Shakespeare and Indian Cinemas Poonam Trivedi, Paromita Chakravarti, 2018-08-06 This book is the first to explore the rich archive of Shakespeare in Indian cinemas including less familiar Indian language cinemas to contribute to the assessment of the expanding repertoire of Shakespeare films worldwide Essays cover mainstream and regional Indian cinemas such as the better known Tamil and Kannada as well as the less familiar regions of the North Eastern states The volume visits diverse filmic genres starting from the earliest silent cinema to diasporic films made for global audiences television films independent films and documentaries thus expanding the very notion of Indian cinema while also looking at the different modalities of deploying Shakespeare specific to these genres Shakespeareans and film scholars provide an alternative history of the development of Indian cinemas through its negotiations with Shakespeare focusing on the inter textualities between Shakespearean theatre regional cinema performative traditions and literary histories in India The purpose is not to catalog examples of Shakespearean influence but to analyze the interplay of the aesthetic historical socio political and theoretical contexts in which Indian language films have turned to Shakespeare and to what purpose The discussion extends from the content of the plays to the modes of their cinematic and intermedial translations It thus tracks the intra Indian flows and cross currents between the various film industries and intervenes in the politics of multiculturalism and inter intraculturalism built up around Shakespearean appropriations Contributing to current studies in global Shakespeare this book marks a discursive shift in the way Shakespeare on screen is predominantly theorized as well as how Indian cinema particularly Shakespeare in Indian cinema is understood

Shakespeare Performance Studies W. B. Worthen, 2014-06-26 Taking a performance studies perspective on Shakespearean theatre W B Worthen argues that the theatrical event represents less an inquiry into the presumed meanings of the text than an effort to frame performance as a vehicle of cultural critique Using contemporary performances as test cases Worthen explores the interfaces between the origins of Shakespeare s writing as literature and as theatre the modes of engagement with Shakespeare s plays for readers and spectators and the function of changing performance technologies on our knowledge of Shakespeare This book not only provides the material for performance analysis but places important contemporary Shakespeare productions in dialogue with three influential areas of critical discourse texts and authorship the function of character in cognitive theatre studies and the representation of theatre and performing in the digital humanities This book will be vital reading for scholars and advanced students of Shakespeare and of performance studies

Shakespeare and World Cinema Mark Thornton Burnett, 2013 This book explores the significance of Shakespeare in contemporary world cinema for the first time Mark Thornton Burnett draws on a wealth of examples from Africa the Arctic Brazil China France India Malaysia Mexico Singapore Tibet Venezuela Yemen and elsewhere

Shakespeare and Accentism Adele Lee, 2020-12-28 This collection explores the consequences of accentism an under researched issue that intersects with racism and classism in the Shakespeare industry across languages

and cultures past and present It adopts a transmedia and transhistorical approach to a subject that has been dominated by the study of Original Pronunciation Yet the OP project avoids linguistically foreign characters such as Othello because of the additional complications their aberrant speech poses to the reconstruction process It also evades discussion of contemporary global practices and underpinning the enterprise is the search for an aural purity that arguably never existed By contrast this collection attends to foreign speech patterns in both the early modern and post modern periods including Indian East Asian and South African and explores how accents operate as metasigns reinforcing ethno racial stereotypes and social hierarchies It embraces new methodologies which includes reorienting attention away from the visual and onto the aural dimensions of performance

Re-playing Shakespeare in Asia Poonam Trivedi, Minami Ryuta, 2010-01-31 Reviews the playing of Shakespeare in which there is a re staging and a re writing through adaptation appropriation or acculturation of the Western Shakespeare into worlds of Asian theatre languages considering stagings in Japan China India Korea Taiwan Singapore Indonesia and the Philippines
