Mijn Weg Tot Historie:

De hand van Huizinga Johan Huizinga, 2009 Dertien artikelen en vier oraties van de beroemde historicus Johan Huizinga 1872-1945 The Works and Times of Johan Huizinga (1872-1945) Thor Rydin, 2025-10-01 The lifetime of Johan Huizinga 1872-1945 was marked by dramatic transformations in Europe Cityscapes aesthetic codes social orders political cultures international travel and means of warfare developed beyond recognition entire catalogues of hopes and fears were torn asunder and replaced by new ones during not one but two wars Amidst all these changes Huizinga grew to become one of the most famous historians of his time To this day his works are treated as monuments in the cultural historical field This book examines how these transformations and experiences of loss affected and informed Huizinga's historical perspectives Most centrally this book contends that Huizinga's historical works helped to accommodate and give meaning to his own experiences of uncertainty and rupture thus offering him a way of life in turbulent times This project offers an original and comprehensive analysis of an iconic historian writing in the age of collapse Acta Historiae Neerlandica [Anonymus AC02717376], 1966 **Johan Huizinga 1872-1972** W.R.H. Koops, 2012-12-06 From 11 to 15 December 1972 a group of historians from many European countries assembled in Groningen to commemorate the centenary of Johan Huizinga's birth in that city on 7 December 1872 The conference was not intended simply as a tribute to the memory of a great historian but also as an attempt to assess the significance of his work for the present generation It was supported by generous grants from the Stichting oud studentenfonds van 1906 at Groningen the Groninger Universiteitsfonds and the Ministry of Education and Science We are pleased to be able to publish all the papers read at the conference together with Dr Jansonius's study of Huizinga's style written for another occasion The material is presented in a roughly chronological order The first three papers which examine Huizinga's intellectual and literary points of departure are followed by another three dealing with The Waning of the Middle Ages A special paper is devoted to Huizinga's Erasmian studies The next three authors investigate the problems which preoccupied Huizinga during the 1930s Three final papers examine general aspects of his work *Rereading Huizinga* Peter Arnade, Martha Howell, Anton Lem, 2025-10-01 *Rereading Huizinga* Autumn of the Middle Ages a Century Later explores the legacy and historiographical impact of Johan Huizinga's 1919 masterwork a century after its publication Often considered one of the most successful books in medieval European history its reception has varied over the last hundred years popular with non academic readers and appraised more critically by fellow historians and those more generally in the field of medieval studies There is broad consensus however about the work's absolute centrality and the authors of this volume assess the Autumn of the Middle Ages reception afterlife and continued vitality *Encyclopedia of Historians and Historical Writing* Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing

to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate. Additionally, the Encyclopedia includes some 200 essays treating the development of national, regional and topical historiographies from the Ancient Near East to the history of sexuality. In addition to the Western tradition, it includes substantial assessments of African, Asian and Latin American historians and debates on gender and subaltern studies.

Meaning and Representation in History Jörn Rüsen, 2006-08-01 History has always been more than just the past. It involves a relationship between past and present perceived on the one hand as a temporal chain of events and on the other symbolically as an interpretation that gives meaning to these events through varying cultural orientations, charging it with norms and values, hopes and fears. And it is memory that links the present to the past and therefore has to be seen as the most fundamental procedure of the human mind that constitutes history. Memory and historical thinking are the door of the human mind to experience. At the same time, it transforms the past into a meaningful and sense-bearing part of the present and beyond. It is these complex interrelationships that are the focus of the contributors to this volume, among them such distinguished scholars as Paul Ricoeur, Johan Galtung, Eberhard Lämmert and James E. Young. Full of profound insights into human society past and present, it is a book that not only historians but also philosophers and social scientists should engage with.

Biography Between Structure and Agency Volker Berghahn, Simone Lässig, 2008-09-01 While bookstore shelves around the world have never ceased to display best-selling life and letters biographies in prominent positions, the genre became less popular among academic historians during the Cold War decades. Their main concern then was with political and socioeconomic structures, institutions and organizations or more recently with the daily lives of ordinary people and small communities. The contributors to this volume, all well-known senior historians, offer self-critical reflections on problems they encountered when writing biographies themselves. Some of them also deal with topics specific to Central Europe such as the challenges of writing about the lives of both victims and perpetrators. Although the volume concentrates on European historiography, its strong methodological and conceptual focus will be of great interest to non-European historians wrestling with the old structure versus agency question in their own work. Contributors: Volker R. Berghahn, Hartmut Berghoff, Hilary Earl, Jan Eckel, Willem Frijhoff, Ian Kershaw, Simone Lässig, Karl Heinrich Pohl, John C. G. Rühl, Angelika Schaser, Joachim Radkau, Cornelia Rauh, Katharina Mark Roseman, Christoph Strupp and Michael Wildt.

Reading Huizinga Willem Otterspeer, 2010 Summary This study by the renowned Dutch scholar Willem Otterspeer shows the same hallmark passion with which Huizinga immersed himself in history. For Huizinga, philology was the mother of all interpretative endeavour, the master skill from which all branches of humanities originate and to which they all ultimately return. Reading and writing were both part of a collective ritual that channeled human passion into beautiful forms, while passion and how to master it remained the fundamental fact of human life. Throughout this analysis of Huizinga's oeuvre, Otterspeer remains faithful to his main philosophical tenets in which contrast and harmony, memory and desire are the warp

and weft of his work And again this is precisely what Otterspeer does Reading and writing passion and detachment method and mysticism are here combined in a way that would have delighted Huizinga himself This book is the English translation of the original Dutch edition Orde en trouw 2006 **Geschiedenis en nostalgie** P. B. M. Blaas,2000 **Nicolaas van Wijk (1880-1941)** Jan Paul Hinrichs,2006-01-01 Nicolaas van Wijk 1880 1941 was the founder of Slavic studies in the Netherlands and one of the greatest Slavists in general This book describes for the first time how a scholar of the Dutch language whose etymological dictionary of the Dutch language is still considered the best of its kind was appointed in 1913 to the newly created Chair in Slavic languages at Leiden University and built up a tremendous reputation for himself in Eastern Europe Van Wijk s relations with his famous teacher the linguist C C Uhlenbeck are followed attentively as is his postgraduate apprenticeship in Leipzig 1902 1903 where he followed August Leskien s lectures in Slavic studies Attention is also paid to the various aspects of Van Wijk s enormous oeuvre covering the whole field of Slavic studies and of phonology of which he was one of the pioneers Van Wijk did not however follow the lines approved for the social conduct of a Leiden professor and was at one time suspected by the police of communist activities His commitment to materially helping all he could from an Eastern Europe torn apart by the First World War and its aftermath was exceptional His fascination with all things Russian is a background theme that played throughout his life and even at his death son of a Dutch Reformed minister the bachelor Van Wijk was buried in a grave surmounted by a Russian Orthodox cross beside his Russian foster son who died young This book is of interest to Slavists linguists and cultural historians *History and Theory* ,1961 Balans en perspectief van de Nederlandse cultuurgeschiedenis Rik Sanders,1991 **De verleiding van de overvloed** ,2023-12-11

design and simulation of harmonic filter using matlab software - Dec 04 2022

web for filter design and analysis matlab simulink is used shunt active power filter sapf has been proposed as an effective tool to compensate reactive power and

design and simulation of harmonic filters using matlab - Feb 23 2022

web the selected domestic load is simulated using matlab software simulation and design of passive filter is presented in matlab for harmonic mitigation results of the same are

solution convection heat transfer jiji 2023 - Dec 27 2021

web jul 31 2023 right here we have countless books solution convection heat transfer jiji and collections to check out we additionally allow variant types and with type of the
