Everything Is Useful Garth J. Hallett, 2023-05-25 A spiritual quest typically begins with a critical shock or loss one that casts us back upon ourselves to question the meaning of life Should our suffering affect us deeply enough it will plummet us into our hearts where the hidden treasures of life are to be found Should we happen to fully let go we will let go into what IS and thus adversity and pain fulfill their natural roles From that point onward our emphasis and priorities change But discovering our truth and living by it are entirely different things Obstacles frequently beset our path some without the greater part within Everything is Useful identifies such obstacles It offers strategies for overcoming them by seeing them as what they are cosmic strength building exercises that empower us to learn to grow and ultimately to transcend for like the pain that sparked our quest the obstacles in our way double as a means to enlightenment

Learning Through Dialogue Kenneth Paul Kramer, 2013-04-08 Educational practice today often fails to make the crucial distinction between learning as an accumulation of information and learning as a dialogical interaction that elicits one s personal response to the material Learning Through Dialogue offers an alternative approach to teaching and learning which utilizes Martin Buber s dialogical principles turning toward addressing affirmatively listening attentively and responding responsibly The book first presents Buber s educational theory and method and second presents specific examples of how Buber s dialogical philosophy can be

applied in the classroom Rather than imposing one's own views this approach enables teachers and students to develop course content in uniquely appropriate ways If you are a teacher a student an educator at any level or anyone interested in furthering his or her ability to engage more meaningfully with the educational process this book will challenge you with fresh perspectives

Exploring the Spirituality of the World Religions Duncan S. Ferguson, 2010-06-25 This book is an insightful guide to the diverse ways that religious faith is practiced and spirituality is understood Discussing contemporary issues such as post modernism and the emergence of a new paradigm the new realities of geopolitics globalization and global warming this book explores the importance of religion in people's lives to provide direction in the society today This book demonstrates the common quest among the world religions for a deeper and more profound spirituality Describing the spiritual pathways of the various world religions it assesses the ways that the beliefs values and practices of these traditions can be life giving leading to personal and social responsibility and transformation but also sometimes harmful and divisive even used for dangerous purposes Promoting constructive engagements between the world's religions this book will connect social justice and ethical engagements with core religious practices and spiritualities This is an ideal introductory text for students of world religions spirituality and interfaith relations broadening their understanding of these lived faiths 7

Paths to God Joan Z. Borysenko, 1999-01-08 Just as many rivers lead to the sea there are many paths to God Each of the seven primary energy centers of the human body the chakras corresponds to a specific path In this book Joan Borysenko tells you how a mystical moment can strike at any time when you are fully present in the moment when looking at a beautiful full moon a sunset walking in nature or looking into the eyes of a child When you are fully present in the moment you will be filled with a sense of awe and beauty and feel fully connected with the universe This book outlines the 7 paths complete with spiritual exercises giving the reader a sense of the most fruitful direction for their journey You will learn that you don't have to go to Nepal or go climb a mountain to have a mystical moment but in learning how to be fully present in your everyday life you will find that mystical moments can be found in the mundane the ordinary or also in the extraordinary
