Bloch, 1998-10-28 Through in depth interviews with 22 New Agers and Neo Pagans this study proposes a new model of religious identity from a sociological standpoint The analysis demonstrates that in spite of their great diversity of beliefs and lack of strong organizational ties a discernible community of alternative spiritualists does exist This volume will appeal not only to scholars of the sociology of religion but also to sociologists interested in community building social movements and self identity *Feminism's New Age* Karlyn Crowley, 2011-06-01 Finalist for the 2011 ForeWord Book of the Year in the Women s Issues Category Crystals Reiki Tarot Goddess worship why do these New Age tokens and practices capture the imagination of so many women How has New Age culture become even more appealing than feminism And are the two mutually exclusive By examining New Age practices from macrobiotics to goddess worship to Native rituals *Feminism's New Age* Gender Appropriation and the Afterlife of Essentialism seeks to answer these questions by examining white women s participation in this hugely popular spiritual movement While most feminist approaches to the New Age phenomenon have simply dismissed its adherents for their politically problematic racial appropriation practices Karyln Crowley looks honestly at the political shortcomings of New Age beliefs and practices while simultaneously reckoning with the affective political and cultural motivations which have prompted New Age women s individual and collective spiritualities New Age spirituality is in fact the dynamic outgrowth of a long standing tradition of women s social and political power expressed through religious writings art and public discourse and is key to understanding contemporary women s history and religion s role in modern American culture alike Crowley offers a new and provocative assessment of the significance of the New Age movement seen through a feminist and critical race studies lens *Possession, Power and the New Age* Mr Matthew Wood, 2013-05-28 This book provides a new sociological account of contemporary religious phenomena such as channelling holistic healing meditation and divination which are usually classed as part of a New Age Movement Drawing on his extensive ethnography carried out in the UK alongside comparative studies in America and Europe Matthew Wood criticises the view that such phenomena represent spirituality in which self authority is paramount Instead he emphasises the role of social authority and the centrality of spirit possession linking these to participants class positions and experiences of secularisation Informed by sociological and anthropological approaches to social power and practice especially the work of Pierre Bourdieu and Michel Foucault Wood s study explores what he calls the nonformative regions of the religious field and charts similarities and differences with pagan spiritualist and Theosophical traditions **Possession, Power and the New Age** Matthew Wood, 2016-04-08 This book provides a new sociological account of contemporary religious phenomena such as channelling holistic healing meditation and divination which are usually classed as part of a New Age Movement Drawing on his extensive ethnography carried out in the UK alongside comparative studies in America and Europe Matthew Wood criticises the view that such phenomena represent spirituality in which self authority is paramount Instead he emphasises the role of

Dancing the Labyrinth Maddy Cunningham, Jade de

Saussure, 2019-03-22 There is a scarcity of professional literature and research that focuses on women's spiritual development and experiences and how they may differ from those of men. For women, the spiritual is often inner-focused rather than transcendent, relational rather than solitary and interdependent rather than autonomous. *Dancing the Labyrinth* integrates knowledge of women's psychological and spiritual development alongside stories of a diverse group of women to examine how spirituality changes over the adult life course, the catalysts for said changes (e.g., the natural aging process or traumatic events), and feminist spirituality, which highlights the importance of relationships to self, others, and God. While the authors focus on spirituality, they examine the experiences of women who express their spirituality within both traditional and non-traditional paths. The text also includes several chapters that highlight specific clinical interventions professionals can use to implement spirituality into their practice with women. Written in an engaging and accessible style, this book serves as a helpful resource for mental health practitioners, pastoral counselors, spiritual directors, and lay audiences interested in better understanding of the nuances of women's spiritual development and experiences.
