wittgenstein, Rosenzweig, William Blake and the very physics of the time-space continuum to establish what will surely be a highwater mark in work on Kabbalah Not only a study of texts *Language, Eros, Being* is perhaps the fullest confrontation of the body in Jewish studies if not in religious studies as a whole Elliot R. Wolfson explores the complex gender symbolism that permeates Kabbalistic literature Focusing on the nexus of asceticism and eroticism he seeks to define the role of symbolic and poetically charged language in the erotically configured visionary imagination of the medieval Kabbalists He demonstrates that the traditional Kabbalistic view of gender was a monolithic and androcentric one in which the feminine was conceived as being derived from the masculine He does not shrink from the negative implications of this doctrine but seeks to make an honest acknowledgment of it as the first step toward the redemption of an ancient wisdom Comparisons with other mystical traditions including those in Christianity, Buddhism and Islam are a remarkable feature throughout the book They will make it important well beyond Jewish studies indeed a must for historians of comparative religion in particular of comparative mysticism Praise for Elliot R. Wolfson *Through a Speculum That Shines* is an important and provocative contribution to the study of Jewish mysticism by one of the major scholars now working in this field *Speculum*
