provide linguistic material with which to study dubbing the most widespread translation modality in Spain In an analysis of this nature Tarantino s films offer an interesting opportunity from a social perspective because of the exceptional number of insults they contain 1526 insults have been recorded classified and analysed in the preparation for this book The magnitude of this figure is evidence of Tarantino s constant use of swearwords regardless of what his audiences might think and whether or not they might sometimes prefer not to hear such a steady stream of foul language Furthermore his popularity has been achieved precisely because he refuses to allow distribution companies to alter his dialogues in any way or modify the violence of his scenes making Tarantino s films of particular interest to the reader **The Critic** Jeannette Leonard
