*Coming Back to a Theater Near You* Brian Hannan, 2016-06-14 In the Silent Era, film reissues were a battle between rival studios. Every Mary Pickford new release in 1914 was met with a Pickford re-release. For 50 years after the Silent Era, reissues were a battle between the studios who considered old movies found money and cinema owners who often saw audiences reject former box office hits. In the mid 1960s, the return of *The Bridge on the River Kwai* (1957), the second biggest reissue of all time, altered industry perceptions, and James Bond double features pushed the revival market to new heights. In the digital age, reissues have continued to confound the critics. This is the untold hundred-year story of how old movies saved new Hollywood. Covering the booms and busts of a recycling business that became its own industry, the author describes how the likes of Charlie Chaplin, Humphrey Bogart, and Alfred Hitchcock won over new generations of audiences and explores the lasting appeal of films like *Napoleon* (1927), *Gone with the Wind* (1939), *The Rocky Horror Show* (1975), and *Blade Runner* (1982).

*Foreign Films in America* Kerry Segrave, 2014-11-18 Foreign films once enjoyed a position of prominence on American theater screens. By the start of World War I, however, the United States film industry was strong enough to challenge that foreign presence, and foreign films in America have been insignificant ever since. For about a century, the Hollywood cartel has dominated the production, distribution, and exhibition of movies domestically and around the world. This work traces the history of the foreign film in America from its domination in the early days to its low standing in the present, looking at the attempts made by foreign producers to increase their presence on American cinema screens, the responses by Hollywood to those attempts, and the oligopoly of Hollywood's few producers. The work discusses the cultural differences between foreign artistic expression and the commercialism of the American film and analyzes Hollywood's explanations for the lack of a foreign presence. Americans have unique tastes; they don't like subtitles; foreign films are immoral or badly made; trade union pressure and so on. An appendix detailing the all-time gross earnings of foreign language films and a full bibliography conclude the work, which is illustrated with stills and posters.
