Lindsay Coleman,Carol Siegel,2018-03-12 As many critics and theorists have noted non pornographic films documentaries and quality television series have increasingly included explicit sex scenes since the 1990s some of such scenes featuring the performance of actual sex acts The incidence of sex in narratively powerful resonant visual media can no longer be dismissed as a trend What was once an aesthetic weapon in the arsenal of provocateurs is now frequently integrated seamlessly into the mise en scene and exposition of widely viewed and culturally significant films and television series *Intercourse in Television and Film The Presentation of Explicit Sex Acts* analyzes the aesthetic and narrative contexts for the visual media presentation of the sexual act both those which are non simulated and those which are explicit to that point that their simulation is brought into question by the viewer In this book questions involving the performance choices of actors the framing and editing of the sex act and the director s attempts at integrating sexuality into the overall narrative structure as well as their effects are explored

Queer Representation, Visibility, and Race in American Film and Television Melanie Kohnen,2015-11-06 This book traces the uneven history of queer media visibility through crucial turning points including the Hollywood Production Code era the AIDS crisis of the 1980s the so called explosion of gay visibility on television during the1990s and the re imagination of queer representations on TV after the events of 9 11 Kohnen intervenes in previous academic and popular accounts that paint the increase in queer visibility over the past four decades as a largely progressive development She examines how and why a limited and limiting concept of queer visibility structured around white gay and lesbian characters in committed relationships has become the embodiment

of progressive LGBT media representations She also investigates queer visibility across film TV and print media and highlights previously unexplored connections such as the lingering traces of classical Hollywood cinema s queer tropes in the X Men franchise Across all chapters narratives and arguments emerge that demonstrate how queer visibility shapes and reflects not only media representations but the real and imagined geographies histories and people of the American nation

Turning the Page David R. Coon, 2018-07-11 First runner up for the 2019 John Leo and Dana Heller Award from the Popular Culture Association Surprisingly Hollywood is still clumsily grappling with its representation of sexual minorities and LGBTQ filmmakers struggle to find a place in the mainstream movie industry However organizations outside the mainstream are making a difference helping to produce and distribute authentic stories that are both by and for LGBTQ people Turning the Page introduces readers to three nonprofit organizations that in very different ways have each positively transformed the queer media landscape David R Coon takes readers inside In the Life Media whose groundbreaking documentaries on the LGBTQ experience aired for over twenty years on public television stations nationwide Coon reveals the successes of POWER UP a nonprofit production company dedicated to mentoring filmmakers who can turn queer stories into fully realized features and short films Finally he turns to Three Dollar Bill Cinema an organization whose film festivals help queer media find an audience and whose filmmaking camps for LGBTQ youth are nurturing the next generation of queer cinema Combining a close analysis of specific films and video programs with extensive interviews of industry professionals Turning the Page demonstrates how queer storytelling in visual media has the potential to empower individuals strengthen communities and motivate social justice activism

The Routledge Encyclopedia of Film Theory Edward Branigan, Warren Buckland, 2013-12-04 The Routledge Encyclopedia of Film Theory is an international reference work representing the essential ideas and concepts at the centre of film theory from the beginning of the twentieth century to the beginning of the twenty first When first encountering film theory students are often confronted with a dense interlocking set of texts full of arcane terminology inexact formulations sliding definitions and abstract generalities The Routledge Encyclopedia of Film Theory challenges these first impressions by aiming to make film theory accessible and open to new readers Edward Branigan and Warren Buckland have commissioned over 50 scholars from around the globe to address the difficult formulations and propositions in each theory by reducing these difficult formulations to straightforward propositions The result is a highly accessible volume that clearly defines and analyzes step by step many of the fundamental concepts in film theory ranging from familiar concepts such as Apparatus Gaze Genre and Identification to less well known and understood but equally important concepts such as Alain Badiou s Inaesthetics Gilles Deleuze s Time Image and Jean Luc Nancy s Evidence The Routledge Encyclopedia of Film Theory is an ideal reference book for undergraduates of film studies as well as graduate students new to the discipline

Gender and Genre in 1990s Hollywood Patricia Di Risio, 2024-11-14 The 1990s was a decade of significant turmoil in Hollywood cinema which resulted in a watershed moment in the interplay of

gender and genre Patricia Di Risio argues that cinematic representations of unconventional women had an important effect on traditionally male oriented genres such as the crime thriller road movie western film noir war film sci fi and horror Di Risio analyses seven key films from the decade including *Blue Steel* 1990 *Thelma Louise* 1991 *The Quick and the Dead* 1995 *Bound* 1996 *Jackie Brown* 1997 *G.I. Jane* 1997 and *Alien Resurrection* 1997 paying particular attention to their use of irony allusion and pastiche She highlights how their female protagonists a majority of whom are decidedly queer or gender questioning personas produce an intense crossover in genre conventions largely driven by their gender rebellion She examines how a deconstruction of gender simultaneously allows genre hybridity and intertextuality taking these films into unexpected new directions In doing so she delineates a clear line between the unconventional nature of the representation of the female protagonists and innovative changes to genre filmmaking practices

The People's Pictures James Caterer, 2011-08-08 When John Major launched the UK's National Lottery in 1994 he christened it the people's Lottery and handed it to the mythical stewardship of the Everyman But when the proceeds began to be distributed to worthy causes including the British film industry this populist rhetoric came under increasing strain If Lottery funding is used to produce the type of British films which the public want to see such as romantic comedies then many question whether the market deserves such subsidy Short films and low budget experimental cinema which often require state support tend to go unwatched by large swathes of the Lottery ticket buying public This book explores the debates which were sparked by the arrival of the people's pictures and places them in historical context by examining their many precedents Is public patronage a boon or a burden for filmmakers And how do institutional cultures or political buzzwords affect the finished films Case studies include the popular hits *Billy Elliot* 2000 and *Shooting Fish* 1997 art house releases such as *Love Is The Devil* 1998 and *Gallivant* 1997 short films by Lynne Ramsey and David MacKenzie and artists film and video work by
