The Theory and Practice of Associative Power Stephen B. Young, 2017-06-19 To succeed in achieving its national security objectives the United States needs to use Associative Power in place of both Hard Power and Soft Power Associative Power is the use of joint ventures and alliances to optimize the forms of power brought to bear in conflicts responding with precision to a spectrum of enemy threats situational challenges and political opportunities Associative Power was wisely and successfully used by the United States in the Vietnam War through the CORDS program of counter insurgency and village development to defeat the Viet Cong insurgency and permit the withdrawal of American combat forces Associative power was not used by the United States nor was the best counter insurgency practices of CORDS in the Iraq and Afghanistan conflicts As a result of this omission interim outcomes in Iraq and Afghanistan did not acceptably accomplish American objectives

The Last Emperors of Vietnam Oscar Chapuis, 2000-03-30 This book tells the story of French interaction with Vietnam and the neighboring region which began with the French seizure of Cochin China and Tonking in the 19th century under Emperor Tu Duc and ended with their humiliating defeat at Dien Bien Phu in 1954 After the conclusion of treaties with China in the nineteenth century Western nations sought access to the resource rich region of Yunnan After attempts at exploring the Mekong River the French turned their sights to the Red River Only after Jean Dupuis

successfully linked Hanoi with Yunnan was Admiral Dupre able to begin the conquest of Tonking This volume begins where Chapuis's History of Vietnam left off completing the colonial history of Vietnam The decline of French authority in Indochina began with Japanese demands and subsequent occupation during World War II The 9 March 1945 Japanese coup would mark the beginning of the end of French supremacy however French authorities would return with troops to confront the Vietnamese demands for unity and independence after Japan's defeat Although an agreement between Sainteny and Ho Chi Minh would allow the French army to land in North Vietnam the creation of the southern Republic of Cochinchina would be a move that ran counter to Vietnamese nationalist sentiment Nine years later the French found themselves ousted from their former colony
