She shows us how to shift our focus from the excesses of hyperparenting and the unhealthy reliance on our children for status and meaning to a parenting style that concentrates on both enabling academic success as well as developing a sense of purpose well being connection and meaning in our children's lives Teach Your Children Well is a call to action And while it takes courage to make the changes we believe in the time has come says Levine to return our overwrought families to a healthier and saner version of themselves **Knowledge** in the Information Society Daria Bylieva, Alfred Nordmann, Olga Shipunova, Violetta Volkova, 2021-01-15 This book provides a
