Mending a Broken Mind Andrew Adam White, 2021-09-09 Do you feel down depressed or hopeless Have you lost interest or pleasure in doing things Do you know someone who might be depressed and want to help Are you a Christian healer health care provider counselor or clergy and want to expand your knowledge base on depression If you answer yes to any of these questions this book may be of help to you As a Christian family physician and educator for forty three years and with seminary training I have found that treating the whole person with clinical depression is the most likely way to be healed from this dreadful illness There are now many real helps for those with clinical depression from the medical including psychiatric counseling and pastoral care professions especially from the Bible itself I have suffered from seven clinical depressions and most of my siblings and children have experienced at least one clinical depression so I know what the issues are that face those of us who are depressed I have also included real life examples of Christians who have suffered from depression including me as well as helpful quotations from Scripture and special prayers for those who are depressed

What Happens at the Lake Vi Keeland, 2024-01-15 A new grumpy sunshine standalone novel from 1 New York Times Bestseller Vi Keeland When life took an unexpected turn I decided to get out of New York for a while What better place to go than the idyllic small town my father spoke about so fondly when I was growing up Laurel Lake held the title America s Friendliest Town for seventeen years running and friendly was just what I needed right now Unfortunately friendly wasn t the welcome I got when I arrived Instead I got Fox Cassidy My tall dark and burly neighbor who grunted at me instead of saying hello Okay so I might ve had his mailbox in my hands the first time we met And it might ve been a little crushed after removing it from under my tire And I might ve needed his help breaking into the place I was staying in after the key broke off in the lock But still he didn t have to be so grumpy As time went on though I started to notice things about Fox other than his glares Like how he watched me when he thought I wasn t looking or how fire ignited in his eyes whenever we bickered Though I was in Laurel Lake to escape my problems not create new ones And getting involved with a man like Fox screamed trouble even if he was gorgeous and unlike any man I d ever met But alas problem seemed to be my middle name this year So

why not have some fun while I was here for the summer It seemed like a good plan At least until it was time to go home

Unhinged Daniel Carlat, 2010-05-18 In this stirring and beautifully written wake up call psychiatrist Daniel Carlat writes with bracing honesty about how psychiatry has so largely forsaken the practice of talk therapy for the seductive and more lucrative practice of simply prescribing drugs with a host of deeply troubling consequences Psychiatrist Daniel Carlat has noticed a pattern plaguing his profession Psychiatrists have settled for treating symptoms rather than causes embracing the apparent medical rigor of DSM diagnoses and prescription in place of learning the more challenging craft of therapeutic counseling gaining only limited understanding of their patients lives Talk therapy takes time whereas the fifteen minute med check allows for more patients and more insurance company reimbursement Yet DSM diagnoses he shows are premised on a good deal less science than we would think Writing from an insider's perspective with refreshing forthrightness about his own daily struggles as a practitioner Dr Carlat shares a wealth of stories from his own practice and those of others that demonstrate the glaring shortcomings of the standard fifteen minute patient visit He also reveals the dangers of rampant diagnoses of bipolar disorder ADHD and other popular psychiatric disorders and exposes the risks of the cocktails of medications so many patients are put on Especially disturbing are the terrible consequences of overprescription of drugs to children of ever younger ages Taking us on a tour of the world of pharmaceutical marketing he also reveals the inner workings of collusion between psychiatrists and drug companies Concluding with a road map for exactly how the profession should be reformed *Unhinged* is vital reading for all those in treatment or considering it as well as a stirring call to action for the large community of psychiatrists themselves As physicians and drug companies continue to work together in disquieting and harmful ways and as diagnoses and misdiagnoses of mental disorders skyrocket it is essential that Dr Carlat's bold call for reform is heeded
