Merchants Temple Franciss Against Corruption:

Opus Gareth Gore, 2024-10 A thrilling expos recounting how members of Opus Dei a secretive ultra conservative Catholic sect pushed its radical agenda within the Church and around the globe using billions of dollars siphoned from one of the world's largest banks For over half a century Banco Popular was one of the most profitable banks in the world until one day in 2017 when the Spanish bank suddenly collapsed overnight When investigative journalist Gareth Gore was dispatched to report on the story he expected to find yet another case of unbridled capitalist ambition gone wrong Instead he uncovered decades of deception that hid one of the most brazen cases of corporate pillaging in history perpetrated by a group of men sworn to celibacy and self flagellation who had secretly controlled Popular and abused their positions there to help spread Opus Dei to every corner of the world Drawing on unparalleled access to bank records insider accounts and exclusive interviews with whistle blowers from within Opus Dei Gore reveals how money from the bank was used to lure unsuspecting recruits some of them only children into a life of servitude He also tracks the ascent of Opus Dei within the United States exposing its role in bankrolling many right wing causes including the Supreme Court's overturning of *Roe v Wade* In an era of disinformation and deep fakes here is a real life conspiracy which hid in plain sight for more than sixty years Gore tells a shocking story of money and power that spans decades and continents Documenting Opus Dei's secret history for the first time this thrilling work of investigative storytelling raises important questions about the dark forces that shape our society

Struck Down, Not Destroyed Colleen Dulle, 2025-08-12 A bold inspiring call not to lose spiritual hope from a Vatican reporter who has seen the Catholic Church's darkness and has learned that it cannot overpower the light A compelling fortifying read for anyone who is grappling with the fallen side of the church Abigail Favale author of *The Genesis of Gender* For too many Catholics the darkness of creeping doubt of drifting out into the spiritual cold of God's absence is felt not outside the church but within it With each of the church's moral failures the sexual abuse systematic mistreatment of women shady financial management its cozy relationships with corrupt political power people lose faith or they wonder if they can in good conscience remain part of the church at all For Catholic journalists who report on the church's failures in detail the struggle to keep the faith can feel like an intolerable cognitive dissonance In *Struck Down Not Destroyed* Vatican reporter for *America* magazine Colleen Dulle takes readers for the first time into her own experience of reporting how the church has put her own faith into crisis and how she has managed to stay Catholic by meeting again and again the spiritual reality at the heart of the church God and the saints With each chapter Dulle revisits her reporting on a church crisis revealing to readers that in every instance of anger betrayal and hurt she was ultimately renewed in hope courage and resolve Recounting efforts to pray honestly and finding herself yelling at God attending Mass at churches where she was treated like the wrong kind of Catholic or learning that one of her spiritual heroes was a sexual abuser Dulle offers readers the gift of solidarity they are not alone and there is hope At the times when the church seemed merely human just an institution for power and politicking

Dulle found herself spiritually upheld by difficult prayer other faithful Catholics fellow reporters faithful priests and ultimately the Holy Spirit Dulle holds out this same promise for readers She provides no easy solutions nor does she pretend to resolve the feelings of dissonance instead she passes on the courage she received with a vivid reminder that the church's faith is still worth believing in and fighting for The Keys and the Kingdom Catherine Pepinster, 2017-11-16 Catherine Pepinster charts the relationship between the British and the papacy in the modern era looking at how this relationship is coloured by its turbulent past Despite the enmity of previous centuries Pepinster uncovers surprising instances of influence of the papacy in British politics the collaboration between Pope and politicians on key issues the stealth minority of Catholics occupying major positions in public life and the modern relationship between the Papacy and the Crown In addition Pepinster analyses the crucial role that Britain has played in Rome uncovers the unexpected role of the British Foreign Office in the appointment of Pope Francis and discusses the modern style of the papacy and how this functions on a global scale Featuring exclusive interviews with Cardinals Nichols and Murphy O Connor Rowan Williams Lord Patten and former British Ambassadors to both the Holy See and Italy this account of the contemporary relationship between Great Britain and the Pope offers both fundamental evidence and penetrating insights into this most fascinating of political relationships *Virtue in Global Governance* Jan Klabbers, 2022-08-11 Since rules legal ethical or otherwise cannot determine their own application they require persons of flesh and blood to interpret and apply them in concrete cases Presidents and prime ministers judges prosecutors mediators leaders of international organizations and even religious leaders and public intellectuals make decisions on how best to understand rules and how best to apply them It stands to reason that their character traits influence the sort of decisions they take This book provides the first systematic framework for discussing global governance in terms of the virtues and illustrates it with a number of detailed examples of concrete decision making in specific situations *Virtue in Global Governance* combines insights from law ethics and global governance studies in developing a unique approach to global governance and international law **A Poor and Merciful Church** Ilo, Stan Chu, 2018 This important text addresses three key questions which face modern Catholicism especially in Africa What is the ecclesiology of Pope Francis How does this ecclesiology meet the challenges facing the universal church in today's complex world And how can one translate the practices of this new approach into a theological aesthetics to meet the challenges and opportunities of the African social context **The Saint Makers** Joe Drape, 2020-12-01 Part biography of a wartime adventurer part detective story and part faith journey this intriguing book from a New York Times journalist and bestselling author takes us inside the modern day making of a saint *The Saint Makers* chronicles the unlikely alliance between Father Hotze and Dr Andrea Ambrosi a country priest and a cosmopolitan Italian canon lawyer as the two piece together the life of a long dead Korean War hero and military chaplain and fashion it into a case for eternal divinity Joe Drape offers a front row seat to the Catholic Church's saint making machinery which in many ways has changed little in two thousand years and examines how or if faith and science can co exist

This rich and unique narrative leads from the plains of Kansas to the opulent halls of the Vatican through brutal Korean War prison camps and into the stories of two individuals Avery Gerleman and Chase Kear whose lives were threatened by illness and injury and whose family and friends prayed to Father Kapaun sparking miraculous recoveries in the heart of America Gerleman is now a nurse and Kear works as a mechanic in the aerospace industry Both remain devoted to Father Kapaun whose opportunity for sainthood relies in their belief and medical charts At a time when the church has faced severe scandal and damage and the world is at the mercy of a pandemic this is an uplifting story about a priest who continues to an example of goodness and faith Ultimately *The Saint Makers* is the story of a journey of faith for two priests separated by seventy years for the two young athletes who were miraculously brought back to life with or without the intercession of the divine as well as for readers and the author trying to understand and accept what makes a person truly worthy of the Congregation of Saints in the eyes of the Catholic Church

Merchants in the Temple Gianluigi Nuzzi, 2015-11-10 Nuzzi takes an investigative look at the recent financial scandals at the highest levels of the Vatican On one side there is Pope Francis's strong message for one church of the poor and all on the other there is the old Curia with its endless enemies and the old and new lobbies struggling to preserve their not so Christian privileges It's a war that will determine the future of the church And if he loses the battle against secular interests and blackmail Pope Francis could resign much like his predecessor

doctoral students and at non specialist academic who need to familiarize with the academic debate on the subject the book harnesses the power of metaphors to describe the many faces of discourse **How to Be a Saint** Kate Sidley,2025-08-19 Part history lesson Part sacrilege An entirely good time Think you have what it takes to be a saint Lucky for you thousands of souls have paved the way to heaven creating a clear formula for getting the job done while also leaving a rich disturbing history behind them And in just five easy ish steps you can learn how to secure your own halo But even if the whole dying and becoming a saint thing doesn t appeal to you the bizarrely bureaucratic process of canonization is still guaranteed to delight and entertain How to Be Saint is a compulsively readable and endlessly entertaining ride through Catholicism for anyone who enjoys their history with a side of comedy From flying friars to severed heads this book explores the wild lives and deaths of saints and pulls the curtain back on the oddest quirks of religious doctrine Whether you re a lifelong Catholic or a weird history enthusiast How to Be a Saint is your ultimate guide to understanding the hilarious fascinating and shockingly true history of sainthood **Absolute Power** Paul Collins,2018-03-27 The sensational story of the last two centuries of the papacy its most influential pontiffs troubling doctrines and rise in global authority In 1799 the papacy was at rock bottom The Papal States had been swept away and Rome seized by the revolutionary French armies With cardinals scattered across Europe and the next papal election uncertain even if Catholicism survived it seemed the papacy was finished In this gripping narrative of religious and political history Paul Collins tells the improbable success story of the last 220 years of the papacy from the unexalted death of Pope Pius VI in 1799 to the celebrity of Pope Francis today In a strange contradiction as the papacy has lost its physical power its armies and states and remained stubbornly opposed to the currents of social and scientific consensus it has only increased its influence and political authority in the world *Catholic Fundamentalism in America* Mark S. Massa,2025-03-03 The term fundamentalism has its roots in specific forms of American Protestantism that arose around the turn of the twentieth century in reaction to liberalizing and modernizing trends within the church In this book Mark Massa argues that an analogously reactive militant and sectarian fundamentalist movement emerged within American Catholicism in the decades after World War II for a similarly complex mix of theological and cultural reasons In *Catholic Fundamentalism in America* Massa gives the first account of the Catholic form of the anti modernist impulse Massa recounts how Catholic fundamentalism has reacted both to the teachings of the Second Vatican Council and to the tensions of America s pluralist secular culture Like their Protestant cousins Catholic fundamentalists combine a sectarian understanding of religion with an aggressive anti progressive stance Their main enemies were not Protestants or secular Americans but other Catholics who didn t share their extreme views Also like the Protestant fundamentalists Catholic devotees of the fundamentalist impulse have sought and found political conservatives with whom to make common cause on a range of issues such as the place of women in American culture the value of pluralism within the Church and the larger culture and the importance of cooperation with non Catholics Contemporary Catholic conservatives merge theological and

political impulses into movements that punch above their weight within the community through their clever use of social media Through seven portraits of individuals and movements that embody the Catholic fundamentalist impulse Massa demonstrates how the Catholic Right like its evangelical Protestant counterpart has reacted to and fought against modern American culture Rev.
