Cast a Dark Shadow S.C. Rackes, 2013-09-26 Do you realize how long its been Dallas spoke trying to keep her voice as unemotional as possible Bart hated scenes Dallas knew she should back off drop the subject and leave Bart alone It was the only safe way to deal with him lately Tonight was a final desperate effort on her part It was their wedding anniversary If anything was left between them she should be able to reach it on what was supposed to be a day of celebration Early returns werent promising Lets face it Dallas thought Your carefully constructed web of pretense is fraying and fraying fast with a whole lot of help from your husband Why cant you admit its over and just take your losses and get out Because I hate to give up and throw twenty years down the rabbit hole At least without giving it one last shot Bart didnt answer Dallas didnt even acknowledge the question He was staring past her at a spot somewhere over and slightly to the right of her head His moods had gotten increasingly dark and difficult lately his patience with her nonexistent As Dallas watched him lift the glass he held and drain its contents she thought Hes drinking way too much Dallas looked away feeling totally defeated As she did she heard Bart rattle the ice cubes in his glass That was her cue to get him a refill Let him get his own damned refill she decided with a rare burst of irritation and rebellion He has feet Tonight as soon as shed given him his anniversary gift she knew shed made a mistake His face closed up his jaw tensed and he acted like shed handed him a bomb he expected would go off at any minute The gift still sat unopened on the table At first Dallas hoped it was because he forgot about the anniversary and didnt have anything for her But it was more than that There was something different about Bart tonight something Dallas couldnt identify something that intensified the uneasy feelings shed had for the last six months More and more she felt like she was living with a stranger Doesnt twenty years of marriage mean a thing to you Bart Dallas asked At last Bart decided to acknowledge her presence He let his gaze drop to her slender ankles and work its way up to her face His hazel eyes were cold and his mouth was set in a thin line I fail to see twenty years of marriage as an excuse for you to run around dressed like a cheap tramp Dallas he said Im not dressed like a tramp Dallas wore a white lace teddy she bought especially for the occasion It was about as successful as the fancy dinner she cooked and Bart barely touched Another mistake obviously she decided My whole life seems to be a mistake lately She sighed I wanted you to make love to me Thats all Nothing else works I thought this was worth a try Barts silence and the unyielding intensity of his gaze made Dallas look away again She stared past him out the sliding glass patio doors where a crescent moon floated on the horizon It washed the night with pale light and made it look as cold and empty as Dallas felt I will make love to you when I want to Bart finally said Do you understand And if I never want to again that part of your life will be over Whether you like it or not Dallas swallowed hard bit her lip and fought back the tears of resignation and defeat that gathered on her lower lids If there was anything her husband hated worse than emotional scenes it was tears You are no different from any other tramp in the world are you Dallas Always willing to get some poor slob to do what you want him to do Then when he does you turn on him You all turn on him Barts

words and the vehemence behind them dried Dallass tears up before they had a chance to spill over What in Gods name is he talking about now Dallas wondered Not for the first time in her dealings with Bart lately had she tried to label uneasiness that crossed the line and became somet Out of the Shadows Gene D. Brad Schwartz, 2025-09-23 On the evening of October 30 1938 radio listeners across the United States heard a startling report of a meteor strike in the New Jersey countryside With sirens blaring in the background announcers in the field described mysterious creatures terrifying war machines and thick clouds of poison gas moving toward New York City As the invading force approached Manhattan some listeners sat transfixed while others ran to alert neighbors or to call the police Some even fled their homes But the hair raising broadcast was not a real news bulletin it was Orson Welles s adaptation of the H G Wells classic The War of the Worlds In Broadcast Hysteria A Brad Schwartz boldly retells the story of Welles s famed radio play and its impact Did it really spawn a wave of mass hysteria as The New York Times reported Schwartz is the first to examine the hundreds of letters sent to Orson Welles himself in the days after the broadcast and his findings challenge the conventional wisdom Few listeners believed an actual attack was under way But even so Schwartz shows that Welles s broadcast became a major scandal prompting a different kind of mass panic as Americans debated the bewitching power of the radio and the country's vulnerability in a time of crisis When the debate was over American broadcasting had changed for good but not for the better As Schwartz tells this story we observe how an atmosphere of natural disaster and impending war permitted broadcasters to create shared live national experiences for the first time We follow Orson Welles s rise to fame and watch his manic energy and artistic genius at work in the play's hurried yet innovative production And we trace the present day popularity of fake news back to its source in Welles s show and its many imitators Schwartz s original research gifted storytelling and thoughtful analysis make Broadcast Hysteria a groundbreaking new look at a crucial but little understood episode in American history The Chinatown Death Cloud Peril Paul Malmont, 2006-06-01 The Chinatown Death Cloud Peril is a thrilling debut novel that casts the rivalry between two of pulp fiction s most revered writers into its own saga which bursts from the pages with blood cruelty fear mystery vengeance courageous heroes evil villains dames in distress secret identities disguises global schemes hideous deaths beautiful psychics superweapons cliff hanging escapes and other outrageous pulp lies that are all completely true Return to 1937 when America is turning to the pulps for relief from the Depression and meet Walter Gibson the mind behind The Shadow and his rival for the top selling spot on the nation s newsstands Lester Dent creator of Doc Savage The murder of Gibson's friend H P Lovecraft victim of a mysterious death that literally makes the skin crawl is about to bring these two writers face to face with a peril sprung from the pulps The Chinatown Death Cloud Peril is at once a valentine to an old fashioned genre as well as a modern meta literary examination

of the classic hero pulp From the palaces and battlefields of warlord plagued China to the seedy waterfronts of Providence Rhode Island from frozen seas and cursed islands to the dizzying and labyrinthine alleys and tunnels of lower Manhattan Dent and Gibson joined by the young pulp writer L Ron Hubbard and a host of colorful characters finally step out from behind the shadows of their creations to take part in a heroic journey far greater than any story they have imagined as they race to stop a madman destined to create a new empire born of and based in pure gaseous evil The Chinatown Death Cloud Peril is a swashbuckling romantic tale of writers and writing magic and love marriage and fatherhood and ambition and loss that weaves the true lives of its real life characters into a fictional epic The Publishers Weekly ,1910 **Shadows** William Sharpe, 2017 Grasping Shadows offers the most thorough examination of the cultural uses of shadows Exploring a myriad of major literary and artistic evocations of shadows Grasping Shadows puts forth a unifying theory for how shadows function and how they transformed our relationship to darkness and light The Encyclopedia of **Superheroes on Film and Television, 2d ed.** John Kenneth Muir, 2008-08-21 It s a bird It s a plane It s a complete guide to over 50 years of superheroes on screen This expanded and updated edition of the 2004 award winning encyclopedia covers important developments in the popular genre adds new shows such as Heroes and Zoom includes the latest films featuring icons like Superman Spiderman and Batman and covers even more types of superheroes Each entry includes a detailed history cast and credits episode and film descriptions critical commentaries and data on arch villains gadgets comic book origins and super powers while placing each production into its historical context Appendices list common superhero conventions and cliches incarnations memorable ad lines and the best worst and most influential productions from 1951 to **Encyclopedia of American Film Serials** Geoff Mayer, 2017-02-07 From their heyday in the 1910s to their 2008 lingering demise in the 1950s American film serials delivered excitement in weekly installments for millions of moviegoers despite minuscule budgets nearly impossible shooting schedules and the disdain of critics Early heroines like Pearl White Helen Holmes and Ruth Roland broke gender barriers and ruled the screen Through both world wars such serials as Spy Smasher and Batman were vehicles for propaganda Smash hits like Flash Gordon and The Lone Ranger demonstrated the enduring mass appeal of the genre Providing insight into early 20th century American culture this book analyzes four decades of productions from Pathe Universal Mascot and Columbia and all 66 Republic serials **Superheroes!** Brian Solomon, 2023-05-01 Superheroes is the ultimate reference book about the men and women in tights who fight for what s right and the comic book phenomenon that conquered the world From their origins in stories created by barely grown men during an era of global war and printed on cheap paper for consumption by children superheroes have grown into a popular culture whirlwind that has attracted millions of fans and crossed over into every form of media Encompassing early coming books indie outliers and the mammoth fictional universes managed by DC and Marvel Superheroes chronicles the rise of a distinctly American invention the modern day evolution of the myths and legends of old Superman Batman Spider Man Iron

Man Wonder Woman the Flash Captain America X Men the Justice League and the Avengers they all represent our greatest hopes and sometimes our darkest fantasies Pop culture expert Brian Solomon tells a story that goes from the Golden Silver and Bronze Ages of comic book history right up to the Modern Age of multimillion dollar Hollywood movies and beyond Perhaps no fictional genre has endured and blossomed over the past eighty years the way superheroes have Learn all about the creators who have brought them to life artists like Jack Kirby and Jim Lee writers like Stan Lee and Alan Moore actors like Christopher Reeve and Robert Downey Jr and directors like Tim Burton and Joss Whedon They re all here in all their high flying eye zapping goon punching glory Up up and away Evening Street Review Number 21 Barbara Bergmann, Gordon Grigsby, 2019-04-01 Time Briton Hadden, 1938
