Capitalism vs. Freedom Rob Larson, 2018-06-29 For years we ve been taught that capitalism is good for freedom Dominant right wing talk radio hosts to this day recommend libertarian classics like Hayek s Road to Serfdom and Friedman s Capitalism and Freedom that claim markets free us and this picture still dominates the schools and the political spectrum Well get bent one percent because Rob Larson s Capitalism vs Freedom The Toll Road to Serfdom puts big business under a microscope This book debunks the conservative classics while demonstrating that the marketplace has its own great centers of power which the libertarian tradition itself claims is a limit to freedom In fact Larson illustrates how capitalism fails both this and other concepts of human liberty not just failing to establish a right to a share of society s production but also leaving us subject to the great power plays of the one percent s corporate property *Mother of Invention* Robert I. Field, 2014 Underlying America s robust private health care industry is an indispensable partner that has guided and supported it for over half a century the government This book demonstrates how government initiatives created American health care as we know it today and places the Obama plan in its true historical and political context *Microeconomics* Paul Krugman, Robin Wells, 2012-04-20 Each year more and more students are being introduced to the fundamental principles of microeconomics via Paul Krugman s trusted voice and signature storytelling style This third edition of Krugman and Well s Microeconomics is their most accomplished yet extensively updated with new examples new case studies and new coverage **America's Free Market Myths** Joseph Shaanan, 2017-05-26 This book describes and refutes thirteen ideas involving free market principles
