Basketball Officials Manual is directed to those who wish to enter the field of officiating or those who wish to improve their
competence in officiating 2013 NFHS Field Hockey Rules , **Performance Without Compromise** Raymond
McClure,2019-06-20 Accuracy is not debatable This book is a call for commitment by Officials to a proper performance while
making consistent accurate rulings My motivation for this book comes from the fact that I have an absolute genuine concern
about THE GAME and I have for a long time My concern comes from my belief that officiating basketball is not as difficult as
so many among us make it out to be Much of what I was taught during the first half of my career had no rules support was
vague came with poor advice and were even philosophical Those clinicians and trainers who trained me were terrific
individuals with a noble effort to teach me the right way However there sure seemed to be many right ways Their training
was also filled with too much about the tricks of the trade and not enough about the trade I was never instructed to trust the
rules Over the last four decades we have become conditioned to accept less and less in the name of style philosophy and
appearance We must get all Officials committed to enforcing the rules and they can't do that if they don't know them This
book is long overdue because it is my attempt to let the basketball world hear the words of Peter Webb my mentor and the
most knowledgeable person on the planet on the topic of basketball officiating We know you'll enjoy and benefit from reading
this officiating textbook Basketball Officials Manual ,1961 Basketball Referee 101 HowExpert,Steven
Michaluk,2019-06-07 There are many reasons to officiate basketball but how do you do it Officiating is about the sport but it
is also about the journey Sure you can do things that are easy in life but what fun is that Officiating is just plain hard to do
but the rewards you'll receive are worth it In this book you'll learn what it takes to be an official and how to learn You can
take these tips and use them in any facet of life but here you'll learn the true secrets to becoming a great basketball referee
What do you do with all that extra income from being a referee Unfortunately it isn't as easy as walking away with a check
and taking it to the bank but you can learn to manage your extra income and make it work for you If you want to learn the ins
and outs of being a successful referee start here Having a mentor and bringing home an extra pay check aren't the only
things you need to know Use these tips to help you start your journey to success About The Expert Although he wouldn't be
comfortable with the term expert Steven Michaluk is no slouch on the basketball court With 6 years of on court experience in
high school and 2 years working college basketball he has proved his worth and is continuing to climb Steven currently
works high school basketball in Virginia and NCAA women's basketball Although this book is about his passion in officiating
he has a few others he could write books about enjoying time with his wife and dog at home teaching 5th grade and playing
