Moodle 2 for Teaching 7-14 Year Olds Beginner's Guide Mary Cooch, 2012-01-01 This book is part of Packt's Beginner's Guide series. Written in a friendly tone, the book starts at the very beginning with a blank Moodle page and you are taken step by step through the most useful features of Moodle, helped with many illustrative screenshots. This book is for regular non-technical teachers of pre-teen or early teenage children. It assumes no prior knowledge of Moodle and no particular expertise on the web. Classroom assistants may also find this book a very useful resource. We will assume that you have an installation of Moodle managed by somebody else, so you are responsible only for creating and delivering course content. I-mode

Field Trips Kathleen Carroll, 2014-10-14 The world is filled with educational possibilities; use it! This valuable resource explores every aspect of field trips, including their foundation in caring and curiosity, how leaders can establish and achieve sound learning goals, and how to avoid the headaches that too often accompany dozens of children and chaperones unleashed in a new environment. Properly organized, a field trip can provide students with opportunities to develop lifelong learning skills, increase personal responsibility, work cooperatively with others, and expand their worldviews. And field trips need not be full-day affairs; to be valuable, even a short trip can provide a much richer learning experience than can be found through standard in-class instruction and serve as a welcome break from the weekday routine. A Guide to Great Field Trips outlines more than 200 ideas for valuable trips within the school, around the building and playground, and through the local neighborhood. It even offers ideas for virtual field trips on the Web. Readers can find tips on handling dozens of logistical issues related to field trips, including safety, transportation, permissions, fundraisers, grants, chaperones, meals, and more.
