*Quality in Higher Education* Brent D. Ruben, The concept of quality in higher education is by no means a new one By one set of definitions or another colleges and universities throughout the world have always held the pursuit of excellence as their primary goal Why then has the quality approach developed and popularized in industry and how increasingly applied in health care and government receiving so much attention in higher education at this moment What does this perspective add to the approaches to excellence with which they have long embraced These are the two primary questions that this book seeks to address Chapters and contributors include The New Productivity by Peter F Drucker World War n and the Quality Movement by J M Juran The Quality Approach to Higher Education Context of Concepts for Change by Brent Ruben The Big Questions in Higher Education Today by L Edwin Coate An American Approach to Quality by Marilyn R

Zuckerman and Lewis J Hatala Quality in Higher Education Critical Issues in Definition and Assessment by Brent Ruben and Ten Areas for Future Research in Total Quality Management by A Blanton Godfrey The volume is graced with an opening essay by Francis L Lawrence president of Rutgers University Higher education is in the public spotlight today due to the many challenges it now faces rising tuition costs frustration about a tight job market for graduates calls for increased faculty productivity concerns about political correctness and criticisms regarding the use of grant and research funds among others Quality in Higher Education is a particularly timely book that will greatly benefit educators university administrators students and sociologists and all those who are interested in higher education today Business Communication, Australia and New Zealand Baden Eunson, 2025-09-09 em style font family Arial font size 13 3333px background color f7f3e7 Business Communication 1st Edition prepares business students to excel in their communication skills upon entering the workforce The text provides a concise and focused narrative covering a range of communication practices from written and oral communication to social media interactions It simplifies complex concepts while providing practical examples to enhance understanding Moving Image Theory Joseph D Anderson, Joseph Anderson, Barbara Fisher Anderson, 2007-03-05 Looking at film through its communication properties rather than its social or political implications this work draws on the tenets of James J Gibson's ecological theory of visual perception and offers a new understanding of how moving images are seen and understood *Handbook of New Media* Leah A Lievrouw, Sonia M. Livingstone, 2006-01-17 Thoroughly revised and updated this Student Edition of the successful Handbook of New Media has been abridged to showcase the best of the hardback edition This Handbook sets out boundaries of new media research and scholarship and provides a definitive statement of the current state of the art of the field Covering major problem areas of research the Handbook of New Media includes an introductory essay by the editors and a concluding essay by Ron Rice Each chapter written by an internationally renowned scholar provides a review of the most significant social research findings and insights The Material Life of Human Beings Michael Brian Schiffer, 2002-01-22 In this ground breaking work the distinguished anthropological theorist Michael Brian Schiffer presents a profound challenge to the social sciences Through a broad range of examples he demonstrates how theories of behaviour and communication have too often ignored the fundamental importance of objects in human life In The Material Life of Human Beings the author builds upon the premise that the most important feature of human life is not language but the relationships which take place between people and objects The author shows that artifacts are involved in all modes of human communication be they visual auditory or tactile By creatively folding elements of postmodernist thought into a scientific framework he creates new concepts and models for understanding and analysing communication and behavior Challenging established theories within the social sciences Michael Brian Schiffer offers a reassessment of the centrality of materiality to everyday life The Hyperlinked Society Lokman Tsui, 2009-12-11 Links are among the most basic and most unexamined features of online life Bringing together a prominent array of thinkers from industry and the

academy The Hyperlinked Society addresses a provocative series of questions about the ways in which hyperlinks organize behavior online How do media producers considerations of links change the way they approach their work and how do these considerations in turn affect the ways that audiences consume news and entertainment What role do economic and political considerations play in information producers creation of links How do links shape the size and scope of the public sphere in the digital age Are hyperlinks bridging mechanisms that encourage people to see beyond their personal beliefs to a broader and more diverse world Or do they simply reinforce existing bonds by encouraging people to ignore social and political perspectives that conflict with their existing interests and beliefs This pathbreaking collection of essays will be valuable to anyone interested in the now taken for granted connections that structure communication commerce and civic discourse in the world of digital media This collection provides a broad and deep examination of the social political and economic implications of the evolving web based media environment The Hyperlinked Society will be a very useful contribution to the scholarly debate about the role of the internet in modern society and especially about the interaction between the internet and other media systems in modern society Charles Steinfield Professor and Chairperson Department of Telecommunication Information Studies and Media Michigan State University Joseph Turow is Robert Lewis Shayon Professor at the Annenberg School for Communication University of Pennsylvania He was named a Distinguished Scholar by the National Communication Association and a Fellow of the International Communication Association in 2010 He has authored eight books edited five and written more than 100 articles on mass media industries His books include Niche Envy Marketing Discrimination in the Digital Age and Breaking up America Advertisers and the New Media World Lokman Tsui is a doctoral candidate at the Annenberg School for Communication University of Pennsylvania His research interests center on new media and global communication Cover image This graph from Lada Adamic s chapter depicts the link structure of political blogs in the United States The shapes reflect the blogs and the colors of the shapes reflect political orientation red for conservative blogs blue for liberal ones The size of each blog reflects the number of blogs that link to it digitalculturebooks is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society culture and scholarly communication Visit the website at [www.digitalculture.org](http://www.digitalculture.org) *Alternative and Activist New Media* Leah A.

Lievrouw,2013-05-06 *Alternative and Activist New Media* provides a rich and accessible overview of the ways in which activists artists and citizen groups around the world use new media and information technologies to gain visibility and voice present alternative or marginal views share their own DIY information systems and content and otherwise resist talk back to or confront dominant media culture Today a lively and contentious cycle of capture cooptation and subversion of information content and system design marks the relationship between the mainstream center and the interactive participatory edges of media culture Five principal forms of alternative and activist new media projects are introduced including the characteristics

that make them different from more conventional media forms and content The book traces the historical roots of these projects in alternative media social movements and activist art including analyses of key case studies and links to relevant electronic resources Alternative and Activist New Media will be a useful addition to any course on new media and society and essential for readers interested in new media activism
