**Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era** Douglas Kinney,2014-06-06 Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding

of ourselves and our place in the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe Ninety five percent of the universe s energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality     **The Path of Oneness** Chris Comish,2022-08-11
