Mediated Intimacy Meg-John Barker, Rosalind Gill, Laura Harvey, 2018-02-27 Mediated Intimacy looks at contemporary sex and relationship advice exploring how our intimate lives are shaped through different media from manuals and magazines to television and Twitter By exploring how intimacy is constructed through different media texts the authors consider which ideas and practices these changing forms of expertise open up and which they close down The book reveals the intimate operation of power in mediated advice how words and images stories and sound can work to shore up social injustice It critically engages with the ideas of choice and responsibility in sex self-help arguing that these can obscure and or

justify oppression even if they're sometimes experienced as empowering and/or pleasurable. This bold and incisive book provides a radical challenge to the assumptions underlying the sex advice industry and presents a critical, collaborative and consensual vision for sex advice of the future.

Self-Esteem as a Factor in Sex Scott Lobato, 2014-11-25 While evolutionary theory would have us believe that sex is a biological drive to continue the gene pool, I suggest our drive for sex is to meet our need for esteem. Good sex flows from a healthy self-esteem. As an expression of self-esteem, sex is necessary so we can feel valued, worthy and desirable, making sex an esteem enhancer. A healthy self-esteem is developed by looking at and exploring issues that make up our personality. This book presents a holistic integration of emotional desire, intimacy and intellectual stimulation that entails developing respect, courtesy, listening and seeing ourself. If we cannot acknowledge self, how can we acknowledge the other? This book may appeal to those who are clamoring for something on a deep emotional level.
