MRCOG Part 2: Short Answer Questions Euan Kevelighan, Jeremy Gasson, Makiya Ashraf, 2020-10-14 Get Through MRCOG Part 2 Short Answer Questions is an essential revision guide for candidates preparing for the MRCOG Part 2 exam. This comprehensive collection of practice Short Answer Questions (SAQs) is designed to help candidates test and assess their own knowledge, aiding thorough preparation for the exam. The book opens with an introduction to the exam and includes advice on how to prepare for it, information on what to expect, and guidance on how to write excellent answers. This is followed by two sections: the first provides a wide range of SAQs divided into obstetric and gynaecological topics, and the second presents six practice exams set out in the format of the actual exam. For each question, the authors highlight the key words in the question, followed by a brief essay plan, and then give a worked example answer. The specimen answers indicate how many marks the candidate would obtain for each point made and are supplemented with valuable extra information and further reading to enhance understanding and aid further revision. [SBA Questions for the Part 2 MRCOG](#) Amanda Jones, 2015-02-26 SBA Questions for the Part 2 MRCOG contains two hundred practice single best answer questions and explanations accredited by RCOG. **Demonstrating Your Competence in Reproductive Health** Julian Jenkins, 2005 APPRAISAL AND REVALIDATION SERIES The Appraisal and Revalidation Series helps doctors demonstrate their competence to the standard expected by the General Medical Council and to the standard expected if they are recognised as having special clinical interests. It helps doctors gather evidence of their performance for appraisal and revalidation portfolios. Revalidation will change the emphasis of regulation of doctors with an interest in reproductive medicine away from the qualifications of MRCOG or DRCOG towards regular assessment of a doctor's competence to practise, and it will be incumbent upon the individual doctors, whether in training or in substantive posts in primary or secondary care, to reflect on their work and to demonstrate expertise within their special clinical interests. This book will help to alleviate anxieties by removing the fear of the unknown through a series of concise chapters covering the crucial clinical areas in reproductive healthcare. I commend the excellent practical advice on how to accumulate revalidation data by using practical examples based on cycles of evidence. I envisage that many of us involved in the care of women will refer to this book time and time again. It is an excellent contribution that will help doctors immensely in their preparation for the requirements of revalidation on all aspects of reproductive health. It should also enable human resource managers to verify the qualifications of potential employees. [British Qualifications](#) Kogan Page Staff, 1999 Timed to coincide with the ICC Cricket World Cup 2003 in South Africa, this book begins with an account of the 2003 final in Johannesburg.
