

The background is a classical religious painting. It depicts St. Paul, identifiable by a halo, wearing a green tunic and a red cloak. He is shown from the waist up, gesturing with both hands raised towards a group of people. The setting appears to be an interior with architectural elements like columns and arches. In the lower right, the heads and shoulders of several listeners are visible, looking towards Paul. The overall style is reminiscent of Renaissance or Baroque religious art.

B. A. Asiedu,2019-11-20 Paul the apostle and historian Flavius Josephus spent considerable parts of their careers away from Jerusalem They cultivated Roman audiences under very different circumstances Paul with his Letter to the Romans and Josephus with the writings he produced in Rome after the Jewish War Curiously Paul s last visit to Jerusalem coincided with Josephus s entry into public life a period about which Josephus is deliberately silent In Paul and His Letters Thinking with Josephus F B A Asiedu selects themes from Josephus s life to explore Paul s letters and biography that contribute to his uniqueness in Jewish history He highlights for example the need to read Romans 9 11 as aporetic discourse to appreciate Paul as an existential thinker Asiedu considers among other things the authenticity of Paul s letters and offers an alternative

to the prevailing scholarly consensus He also maintains that the Pauline collection in the New Testament first took shape in the house of Gaius in Corinth where Paul composed his Letter to the Romans Asiedu also suggests that the traditional view that Luke the physician wrote the Acts of the Apostles is probably a mistake He argues that Titus the Greek the coworker and friend of Barnabas and Paul most likely authored it *The Book of Acts* C. Peter Wagner,2008-06-02 Experience Pentecost Look on as 130 converts shake a city Meet Paul Go with him as he plants the first Gentile church Extend the kingdom s power and see the enemy upset Walk with Paul as he travels to Corinth Antioch Ephesus and beyond For those desiring to be a part of God s action in their churches their communities and throughout the world there is nothing that will help more than thoroughly understanding the book of Acts and applying what we can learn from it Acts was designed to be God s training manual for Christians It worked in the early church and it works in the postmodern world The reader s study of Acts in The Book of Acts will bring new intimacy with the Spirit and new joy in doing His will *Induction and Example* C. T. Johnson,2022-08-11 Very little work has been done on the function of example as a rhetorical induction in the New Testament This lacuna in scholarship is particularly striking given Paul s personal rhetorical examples in his Letter to the Galatians In Induction and Example C T Johnson therefore addresses a much needed area of Pauline research Johnson first constructs a methodology to assist readers in interpreting and identifying Aristotle s induction and the rhetorical example and then using this methodology he focuses on Paul s personal and rhetorical examples to get at the truth of the gospel in the letter to the Galatians The monograph defines and describes two aspects of induction observation and experience and how they function in the biblical text especially how individuals arrive at their inductive conclusions Further still Johnson describes how the various types of example historical recent personal and analogical are used as rhetorical devices to persuade a person or community to embrace or reject a particular position in the future Induction and Example is essential reading not only for scholars and students of New Testament rhetoric but also for anyone interested in the ways in which the apostle Paul communicated personally and persuasively to the early churches under his influence *Slave of Christ* Murray J. Harris,2001-05-29 Exploring what it means to be a slave of Christ Murray J Harris assesses the nature of slavery in the Greco Roman world in this New Studies in Biblical Theology volume He describes the New Testament s attitude toward slavery and discusses related topics like spiritual freedom lordship ownership and privilege **The Handbook for Spiritual Warfare** Ed Murphy,2022-02-01 Your guide to understanding all dimensions of spiritual warfare The Handbook for Spiritual Warfare is the most thorough treatment available of biblical and theological foundations and practical concerns for spiritual warfare Further revised and updated for the 21st century THE BOOK Equips leaders and mature believers Comprehensive coverage of all 3 dimensions of spiritual conflict the World the Flesh and the Devil Endorsed by Frank Peretti Dr C Peter Wagner and others **The Heart Set Free** Kim Paffenroth,2005-05-10 A theological and literary reflection on sin and redemption using the New Testament Augustine Dante and Flannery O Connor *Tertullian and Paul* Todd D.

Still, David E. Wilhite, 2012-12-20 How might late second early third century readings of Paul illuminate our understanding of the first century texts A close comparison of Tertullian and Paul reveals the former to be both a dubious and a profoundly insightful interpreter of the latter With growing interest in the field of patristic exegesis there is a need for examination of Tertullian's readings of Paul Tertullian the first among the significant Latin writers shaped generations of Christians by providing both a vocabulary for and an exposition of elemental Christian doctrines wherein he relied heavily on Pauline texts and appropriated them for his own use This new collection of essays presents a collaborative attempt to understand critique and appreciate one of the earliest and most influential interpreters of Paul and thereby better understand and appreciate both the dynamic event of early patristic exegesis and the Pauline texts themselves Each chapter takes a two pronged approach beginning with a patristic scholar considering the topic at hand before a New Testament response This results in a fast paced and illuminating interdisciplinary volume

Paul and His Letters John B. Polhill, 1999 Except for Christ himself no figure has been more influential in the history of Christianity than the apostle Paul And yet his remarkable life remains shrouded in mystery In this probing new book John B Polhill scrapes away the myths about this great man and uncovers the truth of his life and thought Using Acts the Pauline epistles and reliable traditions from non canonical sources Polhill weaves together the remarkable story of Paul's transformation from persecutor to persecuted producing a dynamic account of his entire ministry By placing each of Paul's letters in its proper historical context Polhill brings new light to these foundation stones of the Christian faith He follows Paul from his early years in Tarsus and Jerusalem to his imprisonment and eventual martyrdom painting a detailed comprehensive portrait of Paul that will serve as an indispensable resource for students teachers and pastors alike
