Nice 1814 America Willard Sterne Randall

Scott C. Dulebohn

Nice 1814 America Willard Sterne Randall:

Unshackling America Willard Sterne Randall, 2017-06-27 *Unshackling America* challenges the persistent fallacy that Americans fought two separate wars of independence. Willard Sterne Randall documents an unremitting fifty year long struggle for economic independence from Britain overlapping two armed conflicts linked by an unacknowledged global struggle. Throughout this perilous period the struggle was all about free trade. Neither Jefferson nor any other Founding Father could divine that the Revolutionary Period of 1763 to 1783 had concluded only one part, the first phase of their ordeal. The Treaty of Paris of 1783 at the end of the Revolutionary War halted overt combat but had achieved only partial political autonomy from Britain. By not guaranteeing American economic independence and agency, Britain continued to deny American sovereignty. Randall details the fifty years and persistent attempts by the British to control American trade waters but he also shows how despite the outrageous restrictions the United States asserted the doctrine of neutral rights and developed the world's second largest merchant fleet as it absorbed the French Caribbean trade. American ships carrying trade increased five fold between 1790 and 1800, its tonnage nearly doubling again between 1800 and 1812, ultimately making the United States the world's largest independent maritime power.

In the Words of Our Founders and Other Historians, Philosophers, and Statesmen, Tullius, 2024-12-03 The original summary to this volume of work was necessarily changed by the events of July 13, 2024. Seemingly another lone gunman maneuvers his way through dozens of highly trained government law enforcement and intelligence professionals, postures himself some 130 yards away from his intended target, former US President Donald Trump, fires at least six shots and strikes him in the ear. Trump amazingly escaping an ugly death. The deep state is now quickly circling the wagons, trying to control the narrative before anyone can connect and make public the proverbial dots. The recent Congressional hearings again show the intentional malfeasance on the part of our leading officials displaying their hatred and arrogance for the American people. The circus would be laughable if our situation were not so serious; the sheer level of evil that resides within their hearts and minds is truly remarkable. They will stop at nothing to bring all the nations into that single world government detailed in the Bible. Make no mistake: America should these people not be expeditiously removed from their positions of power, more destruction will befall us. It is at this time and place where Christian tenets must prevail. It is in this time where it is for all the marbles. From our political birth until today, our enemies have been within us. Thomas Jefferson labeled this cabalistic group as designing men. He made clear that education and morality were necessary keys to maintaining our liberty; if education and morality remained close to the hearts and minds of the citizenry, then we would pick good leaders and that we must train up each generation to be aware of what is going on in the world to check the tyranny being imposed. Just since the 1960s, Americans have given up their very lives to expose the real dangers to our republic: men influenced and owned by evil, belonging to secret societies and taking secret oaths. Like President John Kennedy, Martin Luther King Jr. and Robert Kennedy, and so many other lesser known

patriots Donald Trump has called them out He is now squarely in their literal crosshairs But their failure to kill him has awakened many citizens and the annals of history will show John Adams quite correct the Wars of the Reformation Still go on The developed written record given us by many biographers and historians is a shameful propaganda campaign But truth is moving itself into the light designing men of academia too are being exposed Chief Justice John Marshall heralded by legal scholars across the spectrum led a rogue judiciary Henry Clay and Daniel Webster also praised within the written record headed a rogue legislature and President Andrew Jackson a man that Jefferson thought unfit for public office proved a despot to the constitution Indeed these men worked tirelessly to lay the foundations for a consolidated and tyrannical government bringing us to the point we have arrived today Let the truths displayed within these pages be known to the ends of the earth

Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America's distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses *Colonial America: An Encyclopedia of Social Political Cultural and Economic History* captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic *Colonial America* sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America's colonial heritage vibrantly to life for today's readers It includes thematic essays on major issues and topics detailed A Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes

America's Obsessives Joshua Kendall, 2025-05-01 When most of us think of Charles Lindbergh we picture a dashing twenty five year old aviator stepping out of the Spirit of St Louis after completing his solo flight across the Atlantic What we don't see is the awkward high school student who preferred ogling new gadgets at the hardware store to watching girls walk by in their summer dresses Sure Lindbergh's unique mindset invented the pre flight checklist but his obsession with order also led him to demand that his wife and three German mistresses account for all their household expenditures in detailed ledgers Lucky Lindy is just one of several American icons whom Joshua Kendall puts on the psychologist's couch in *America's Obsessives* In this fascinating look at the arc of American history through the lens of compulsive behavior he shows how some of our nation's greatest achievements from the Declaration of Independence to the

invention of the iPhone have roots in the disappointments and frustrations of early childhood Starting with the obsessive natures of some of Silicon Valley s titans including Steve Jobs Kendall moves on to profile seven iconic figures such as founding father Thomas Jefferson licentious librarian Melvil Dewey condiment kingpin H J Heinz slugger Ted Williams and Estee Lauder This last personality was so obsessed with touching other women s faces that she transformed her compulsion into a multibillion dollar cosmetics corporation Entertaining and instructive Kendall offers up a few scoops along the way Little do most Americans know that Charles Lindbergh under the alias Clark Kent sired seven children with his three German wives As Lindbergh s daughter Reeve told Kendall Now I know why he was gone so much I also understand why he was delighted when I was learning German Encyclopedia of the American Enlightenment Mark G. Spencer,2015-01-01 The first reference work on one of the key subjects in American history filling an important gap in the literature with over 500 original essays **The Bloomsbury Encyclopedia of the American Enlightenment** Mark G. Spencer,2015-01-01

Dolley and James Madison Rodney K. Smith,2019-12-22 Physically unimpressive intellectually brilliant James Madison had been unlucky in love heartbroken and betrayed not once but twice Middle aged and resigned to a life alone he never dreamed that fate had something astonishing in store for him and for the country he loved a young widow of exceptional intelligence and poise who was his equal in many ways and whose warmth and extroversion perfectly complemented his quiet contemplative nature She became Dolley Madison the nation s first First Lady and this fascinating book proves that truth is more compelling than fiction Delve into the personal stories of the couple that led their beloved new country safely through its first generation surviving and thriving despite serious conflicts at home and abroad weathering the bitter attacks of their enemies and remaining dedicated through it all to each other to the Constitution that James fathered and to the United States Facing adversity with unparalleled dignity and civility they stand as an example worthy of emulation in our times Their love story told by a noted constitutional lawyer and historian is a heart warming inspiring and hopeful tribute to the power of equal partnership in marriage and a beautiful reminder of what America can be at its best *Prayer in America* James P. Moore, Jr.,2007-09-18 A stirring chronicle of the spiritual life of a nation Prayer in America shows how the faith of Americans from the founding fathers to corporate tycoons from composers to social reformers from generals to slaves was an essential ingredient in the formation of American culture character commerce and creed Prayer in America brings together the country s hymns patriotic anthems arts and literature as a framework for telling the story of the innermost thoughts of the people who have shaped the United States we know today Beginning with Native Americans Prayer in America traces the prayer lives of Quakers and Shakers Sikhs and Muslims Catholics and Jews from their earliest days in the United States through the aftermath of 9 11 and the 2004 presidential election It probes the approach to prayer by such diverse individuals as Benjamin Franklin Elvis Presley Frank Lloyd Wright J C Penney P T Barnum Jackie Robinson and Christopher Columbus It includes every president of the United States as well as America s clergy immigrants industrialists miners sports heroes and

scientists Prayer in America shows that without prayer the political cultural social and even economic and military history of the United States would be vastly different from what it is today It engages in a thoughtful timely examination of the modern debate over public prayer and how the current approach to prayer bears deep roots in the philosophies of the country s founding fathers a subject which remains distinct from the debate over church and state

The Historical Origins of Terrorism in America Robert Kumamoto,2014-02-05 When we think of American terrorism it is modern individual terrorists such as Timothy McVeigh that typically spring to mind But terrorism has existed in America since the earliest days of the colonies when small groups participated in organized and unlawful violence in the hope of creating a state of fear for their own political purposes Using case studies of groups such as the Green Mountain Boys the Mollie Maguires and the North Carolina Regulators as well as the more widely known Sons of Liberty and the Ku Klux Klan Robert Kumamoto introduces readers to the long history of terrorist activity in America Sure to incite discussion and curiosity in anyone studying terrorism or early America The Historical Origins of Terrorism in America brings together some of the most radical groups of the American past to show that a technique that we associate with modern atrocity actually has roots much farther back in the country s national psyche

The Library of Congress Jane Aikin,2025-05-01 The first comprehensive history of the Library of Congress The Library of Congress is the research arm of Congress home of the US Copyright Office and a public forum for artistic and literary culture It is generally considered the national library of the United States and it has influenced cultural affairs worldwide in myriad ways since its founding more than two centuries ago In The Library of Congress Jane Aikin draws on a wealth of primary and secondary sources to weave a narrative of the individuals events and controversies that have shaped the history of this venerable institution Punctuated by stories about key donors and pivotal performances by poets authors and celebrities this engaging and informative narrative sheds new light on the world s largest library and its global impact on knowledge and culture

France and America in the Revolutionary Era Thomas J. Schaeper,1995 This is the first detailed study account of the life and career of Chaumont whose chief claim to fame was the fact that from 1777 to 1785 Benjamin Franklin lived in his home in the Parisian suburb of Passy Basing his work on documents from two dozen archives in the United States and France Schaeper demonstrates that Chaumont was far more than merely a landlord Prior to the American Revolution he had become one of the most powerful and respected businessmen of the Old Regime For personal as well as patriotic reasons he aided the American insurgents and worked with a wide array of persons In addition to Franklin these included John Adams Silas Deane Caron de Beaumarchais the marquis de Lafayette and the comte de Vergennes Chaumont performed an astounding range of services acting as intermediary an adviser and a supplier of arms and clothing His most dramatic contribution to the American cause involved John Paul Jones It was Chaumont who obtained the famous Bonhomme Richard for the commodore Through looking at the activities of this intriguing individual the author is able to offer many new insights into both American and French history Lively and well written this biography will appeal to both the

historian and the general reader The Routledge History of U.S. Foreign Relations Tyson Reeder, 2021-12-29 The Routledge History of U S Foreign Relations provides a comprehensive view of U S diplomacy and foreign affairs from the founding to the present With contributions from recognized experts from around the world this volume unveils America s long and complicated history on the world stage It presents the United States evolution from a weak player even a European pawn to a global hegemonic leader over the course of two and a half centuries The contributors offer an expansive vision of U S foreign relations from U S Native American diplomacy in eighteenth and nineteenth centuries to the post 9 11 war on terror They shed new light on well known events and suggest future paths of research and they capture lesser known episodes that invite reconsideration of common assumptions about America s place in the world Bringing these discussions to a single forum the book provides a strong reference source for scholars and students who seek to understand the broad themes and changing approaches to the field This book will be of interest to students and scholars of U S history political science international relations conflict resolution and public policy amongst other areas *Patriot Presidents* William E. Leuchtenburg, 2024 A nuanced account of the early leaders who shaped the American presidency Patriot Presidents explores how the presidency took shape from the medley of clauses handed down to George Washington who said I walk on untrodden ground for virtually everything he did created a precedent It then follows the overwhelming challenges faced by his successors from the austere John Adams who spoke passionately in favor of a strong executive to Thomas Jefferson a zealous advocate of American liberties to James Madison the creator of the first political party and James Monroe whose Monroe Doctrine protected the sovereignty of the Western Hemisphere It concludes with John Quincy Adams who could be called the prophet of the expansive twentieth century state of the Square Deal the New Deal the Fair Deal and the Great Society

Street Diplomacy Elliott Drago, 2022-11-15 Antebellum Philadelphia maintained a long tradition of both abolitionism and fugitive slave activity Although Philadelphia s African Americans lived in a free state they faced constant threats to their personal safety and freedom from enslavers and slave catchers The conflicts that arose over fugitive slave removals and the kidnapping of free African Americans forced Philadelphians to confront the politics of slavery that sought to protect enslavers property rights across the Union American Honor Craig Bruce Smith, 2018-03-19 The American Revolution was not only a revolution for liberty and freedom it was also a revolution of ethics reshaping what colonial Americans understood as honor and virtue As Craig Bruce Smith demonstrates these concepts were crucial aspects of Revolutionary Americans ideological break from Europe and shared by all ranks of society Focusing his study primarily on prominent Americans who came of age before and during the Revolution notably John Adams Benjamin Franklin Thomas Jefferson and George Washington Smith shows how a colonial ethical transformation caused and became inseparable from the American Revolution creating an ethical ideology that still remains By also interweaving individuals and groups that have historically been excluded from the discussion of honor such as female thinkers women patriots slaves and free African Americans Smith makes a broad and

significant argument about how the Revolutionary era witnessed a fundamental shift in ethical ideas This thoughtful work sheds new light on a forgotten cause of the Revolution and on the ideological foundation of the United States **American**

Machiavelli John Lamberton Harper,2004-03-08 Alexander Hamilton rose from his humble beginnings as an illegitimate

West Indian orphan and emigrant to become the premier statebuilder and strategic thinker of the American Founding

generation *Washington Irving and Islam* Zubeda Jalalzai,2018-05-25 Washington Irving and Islam contributes to

understanding the relationship between the United States and the Islamic world valuable not only for studies of Washington

Irving American Literature or Islam but also for thinking through the role Islam and the Orient have played in American

literature and history a critical field receiving ever increasing attention The global context of Irving s work ties these essays

together as does an understanding that his writings challenge easy classification of the Muslim other and indeed challenge

easy classification of Irving s own responses to that other Washington Irving bestrides opposing positions as well as distant

worlds *American Military History* William Thomas Allison,Jeffrey G. Grey,Janet G. Valentine,2020-04-28 Now in its third

edition American Military History examines how a country shaped by race ethnicity economy regionalism and power has

been equally influenced by war and the struggle to define the role of a military in a free and democratic society Organized

chronologically the text begins at the point of European conflict with Native Americans and concludes with military affairs in

the early 21st century providing an important overview of the military s role on an international domestic social and symbolic

level The third edition is fully updated to reflect recent developments in military policy and the study of military history and

war and society thus providing students a foundational understanding of the American military experience This book will be

of interest to students of American history and military history It is designed to allow instructors flexibility in structuring a

course *The Armstrong Brothers* David O. Smith,2021-03-10 This is the story of James John and Hamilton Armstrong three

sons of a yeoman farmer living on the Pennsylvania frontier at the outset of the American Revolution James and John joined

the Continental Army in 1776 rose from the ranks to become officers and served until the army was disbanded in 1783

Hamilton remained home to work the farm protect the family and serve in militia and ranger units to defend the frontier from

repeated attacks from hostile Indian tribes Their combined wartime experiences encompassed almost the totality of the

American Revolution from Canada in the north to South Carolina in the south and along the western frontier James and John

fought in most of the major battles of the revolution including Princeton Brandywine Germantown Monmouth Guilford

Courthouse Eutaw Springs and Yorktown where they distinguished themselves in the eyes of generals like the Marquis de

Lafayette Mad Anthony Wayne Light Horse Harry Lee Nathanael Greene and George Washington **American Lives: To**

1876 Willard Sterne Randall,Nancy Ann Nahra,1997 American Lives is a collection of succinct biographical essays on both

renowned and lesser known figures in American History
