Throughout, Jane provides commentary on her daughter's behaviour and the impact it has on her family, explaining the why of PDA traits including the need for control, meltdowns, obsessive behaviour and sensory issues. She reveals the strategies that have worked for Mollie and provides essential advice and information on obtaining a diagnosis and raising awareness of PDA. The book also includes an interview with Mollie, full of advice and support and with a focus on understanding the child and how he or she sees the world.
