Guide to Holistic Healing in the New Millenium Ingfried Hobert, 1999 Exploring Spirituality from a Post-Jungian Perspective Ruth Williams, 2023-03-03 Derived from Ruth Williams more than 40 year immersion in spiritual practice as well as her clinical experience as a Jungian analyst this thought provoking volume explores the nature of spiritual paths and trajectories in practical ways incorporating personal anecdote and ground breaking academic research and providing a window into how Jungian practitioners work with soul and spirit Williams explores the nature of being a human using the Yiddish idea of a person being a mensch which means being a decent human being having humanity and living ethically with integrity The idea of grace is the thread that runs through the book the mystery that binds things together and makes life meaningful purposeful potentially joyful and spiritually fulfilling Williams sees grace as being that which underpins and lies behind synchronicity and divinatory practices and as a force by which we can learn to be guided Rooted in clinical work Exploring Spirituality from a Post Jungian Perspective is fascinating reading for Jungian analysts therapists and academics as well as for general readers interested in a spiritual journey both personally and for clinical purposes **On the Right Lead** Dianna McPhail, 2008-12-11 As a little girl I saw animals as pure and lovable creatures I watched how my touch affected wild bunnies a little blue jay my pet mice horses dogs cats and other furry creatures that relaxed immediately Offering them comfort and safety were my novice attempts at intuition and my eventual path to Animal Bowen therapy and animal communication It is an honor to be a healer and I welcome those who look to me for guidance and peace as I release physical and emotional trauma from humans and animals knowing how it feels to struggle stop running and face uncertainty and fear I am proud to share my passage into eventual self respect and love Hope appeared once I abandoned internal fantasies and false beliefs about myself and others My greatest strengths emerged when I quit searching for my path and patiently waited for it to appear I have not squandered my time because everyday has been an investigative venture never seeking nor finding any short cuts to my self actualization When I look in the mirror I see an image of physical fact and an even stronger internal statement of many transitions My arrival to the silver painted glass was not through osmosis it dictated that I cast off outdated ideals Some childhood beliefs still offer comfort hence certain core principles will be with me indefinitely leaving me both the same and different from previous decades From the beginning my affinity for animals held me within the trustworthy embrace of Mother Nature garnering a depth of self awareness that was impossible through any other endeavor I must confess though my epiphany was a series of unplanned events over which I had no control The good and the real come to us with ease life events simply occur and there are no coincidences This wisdom opened the door to my true and authentic person as I slowly removed my protective barrier and admitted that I had a need to belong My defensive nature gave way and so can you Power of the Soul John Holland, 2010-05 This fascinating book provides some of the tools to help you to tap in to one of the most powerful forces in the Universe your soul Step by step it will guide you to follow your true soul's path and
