[Professor Lundy's Guide to Rock Music Connoisseurship](#) Duane Emerson Lundy, 2023-10-20 This empirical and theoretical book should be of interest to anyone who dares to consider the contentious topic of measuring and justifying aesthetic value in music as well as the issue of how experts compare to nonexperts in terms of aesthetic fluency aesthetic sensitivity and aesthetic judgment in appraising music The book should be both practical and personal for anyone who has a music collection and loves to see it grow continuously but wisely What makes someone an expert The key issue tackled here is how one develops into such a connoisseur of music Overall the book should spark much healthy debate about rock music quality and aesthetics in general both among scholars of aesthetics and the musically passionate general public Many of the ideas for connoisseur development for music could also be applied to appraisal in other areas of aesthetics beyond music such as films visual art or literature Words of Praise Professor Lundy s *Guide to Rock Music Connoisseurship* is simply fantastic It is written with elegance eloquence and passion His vast knowledge of rock n roll will enlighten every reader and his enthusiasm for this topic is infectious The book is designed to be comprehensible to any reader but also carefully cited to please the most demanding scholar He successfully aims to teach the reader how to become expert in evaluating the aesthetic quality of music using a precision system to guide us into deeper and defensible judgements on what pieces of music are the best and which are the worst This is a beautiful book that enriches the heart and brightens the mind Rhett Diessner Professor Emeritus of Psychology Lewis Clark State College author of *Understanding the Beauty Appreciation Trait Empirical Research on Seeking Beauty in All Things* Aesthetic judgments of music are important but poorly understood To the everyday listener they may seem arbitrary or otherwise inexplicable In this book Professor Lundy offers an unashamedly positive view on

**Comedy and Critique** Daniel R. Smith, 2018-06-20 Comedy and Critique explores British professional stand up comedy in the wake of the Alternative Comedy movement of the late twentieth century seeing it as an extension of the politics of the New Left standing up for oneself as anti racist feminist and open to a queering of self and social institutions Daniel Smith demonstrates that the comic sensibility pervading contemporary humour is as much speaking truth to power as it is realising one s position in power The professionalisation of New Left humour offers a challenge to social and cultural critique Stand up comedy has made us all sociologists of self identity and cultural power while also resigning us to a place where a comic sensibility becomes an acknowledgment of the necessity of social change
