Paul The Man And The Myth Personalities Of The New Testament Series:

An Introduction to the Study of Paul David G. Horrell, 2006-07-01 Considering apostle Paul's importance and influence and the important sources for the study of Paul this second edition examines the earliest period of Christianity from Jesus to Paul Paul's life before and after his conversion his individual letters the major elements of his theology his attitude to Israel and the Jewish law and more

A Critical Introduction to the New Testament Carl R. Holladay, 2011-07-01 This book introduces the New Testament in two senses it not only provides basic literary and historical information on each of the twenty seven writings but also orients readers to the religious theological and ethical issues related to the message and meaning of Jesus Christ The overall goal is to help interested readers of the New Testament become informed responsible interpreters of these writings and thereby enrich their personal faith and understanding By giving special emphasis to how the New Testament has helped shape the church's identity and theological outlook throughout the centuries as well as the role it has played within the broader cultures of both East and West this introduction also seeks to assist readers in exercising creative informed leadership within their own communities of faith and in bringing a deeper understanding of early Christianity to their conversations with the wider public Along with separate chapters devoted to each New Testament writing there are chapters explaining how this collection of texts emerged as uniquely authoritative witnesses to the church's faith why they were recognized as canonical whereas other early Christian writings were not how the four canonical Gospels are related to one another including a discussion of the Synoptic Problem how the Jesus tradition his teachings stories from his ministry and the accounts of his suffering death and resurrection originated and developed into Gospels written in narrative form and how the Gospels relate to Jesus Christ as he was and is Also included is a chapter on the writings of Paul and how they emerged as a collection of authoritative texts for the church This chapter includes a discussion of ancient letter writing special considerations for interpreting the Pauline writings and Paul's decisive influence within the history of the church and western culture

The Blackwell Companion to The New Testament David E. Aune, 2010-01-22 The Blackwell Companion to the New Testament is a detailed introduction to the New Testament written by more than 40 scholars from a variety of Christian denominations Treats the 27 books and letters of the New Testament systematically beginning with a review of current issues and concluding with an annotated bibliography Considers the historical social and cultural contexts in which the New Testament was produced exploring relevant linguistic and textual issues An international contributor list of over 40 scholars represent wide field expertise and a variety of Christian denominations Distinctive features include a unified treatment of Luke through Acts articles on the canonical Gospels and a discussion of the apocryphal New Testament

The Historical Character of Jesus David M. Allen, 2014-07-01 By their very nature historical Jesus studies inevitably focus on the Gospel accounts canonical and non canonical alike Scholarly portrayals so generated may vary but the source material tends to be restricted to Gospel texts with the other New Testament testimony rendered secondary as a

result and its value limited by either genre or late dating This book redresses the balance by focusing specifically on non Gospel material to see how the other texts of the New Testament contribute to the picture of Jesus *The Biography Book* Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

Death, the End of History, and Beyond Greg Carey, 2023-01-31 What happens at the end of our lives and of the course of history Will God bring about a just and peaceful world What lies beyond this realm and what can we know of the beings who dwell there In *Death the End of History and Beyond* Greg Carey offers resources for understanding multiple even conflicting ways that the Bible imagines these ultimate realities Carey opens the Scriptures with a breadth of insight that acknowledges its diversity of viewpoints about what lies beyond the veil centering hope in God s action to bring good out of evil in our lived realities in our personal journeys through death and in visions of resurrection and justice restored An appendix on preaching also invites clergy to help their communities imagine when and how eschatology can inform our lives today [Christology and Myth in the New Testament](#) Geraint Vaughan Jones, 2025-03-01 *Christology and Myth in the New Testament* 1956 enquires into the extent and origin of the mythological language and ideas underlying the Christology of the New Testament It examines the demythologizing principles and refers to the existential method of reinterpreting those New Testament concepts which are bound up with Hellenistic thought forms and the cosmology of the ancient world while also exploring other philosophical and theological interpretations It considers that the mythical Christology of the New Testament writers should be understood poetically and metaphorically rather than as consisting of objective statements about Jesus and his place in creation The final section of the book is a defence of the retention of mythical concepts and language as psychologically and theologically necessary expressions of a religious faith which cannot be adequately expressed in merely propositional form **The New World** , 1899 *Philosophy, Religious Studies, and Myth* Robert A. Segal, 2014-07-16 Much of the theorizing about myth in philosophy and religious studies grows out of efforts to understand the classics and the Bible In the case of the classics the presence of myth has been taken for granted and conclusions reached about Greek and Roman mythology have spurred generalizations about myth In the case of the Bible however the existence of myth has been contested In fact Judaism and Christianity are regularly praised for their nonmythic outlook Conclusions reached about the presence or absence of myth in either the Hebrew Bible or the New Testament have led to generalizations about myth per se

Many of the essays in this volume apply theories of myth to classical biblical and ancient Near Eastern cases but in so doing they draw conclusions about the nature of myth itself Those essays that criticize past applications make generalizations as well By no means has all theorizing about myth from philosophy and religious studies centered on the ancient world and this volume contains selections from theories in both disciplines that stem from reflections on the nature of science language knowledge and reality

Where Christology Began Ralph P. Martin, Brian J. Dodd, 1998-01-01 One of the best known and most influential passages in the New Testament is the hymn of Philippians 2 5 11 which traces the dialectical path of Christ from preexistence or pretemporal existence to incarnation and exaltation There is little agreement and a great deal of debate on this central text of Christian theology In this book an international group of scholars comment on the classic and current understandings of this passage searching for insights into the ongoing exegetical inquiry

Where does religion end? Marcelo da Luz, 2017-08-31 The author's decision to leave religion after experiencing a profound growth crisis founded itself in the free action of one who after walking tenaciously has extinguished an existential possibility and reached a new realm of understanding about the realities of the consciousness and the universe The inner freedom encountered to make this kind of decision was the result of a gradual self confrontation This author perceived the necessity to dispel the fear associated with questioning his habitual suppositions and to look beyond the limits of the indoctrination he had received For a long time while still religious he named this fearlessness a quest for wisdom or the spirituality of an unsettled heart Nowadays in light of the experiences had he prefers to emphasize the courage to evolve which requires five years after the abjuration the assumption of speaking publicly about the dissidence that was effected When dissidents of ideologies or institutions start talking or writing about their experiences it is necessary to observe the kind of motivation and intention implicit in the decision made The former militant the former integrant the former partisan the former something in spite of the effort to affirm that they are no longer part of the institution to which they once belonged may continue to define themselves based on the institution In this case the person is still a former in relation to what they intend to deny Perhaps in their eagerness to critically speak out about the reasons underlying their abandonment of a certain idea or organization they still flaunt the previous condition as a trophy unfurling the pride of being a former The ambiguity in question lies in the fact that the person's point of reference continues to be in the no longer desired way of living or thinking

Biblical Interpretation and Philosophical Hermeneutics Bradley Hudson McLean, 2012-07-16 B H McLean proposes a new post historical method of applying philosophical hermeneutics to biblical studies

Truth Seeker, 1925 **American Book Publishing Record**, 2000-07

The Oxford Companion to the Bible Bruce M. Metzger, Michael David Coogan, 1993-10-14 The Bible has had an immeasurable influence on Western culture touching on virtually every aspect of our lives It is one of the great wellsprings of Western religious ethical and philosophical traditions It has been an endless source of inspiration to artists from classic works such as Michaelangelo's Last Judgment Handel's Messiah or Milton's Paradise Lost to modern works such as Thomas

Mann's Joseph and His Brothers or Martin Scorsese's controversial Last Temptation of Christ. For countless generations it has been a comfort in suffering a place to reflect on the mysteries of birth, death, and immortality. Its stories and characters are an integral part of the repertoire of every educated adult, forming an enduring bond that spans thousands of years and embraces a vast community of believers and nonbelievers. The Oxford Companion to the Bible provides an authoritative one-volume reference to the people, places, events, books, institutions, religious belief, and secular influence of the Bible. Written by more than 250 scholars from some 20 nations and embracing a wide variety of perspectives, the Companion offers over seven hundred entries ranging from brief identifications (who is Dives, where is Pisgah) to extensive interpretive essays on topics such as the influence of the Bible on music or law. Ranging far beyond the scope of a traditional Bible dictionary, the Companion features in addition to its many informative factual entries an abundance of interpretive essays. Here are extended entries on religious concepts from immortality, sin, and grace to baptism, ethics, and the Holy Spirit. The contributors also explore biblical views of modern issues such as homosexuality, marriage, and anti-Semitism, and the impact of the Bible on the secular world, including a four-part article on the Bible's influence on literature. Of course, the Companion can also serve as a handy reference, the first place to turn to find factual information on the Bible. Readers will find fascinating, informative articles on all the books of the Bible, including the Apocrypha, and many other ancient texts such as the Dead Sea Scrolls, Pseudepigrapha, and the Mishnah. Virtually every figure who walked across the biblical stage is identified here, ranging from Rebekah, Rachel, and Mary to Joseph, Barabbas, and Jesus. The Companion also offers entries that shed light on daily life in ancient Israel and the earliest Christian communities, with fascinating articles on feasts and festivals, clothing, medicine, units of time, houses, and furniture. Finally, there are twenty-eight pages of full-color maps providing an accurate, detailed portrait of the biblical world. A vast compendium of information related to scriptures, here is an ideal complement to the Bible, an essential volume for every home and library, the first place to turn for information on the central book of Western culture.

The Origins of Demythologizing Johnson, 2018-08-14 Preliminary Material Roger A. Johnson, The Enigma of Demythologizing Roger A. Johnson, The Philosophical Origins of Demythologizing Marburg, Neo-Kantianism Roger A. Johnson, The Religionsgeschichtliche Formulation of Myth Roger A. Johnson, The Enlightenment Formulation of Myth Roger A. Johnson, The Existentialist Formulation of Myth Roger A. Johnson, Demythologizing as a Synthetic Construct Roger A. Johnson, Bibliography Roger A. Johnson, Name Index Roger A. Johnson, Subject Index Roger A. Johnson [The Routledge Encyclopedia of the Historical Jesus](#) Craig Evans, 2014-01-14 This Encyclopedia brings together the vast array of historical research into the reality of the man, the teachings, the acts, and the events ascribed to him that have served as the foundational story of one of the world's central religions. This kind of historiography is not biography. The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion. Critical historical examination has provided a way for scholars of Christianity for centuries to analyze the roots of legend and religion in a way

that allows scholars an escape from the confines of dogma belief and theological interpretation In recent years historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond Entries will cover the classical studies that initiated the new historiography the theoretical discussions about authenticating the historical record the examination of sources that have led to the western understanding of Jesus teachings and disseminated myth of the events concerning Jesus birth and death Subject areas include the history of the historical study of the New Testament major contributors and their works theoretical issues and concepts methodologies and criteria historical genres and rhetorical styles in the story of Jesus historical and rhetorical context of martyrdom and messianism historical teachings of Jesus teachings within historical context of ethics titles of Jesus historical events in the life of Jesus historical figures in the life of Jesus historical use of Biblical figures referenced in the Gospels places and regions institutions the history of the New Testament within the culture politics and law of the Roman Empire

Paul, Luke and the Graeco-Roman World Alf Christophersen, Carsten Claussen, Jörg Frey, Bruce Longenecker, 2003-10-01 The quality of contributions in this volume reflects the eminence of Sandy Wedderburn who taught at St Andrews before moving to Durham and finally to Munich to succeed Ferdinand Hahn The topics addressed reflect Wedderburn's interests and include a comparison of the Lord's Supper with cultic meals in Qumran and in Hellenistic cults glossolalia in Acts the Lukan prologue new creation in Paul and Adam and Christ in Romans The contributors include David Aune Richard Bauckham Richard Bell James Dunn Ferdinand Hahn Christina Hoegen Rohls Robert Jewett Hans Klein H W Kuhn David Moessner Stanley Porter Heikki Raisanen Margaret Thrall Oda Wischmeyer and Christian Wolff This is volume 217 in the Journal for the Study of the New Testament Supplement series

Rhetorical Argumentation in Biblical Texts Anders Eriksson, Thomas H. Olbricht, Walter Übelacker, 2002-06-01 Papers presented at the Lund 2000 Conference on Rhetorical Argumentation in Biblical Texts
