Kligman, 2009 In *Maqam and Liturgy* author Mark L Kligman investigates the multidimensional interaction of music and text in Sabbath prayers of the Syrian Jews to trace how Arab and Jewish traditions have merged in this particular culture helping to illuminate a little known dimension of Jewish identity and Jewish Arab cultural interaction Though the process of adapting Arab music and aesthetics into a Jewish liturgical context dates back to the tenth century the perpetuation of two interconnected Middle Eastern cultures in America is a unique phenomenon *Maqam and Liturgy* brings the fascinating culture fusion of the Syrian Jews to the attention of a wider audience including scholars and teachers of Jewish studies Middle Eastern studies anthropology and ethnomusicology Book Jacket *The JPS Commentary on the Haggadah* Joseph Tabory, 2008-02-01 The Passover haggadah enjoys an unrivaled place in Jewish culture both religious and secular And of all the classic Jewish books the haggadah is the one most alive today Jews continue to rewrite revise and add to its text recasting it so that it remains relevant to their lives In this new volume in the JPS Commentary collection Joseph Tabory one of the world's leading authorities on the history of the haggadah traces the development of the seder and the haggadah through the ages The book features an extended introduction by Tabory the classic Hebrew haggadah text side by side with its English translation and Tabory's clear and insightful critical historical commentary *Israeli Judaism* Åelomo A. DeÅien, Charles Seymour Liebman, Moshe Shokeid, 1995-01-01 This is an unusual and extremely timely collective effort It appears at a moment in which Israelis not only must confront their Arab neighbors but must deal with one another as Jews possessing radically different views on the present and future of the Jewish tradition With this seventh volume of the series the Israeli Sociological Society has turned its attention to religion an area that for many years has been of high importance but low profile in Israeli affairs and in the wider Middle Eastern context Chapters and contributors include Jewish Civilization Approaches to Problems of Israeli Society by Shmuel N Eisenstadt Life Tradition and Book Tradition in the Development of Ultraorthodox Judaism by Menachem Friedman Religious Kibbutzim Judaism and Modernization by Aryei Fishman The

Religion of Elderly Oriental Jewish Women by Susan Sered and Hanukkah and the Myth of the Maccabees in Ideology and in Society by Eliezer Don Yehiya The increasing presence of religious activism in contemporary Israel side by side with subtle changes in the religion of Israeli Sephardim makes the topic of religion essential for an understanding of Israel and much of the Middle East generally Israeli Judaism is a significant work and will be of interest to theologians philosophers sociologists anthropologists and political theorists

Passover and Easter Paul F. Bradshaw, Lawrence A. Hoffman, 2000-02-15 Passover and Easter constitute for Jews and Christians respectively the most important festivals of the year Although sharing a common root the feasts have developed in quite distinct ways in the two traditions in part independently of one another and in part in reaction against the other Following the pattern set in earlier volumes in this series these two volumes bring together a group of distinguished Jewish and Christian scholars to explore the history of the two celebrations paying particular attention to similarities and connections between them as well as to differences and contrasts They not only present a convenient summary of current historical thought but also open up new perspectives on the evolution of these annual observances Volume 5 in the series focuses especially on the origins and early development of the feasts and on the way that established practices have changed in recent years Volume 6 also in the series focuses on the contexts in which they occur the periods of preparation for the feasts in the respective calendars and their connection to Shavuot Pentecost as well as to their traditional expression in art and music At the same time the essays raise some fundamental questions about the future Have modern human beings so lost the sense of sacred time in their lives for instance that these great feasts can never again be what they once were for former generations of believers And what about recent attempts by some Christians to enter into their heritage by celebrating a Jewish Seder as part of their annual Holy Week and Easter services Specialists and general readers alike will find much to interest and challenge them within these two additions

to what has become a highly regarded series in the world of liturgical scholarship **Jewish Liturgy** Ruth Langer,2015-03-06 How do Jews pray and why What do the prayers mean From where did this liturgy come and what challenges does it face today Such questions and many more spanning the centuries and continents have driven the study of Jewish liturgy But just as the liturgy has changed over time so too have the questions asked the people asking them and the methods used to address them Jewish Liturgy A Guide to Research enables the reader to access the rich bibliography now available in English In this volume Ruth Langer an expert on Jewish liturgy provides an annotated description of the most important books and articles on topics ranging historically from the liturgy of the Second Temple period and the Dead Sea Scrolls to today addressing the synagogue itself and those gathered in it the daily weekly and festival liturgies and their components home rituals and the life cycle as well as questions of liturgical performance and theology Introductions to every section orient the reader and provide necessary background Christians seeking to understand Jewish liturgy either that of Jesus and the early church or that of their Jewish contemporaries will find this volume invaluable It s also an important reference for anyone seeking to understand how Jews worship God and how that worship has evolved over time

Pesach for the Rest of Us Marge Piercy,2009-04-02 Every year poet and novelist Marge Piercy creates her own Passover seder with a group of family and friends Babies have been born and grown up friends have moved or divorced but the principals continue to gather in her rustic Cape Cod home to participate in a seder that Piercy takes joy in tweaking each spring to make it more meaningful In this journey through the ritual Piercy coaxes us toward a significant contemporary interpretation rather than an emphasis on what is strictly correct or traditional She reminisces about her grandmother who thought herself unworthy to lead a seder because of her limited Hebrew but presided morally at the table

she urges adding an orange to the seder plate she even describes her heroic efforts to make her own gefilte fish an experiment not to be repeated Piercy offers her distinct slant on each element of the feast and provides dozens of her own wonderful recipes which she delivers in the same warm commanding voice as is heard in her poems and prose When I told Ira that I was going to explain how to cook matzoh brei he thought I was crazy Everybody knows how to make matzoh brei he said But I am of the opinion that there is no longer anything that everybody knows how to cook It is in that spirit no question too simple that Piercy welcomes readers to her kind of seder a homemade and personal affair the kind we all wish we could attend This charming and instructive book of Passover wisdom brimming with favorite dishes and Marge Piercy s own moving Passover poems and blessings invites us to look at an important Jewish ritual in a whole new way The Lord's Supper in the Reformed Church in America Christopher Dorn,2007 In The Lord's Supper in the Reformed Church in America Tradition in Transformation Christopher Dorn eloquently narrates the evolution that the celebration of the Lord's Supper has undergone in the Reformed Church in America RCA Building on the work of scholars who have chronicled this history in the period spanning the sixteenth through the nineteenth centuries Dorn extends the narrative into the twentieth century He shows how the liturgical and ecumenical movements in this century created a climate in the RCA for liturgical research and reform a climate that stimulated its leaders to reflect seriously on the formulation of its liturgy and their understanding of its use In the last two chapters he convincingly demonstrates how this process led to a reconception of the nature and meaning of the celebration of the Lord's Supper

Models and Mirrors Don Handelman,1998 Ritual is one of the most discussed cultural practices yet its treatment in anthropological terms has been seriously limited characterized by a host of narrow conceptual distinctions One major reason for this situation has been the prevalence of positivist anthropologies that have viewed and summarized ritual occasions first and foremost in terms of their declared and assumed functions By contrast this book which has become a classic investigates them as epistemological phenomena in their own right Comparing public events a domain which includes ritual and related occasions the author argues that any public event must first be comprehended through the logic of its design It is the logic of organization of an occasion which establishes in large measure what that occasion is able to do in relation to the world within which it is created and practiced *Jews of Brooklyn* Ilana Abramovitch,Seán Galvin,2002 Over 40 historians folklorists and ordinary Brooklyn Jews present a vivid living record of this astonishing cultural heritage 150 illustrations Map

Mother of the Wire Fence Karl Andrews Plank,1994-01-01 Questions whether or not someone who did not experience the Holocaust can really understand it *Encyclopedia of Jewish Folklore and Traditions* Raphael Patai,2015-03-26 This multicultural reference work on Jewish folklore legends customs and other elements of folklife is the first of its kind

The Freudian Exodus: Psychoanalysis and the Mosaic Legacy Andrew Barnaby,2024-11-11 The Freudian Exodus redefines the traumatic experience that Freud argued was the origin of Judaic monotheism the murder of Moses Focusing instead on the Babylonian Exile the study explores a series of topics understood

as the aftershocks of that cultural trauma Among these are the nature of anti-Semitism Christianity's vexed relationship to Judaism the fantasmatic status of subjectivity the cultural function of Torah and Freud's escape at the end of his life from Nazi controlled Austria The in depth analysis of these topics aims for a new understanding of psychoanalysis conceived more as a philosophy than as a mode of therapy *Encyclopedia of Modern Jewish Culture* Glenda Abramson,2004-03 The Companion to Jewish Culture From the Eighteenth Century to the Present was first published in 1989 It is a single volume encyclopedia containing biographical and topic entries ranging from 200 to 1000 word each **We are Few** Annette B. Fromm,2008-01-01 The Jewish community of Ioannina in Northwestern Greece traces its roots to Byzantine times if not earlier In the early 20th century at least half of the community's population emigrated to settle in Athens Israel and the United States because of economic and religious reasons The cataclysm of the Holocaust dramatically decimated the community This steady outward movement created an abrupt rupture of their patterns of traditional culture *We are Few* brings this unique community to life in a series of ethnographic sketches of history and traditional culture in order to understand its intense allegiance to ethnic identity Dr Annette Fromm explores the decreasing inventory of cultural traditions from the patterns of daily life to the rituals and customs associated with life cycle events and holiday celebrations Through the periodic return of individuals associated with the Jews of Ioannina pilgrims a new avenue of the expression of ethnic identity has been created These visits reassure residents that the Jewish community of Ioannina still exists no matter how dispersed This study is useful for graduate level students and researchers of Anthropology and Jewish Studies
