Latinxs, the Bible, and Migration Efraín Agosto, Jacqueline M. Hidalgo, 2018-10-27 This book examines the conjunction between migration and biblical texts with a focus on Latinx histories and experiences Essays reflect upon Latinxs the Bible and migration in different ways some consider how the Bible is used in the midst of or in response to Latinx experiences and histories of migration some use Latinx histories and experiences of migration to examine Biblical texts in both First and Second Testaments some consider the Bible as a phenomenological set of texts that respond to and or compel migration Cultural literary and postcolonial theories inform the analysis as does the exploration of how migrant groups themselves scripturalize their biblical and cultural texts *An Introduction to Empire in the New Testament* Adam Winn, 2016-06-24

Explore how empire is a crucial foreground for reading and interpreting the New Testament In the last three decades significant attention has been given to the way in which New Testament texts engage and respond to the imperial world in which they were written The purpose of the present volume is to introduce students and non specialists to the growing subfield of New Testament studies known as empire studies Contributors seek to make readers aware of the significant work that has already been produced while also pointing them to new ways in which this field is moving forward The contributors are Bruce W Longenecker Richard A Horsley Warren Carter Adam Winn Eric D Barreto Beth M Sheppard Neil Elliot James R Harrison Harry O Maier Deborah Krause Jason A Whitlark Matthew R Hauge Kelly D Liebengood and Davina C Lopez Features Essays from a diverse group of interpreters who at times have differing presuppositions methods and concerns Articles introduce students and non specialists to the Roman imperial realities regularly encountered by first and second century Christians Contributions explore the strategies employed by early Christians to respond to the Roman empire
