Fashion Marketing: Contemporary Issues Tony Hines, Margaret Bruce, 2012-10-12 Fashion Marketing is a book of key chapter contributions from renowned academics and practitioners that addresses many of the contemporary issues facing one of the world's largest and most global of industries. With international contributions from the UK, USA and China, Fashion Marketing covers all of the key themes and issues of this area including forecasting, sourcing, supply chain management, demand management, new product development, design management, logistics, range planning, colour prediction, market testing, e-commerce strategy. Ideal for use on any undergraduate or postgraduate courses in Fashion, Textiles, Apparel and Retailing Management, where there is a need to address the topic of fashion marketing, this book will also serve as a useful informative and authoritative text for senior managers in the fashion marketing industries wanting to gain further understanding of current and future developments within the industry.

The Business of Media Distribution Jeffrey C. Ulin, 2019-05-30 In this updated edition of the industry staple, veteran media executive Jeff Ulin relates business theory and practice across key global market segments: film, television and online digital, providing you with an insider's perspective that can't be found anywhere else. Learn how an idea moves from concept to profit and how distribution dominates the bottom line. Hollywood stars may make the headlines, but marketing and distribution are the behind-the-scenes drivers converting content into cash. The third edition includes perspectives from key industry executives at studios, networks, agencies and online leaders including Fox, Paramount, Lucasfilm, Endeavor, Tencent, MPAA, YouTube, Amazon and many more. Explores the explosive growth of the Chinese market including box office trends, participation in financing Hollywood feature films and the surge in online usage. Illustrates how online streaming leaders like Netflix, Amazon, Apple, YouTube, Hulu and Facebook are changing the way TV content is distributed and consumed and in cases how these services are moving into theatrical markets. Analyzes online influences and disruption throughout the distribution chain and explains the risks and impact stemming from changing access points, e.g. stand-alone apps, delivery methods over the top and consumption patterns, e.g. binge watching. Breaks down historical film windows, the economic drivers behind them and how online and digital delivery applications are changing the landscape. Ulin provides the virtual apprenticeship you need to demystify and manage the complicated media markets, understand how digital distribution has impacted the ecosystem and glimpse into the future of how film and television content will be financed, distributed and watched. An online eResource contains further discussion on topics presented in the book.
