everybody interested in contemporary popular culture and design history *Forms of Rockin* traces and defines the stylistic conventions in graffiti letterforms that have become iconic and globally acknowledged ideals From the early New York tags to the mid 1990s ugly fresh styles of Scandinavia *Forms of Rockin* tells the story of how popular culture and graffiti styles influences each other *Productive failure* Alpesh Kantilal Patel, 2017-07-21 This title sets out to write new transnational South Asian art histories to make visible histories of artworks that remain marginalised within the discipline of art history However this is done through a deliberate productive failure specifically by not upholding the strictly genealogical approach that is regularly assumed for South Asian art histories For instance one chapter explores the abstract work of Cy Twombly and Natvar Bhavsar The author examines whiteness the invisible ground upon which racialized art histories often pivot as a fraught yet productive site for writing art history This book also provides original commentary on how queer theory can deconstruct and provide new approaches for writing art history Overall this title provides methods for generating art history that acknowledge the complex web of factors within which art history is produced and the different forms of knowledge production we might count as art history
