Currere and Legacy in the Context of Family Business Samuel Chen,2023-03-28 This book presents a new conceptualization of the idea of legacy in a family business setting as an educational experience of teaching and learning between generations Using the lived experience of the author it combines autoethnography with a discussion on the influence of Chinese culture on family business and expectations placed on the eldest son as well as Bill Pinar s model of Currere to investigate the processes around intergenerational learning The author argues that legacy is the process of journeying to full personhood and the results of connected and collective aspirations shifting the focus from succession that is often marked by silence and power control The author s approach to business as a field has transformed its strong instrumental approach into an existential orientation with self discovery and self creation as an ongoing process Providing the new and innovative beginnings of a theoretical curriculum that could foster legacy processes and taking a unique and interdisciplinary approach to looking at family business and legacy this book will be relevant to scholars and researcher of both education and business studies

El Camino Lee Hoinacki,2010-11 *El Camino* Spanish for the way is a day by day account of a modern American pilgrim s solitary walk from St Jean Pied de Port in France across the Pyrenees and northern Spain to Santiago de Compostela believed since medieval times to be the burial place of Saint James During thirty two days in 1993 Lee Hoinacki trod the 500 mile route followed by Europeans for over a thousand years stopping each evening at pilgrim hospices some centuries old to write in his diary His reflections range from the historical examination of religious sensibility to analyses of modern developments in architecture and technology from the theological understanding of place to the mentality of mountain bike riders Readers share in the personal religious growth of a traditional Roman Catholic who toward the end of his life finds himself in the welcome company of those who walked the same camino during the past centuries The constant interplay between pertinent anecdotes from well chosen fellow pilgrims both ancient and modern and Hoinacki s experiences of contemporary Spanish customs and behavior gives the book a captivating timelessness and spiritual insight rarely found in other modern chronicles of the pilgrimage to Santiago

Manzella, 2025-06-23 Seeking Transcendence examines the various paths taken by those who have detached themselves from their traditional institutional religious roots but are seeking non traditional paths to spiritual experiences Called the nones or non affiliated in popular mass media these include a significant number of Western folks who maintain a belief in God or at least consider themselves spiritual but not religious Each chapter of the book explores these trends with a specific theme as well as a case study based on the author s ethnographic observation of alternative spiritual communities and practices in North America and Western Europe Ultimately this book shows how contemporary alternatives to traditional institutional religion appeal to nones presenting the relevance of new religious movements and more secular spiritual paths to transcendence

A Father and Son Walking Experience Dr. Ruben Barron, 2022-01-24 The book is a personal account of a father and son s journey walking over one thousand miles on the Camino de Santiago It is a bonding experience between two adult males confronting unexpected struggles to reach their destination over an extended period of time It is equally a reference for those interested in learning more about what the historical and famous Camino de Santiago entails The French Camino everyone s favorite was highly interactive with countless traveling companions from throughout the globe It includes fascinating walks through large cities like Pamplona Leon and Burgos and unique segments like climbing the Pyrenees from France to Spain and walking the long flat mesa outside of Burgos The North Camino was almost an entirely different experience While the struggles were more pronounced they were more satisfying Almost nothing turned out as planned and yet everything came together at the end There is no doubt that the French Camino had to come first It prepared us for the second journey in Europe as did the four years between the two Caminos 15

Communion of Saints Susan L. Miller, 2017-02-01 This collection of poems explores the saints of the church s history and contemporary persons who embody something of their charism Three sections are arranged around the themes of the three theological virtues Faith portrayed as a source of

strength in times of trial Hope the darkest in the book dealing with matters of the body's frailty illness social discrimination and the search for a way to live within the constraints of society Love offering a panoply of outward looking characters who give to others in radical or personal ways The volume ends with a cycle of Franciscan poems that offer a model for the Christian life not simply in terms of individual moments but also as a complete life cycle of practice and prayer
