For Free Press and Equal Rights Richard H. Abbott, 2004 For Free Press and Equal Rights is an exhaustive study of the newspapers published in the Reconstruction South that had ties to the pro Union northern based Republican party Until now no book has been devoted entirely to this subject Richard H Abbott s research draws on his readings from some 430 southern Republican papers This figure accounts for literally hundreds more papers than are cited in the handful of previously published related studies none of which makes more than passing reference to any of the topics that Abbott covers in detail Abbott first traces the origins of the southern Republican press from its lone stronghold in antebellum northwest Virginia to its wartime expansion in the wake of the Union Army s occupation of such far flung places as Key West Florida and Port Royal South Carolina Abbott then discusses the challenges of establishing and sustaining a Republican press where the most likely readership freed slaves was usually illiterate and too poor to subscribe much less to contribute advertising revenue Looking at the different ways white and black editors faced common problems from ostracism and libel to vandalism and physical assault Abbott also discusses the mixed blessings of patronage by which Republican officials steered printing business to their party organs Abbott s state by state year by year analyses look at the fluctuating number of southern Republican papers in terms of their distribution in rural urban and anti pro Republican areas For Free Press and Equal Rights reveals a wealth of information about papers ranging from the Visitor of Hot Springs Arkansas which lasted less than a year to the Union Flag of Jonesborough Tennessee which ran from 1865 to 1873 It makes a number of new and important points about political patronage and the publishing process race and print culture Republican ideology and rhetoric and our first amendment rights

Becoming Free, Becoming Black Alejandro de la Fuente, Ariela J. Gross, 2020-01-16 How did Africans become blacks in the Americas Becoming Free Becoming Black tells the story of enslaved and free people of color who used the law to claim freedom and citizenship for themselves and their loved ones Their communities challenged slaveholders efforts to make blackness synonymous with slavery Looking closely at three slave societies Cuba Virginia and Louisiana Alejandro de la Fuente and Ariela J Gross demonstrate that the law of freedom not slavery established the meaning of blackness in law Contests over freedom determined whether and how it was possible to move from slave to free status and whether claims to citizenship would be tied to racial identity Laws regulating the lives and institutions of free people of color created the boundaries between black and white the rights

reserved to white people and the degradations imposed only on black people *A Free Man of Color* John Guare, 2011-10-18
The Tony Award winning playwright spins a tale of adultery racism and the Louisiana Purchase with daring and dizzying skill
Ben Brantley The New York Times The author of classics American plays such as *Six Degrees of Separation* and *The House of Blue Leaves* Tony and Obie Award winning playwright John Guare is celebrated for his theatrically playful intellectually dazzling imagination His play *A Free Man of Color* evolves from a bustling farce into something deeper and darker but similarly exhilarating USA Today *A Free Man of Color* is set in boisterous New Orleans prior to the historic Louisiana Purchase Before law and order took hold and class racial and political lines were drawn New Orleans was a carnival of beautiful women flowing wine and pleasure for the taking At the center of this Dionysian world is Jacques Cornet a mixed race gentleman who commands men seduces women and preens like a peacock But it is 1801 and the map of New Orleans is about to be redrawn The Louisiana Purchase brings American rule and racial segregation to the chaotic colorful world of Jacques Cornet and all that he represents turning the tables on freedom and liberty **Slave Country** Adam ROTHMAN, 2009-06-30 *Slave Country* tells the tragic story of the expansion of slavery in the new United States In the wake of the American Revolution slavery gradually disappeared from the northern states and the importation of captive Africans was prohibited Yet at the same time the country's slave population grew new plantation crops appeared and several new slave states joined the Union Adam Rothman explores how slavery flourished in a new nation dedicated to the principle of equality among free men and reveals the enormous consequences of U S expansion into the region that became the Deep South Rothman maps the combination of transatlantic capitalism and American nationalism that provoked a massive forced migration of slaves into Louisiana Alabama and Mississippi He tells the fascinating story of collaboration and conflict among the diverse European African and indigenous peoples who inhabited the Deep South during the Jeffersonian era and who turned the region into the most dynamic slave system of the Atlantic world Paying close attention to dramatic episodes of resistance rebellion and war Rothman exposes the terrible violence that haunted the Jeffersonian vision of republican expansion across the American continent *Slave Country* combines political economic military and social history in an elegant narrative that illuminates the perilous relation between freedom and slavery in the early United States This book is essential reading for anyone interested in an honest look at America's troubled past Mississippi Women Martha H. Swain, Elizabeth Anne Payne, Marjorie Julian Spruill, 2003 Some of the women are well known others were prominent in their time but have since faded into obscurity and a few have never received the attention they deserve BOOK JACKET *The Forgotten People* Gary B. Mills, Elizabeth Shown Mills, 2013-11-13 Out of colonial Natchitoches in northwestern Louisiana emerged a sophisticated and affluent community founded by a family of freed slaves Their plantations eventually encompassed 18 000 fertile acres which they tilled alongside hundreds of their own bondsmen Furnishings of quality and taste graced their homes and private tutors educated their children Cultured deeply religious and highly capable Cane River's Creoles of color enjoyed

economic privileges but led politically constricted lives Like their white neighbors they publicly supported the Confederacy and suffered the same depredations of war and political and social uncertainties of Reconstruction Unlike white Creoles however they did not recover amid cycles of Redeemer and Jim Crow politics First published in 1977 *The Forgotten People* offers a socioeconomic history of this widely publicized but also highly romanticized community a minority group that fit no stereotypes refused all outside labels and still struggles to explain its identity in a world mystified by Creolism Now revised and significantly expanded this time honored work revisits Cane River s forgotten people and incorporates new findings and insight gleaned across thirty five years of further research This new edition provides a nuanced portrayal of the lives of Creole slaves and the roles allowed to freed people of color tackling issues of race gender and slave holding by former slaves *The Forgotten People* corrects misassumptions about the origin of key properties in the Cane River National Heritage Area and demonstrates how historians reconstruct the lives of the enslaved the impoverished and the disenfranchised

Beyond Freedom's Reach Adam Rothman, 2015-02-25 After Union forces captured New Orleans in 1862 Rose Herera s owners fled to Havana taking her three children with them Adam Rothman tells the story of Herera s quest to rescue her children from bondage after the war As the kidnapping case made its way through the courts it revealed the prospects and limits of justice during Reconstruction

Sleeping With the Boss Lucy Ferriss, 1997-04-01 To her self posed questions What is a woman s narrative and Why Warren Lucy Ferriss responds with an acutely perceptive examination that is groundbreaking in two regards *Sleeping with the Boss* opens up the feminist critical project by showing that author gender has no bearing on the creation of feminine structured narrative Moreover by exposing a considerable female consciousness in the major fictional works of Robert Penn Warren it departs dramatically from previous criticism of Warren Ferriss a novelist as well as a critic expands on narrative poetics to suggest that female subjectivity is the central concept in defining a woman s narrative Specifically the subjective voice of a female character is present to such a degree that the traditional structures of masculine narrative described as linear forward moving and authoritative can no longer hold Leapfrogging over existing feminist theory she asserts that such female consciousness may permeate the writing of men as well as women Within Warren s traditional masculine narrative style Ferriss detects the complicating presence of female voice with its potential to alter the focus and direction of the plot As she demonstrates the degree to which Warren distances himself from or steps inside his female characters consciousness varies enormously across his career Still his novels reveal the consistent pattern of a major woman character in a liaison with a wealthy or powerful man those sexual relationships Ferriss maintains are pivotal in establishing female personae whose subjective effect on the narrative disturbs or overturns conventional readings of the novels meaning For example she presents a startlingly subversive analysis of the character Amantha Starr Band of Angels heretofore viewed as a simpering victim by critics In addition to nine of Warren s novels Ferriss critiques his book length poem *Brother to Dragons* which in the powerful voice of Lucy Lewis exhibits the moral and narrative limitations of the male speakers even as

that female voice is itself thwarted and cut off She also explores Warren's frequent motif of the female empty handed gesture reading in it the author's own assumption of the feminine perspective by expressing his abdication of narrative authority and ambivalence toward ascribing meaning Sleeping with the Boss represents a new generation of Warren scholarship revitalizing the poet novelist's complex oeuvre in light of contemporary concerns It provokes a radical rethinking of some of the plot elements taken for granted by other critics of Warren's work and offers a wide range of new ways to encounter his female characters

Moody's Manual of Railroads and Corporation Securities, 1920 *Discovering the Women in Slavery* Patricia Morton, 1996-01-01 As Patricia Morton notes in her historiographical introduction *Discovering the Women in Slavery* continues the advances made especially over the last decade in understanding how women experienced slavery and shaped slavery history In addition the collection illuminates some emancipating new perspectives and methodologies Throughout the contributors pay close attention over time and place to variations differences and diversity regarding issues of gender and sex race and ethnicity and class They draw on such qualitative sources as letters novels oral histories court records and local histories as well as quantitative sources like census data and parish records *Traffic World and Traffic Bulletin*, 1908

Not Free, Not for All Cheryl Knott, 2017-02-14 An illuminating account of the development and demise of separate public libraries for African Americans in the South during the era of segregation The *Journal of American Culture* Winner of the Eliza Atkins Gleason Book Award and the Lillian Smith Book Award Americans tend to imagine their public libraries as time honored advocates of equitable access to information for all Through much of the twentieth century however many black Americans were denied access to public libraries or allowed admittance only to separate and smaller buildings and collections While scholars have examined and continue to uncover the history of school segregation there has been much less research published on the segregation of public libraries in the Jim Crow South In fact much of the writing on public library history has failed to note these racial exclusions In *Not Free Not for All* Cheryl Knott traces the establishment growth and eventual demise of separate public libraries for African Americans in the South disrupting the popular image of the American public library as historically welcoming readers from all walks of life Using institutional records contemporaneous newspaper and magazine articles and other primary sources together with scholarly work in the fields of print culture and civil rights history Knott reconstructs a complex story involving both animosity and cooperation among whites and blacks who valued what libraries had to offer African American library advocates staff and users emerge as the creators of their own separate collections and services with both symbolic and material importance even as they worked toward dismantling those very institutions during the era of desegregation

The Foreign Commerce and Navigation of the United States for the Year Ending ..., 1946 *Américas*, 1950 *The Great Task Remaining Before Us* Paul Alan Cibala, Randall M. Miller, 2010 An unusually strong collection of essays the scholarship is impeccable Gaines M Foster Louisiana State University Baton Rouge

The Kindergarten-primary Magazine, 1908 *Chartered Schools* Nancy Beadie, Kim

Tolley,2014-04-08 Academies were a prevalent form of higher schooling during the eighteenth and nineteenth centuries in the United States The authors in this volume look at the academy as the dominant institution of higher schooling in the United States highlighting the academy s role in the formation of middle class social networks and culture in the mid nineteenth century They also reveal the significance of the academy for ethnic religious and racial minorities who organized independent academies in the face of exclusion and discrimination by other private and public institutions Subaltern Citizens and Their Histories Gyanendra Pandey,2009-09-10 This book explores changing modes of enfranchisement and disenfranchisement and the historical struggles over them in India and the United States Initiating a conversation across very different world areas this book stimulates new conversations about each region and beyond both *Scholars and Their Kin* Stéphane Gerson,2025-02-19 Spotlights historians who have embraced the methodological practical and ethical challenges of writing about the most slippery of subjects their own families Historians have often been discouraged from writing about their relatives subjects who are deemed too close for objective analysis But new work by scholars interested in their own families raises fascinating questions about subjectivity and how historians might put it to use It also invites historians to abandon traditional aspects of academic writing and draw instead on literary forms more equipped to highlight the relationships between scholar and material feeling and reason *Scholars and Their Kin* embraces diverse approaches to such writing bringing into the open the personal professional and historiographic complexities that ensue when scholars write intimate yet self aware histories about their families The first book devoted to this genre which editor St phane Gerson terms personal family history this anthology features ten essays and an afterword by scholars working in this vein The contributors varied in their disciplines themes and nationalities reflect on their motivations and methodological choices the politics of family history and the institutional constraints they have sometimes faced Making full use of the creative possibilities of voice and form they expand the literary ambitions of personal family history provide readers with narrative models and address questions of shame responsibility love gendered and racial violence family archives as well as the tall tales myths misrepresentations memories and omissions that suffuse family lives *Scholars and Their Kin* will interest historians scholars in other disciplines and readers interested in family histories that open broader worlds
