professional paths While they were confronting the world's problems through the lens of psychology and psychotherapy other thinkers were approaching them from different perspectives though equally humanistic Among those others the evolutionary biologist Julian Huxley receives special attention as one with particularly useful insights into the intersection of science and spirituality At a time when society is desperate for a sense of centeredness Dr Michael Brock produces for us a comprehensive address to just those factors which make life worth living In *Journeys of Faith Religion Spirituality and Humanistic Psychology* he demonstrates humanity's yearning for the experiential encounter with awe wonder and mystery and provides an assessment of the leading systems of psychological analysis in the modern world that offers scholars practitioners and students insight into the way forward in these times of anxiety and uncertainty A more cogent integration of psychology and spirituality is not presently available Dr John Henry Morgan Ph D Th D D Sc London Psy D FH Oxford Research Professor of Clinical Psychopathology Graduate Theological Foundation Oklahoma Harvard University Postdoctoral Visiting Scholar Mike Brock is a counselor in private practice in Dallas and Carl Ransom Rogers Professor of Counseling Psychology at the Graduate Theological Foundation In addition he teaches in the pastoral ministry program at the University of Dallas His academic background includes degrees in philosophy history counseling and psychology
