Business Process Management Gustavo Alonso,Peter Dadam,Michael Rosemann,2007-09-04 This book constitutes the refereed proceedings of the 5th International Conference on Business Process Management BPM 2007 held in Brisbane Australia in September 2007 The papers are organized in topical sections on business process maturity and performance business process modeling case studies compliance and change process configuration and execution formal foundations of BPM business process mining and semantic issues in BPM Introductory Statistics Prem S. Mann,2020-10-13 Prem Mann understands from experience the challenges many students face when learning statistics in their non native language His clear and straightforward writing style and use of abundant visuals and figures reinforce key concepts and relate new ideas to prior sections for a smooth transition between topics Case studies examples with margin notes and step by step solutions illustrate concepts using relevant real world topics and applications Designed for a one or two semester course Statistics 10th Edition follows the GAISE guidelines for teaching and encourages statistical interpretation and literacy regardless of student background Food and the Self Isabelle de Solier,2013-10-10 We often hear that selves are no longer formed through producing material things at work but by consuming them in leisure leading to meaningless modern lives This important book reveals the cultural shift to be more complex demonstrating how people in postindustrial societies strive to form meaningful and moral selves through both the consumption and production of material culture in leisure Focusing on the material culture of food the book explores these theoretical questions through an ethnography of those individuals for whom food is central to their self foodies It examines what foodies do and why they do it through an in depth study of their lived experiences The book uncovers how food offers a means of shaping the self not as a consumer but as an amateur who

engages in both the production and consumption of material culture and adopts a professional approach which reveals the new moralities of productive leisure in self formation The chapters examine a variety of practices from fine dining and shopping to cooking and blogging and include rare data on how people use media such as cookbooks food television and digital food media in their everyday life This book is ideal for students scholars and anyone interested in the meaning of food in modern life

Information Modeling for Interoperable Dimensional Metrology Y Zhao,T Kramer,Robert Brown,Xun Xu,2011-08-28 Dimensional metrology is an essential part of modern manufacturing technologies but the basic theories and measurement methods are no longer sufficient for today s digitized systems The information exchange between the software components of a dimensional metrology system not only costs a great deal of money but also causes the entire system to lose data integrity Information Modeling for Interoperable Dimensional Metrology analyzes interoperability issues in dimensional metrology systems and describes information modeling techniques It discusses new approaches and data models for solving interoperability problems as well as introducing process activities existing and emerging data models and the key technologies of dimensional metrology systems Written for researchers in industry and academia as well as advanced undergraduate and postgraduate students this book gives both an overview and an in depth understanding of complete dimensional metrology systems By covering in detail the theory and main content techniques and methods used in dimensional metrology systems Information Modeling for Interoperable Dimensional Metrology enables readers to solve real world dimensional measurement problems in modern dimensional metrology practices
