My First Time A Collection Of First Punk Show Stories:

My First Time Chris Duncan, 2007 A collection of first time tales from musicians and artists reminiscing about their first punk gig experiences and the formative nature that it played in their lives at the time and in shaping their adult lives Includes memoirs from members of Chumbawumba and Jawbreaker poet and musician Attila the Stockbroker author Michelle Tea and artist Cynthia Connely among many others *Hardcore Punk in the Age of Reagan* Robert Fitzgerald, 2025-05-07 Few politicians produced the musical reaction that Ronald Reagan did His California branded conservatism inspired countless young people to pick up guitars and thrash out their political angst Punk bands across the United States took aim at the man his presidency and the idea of America he was selling to voters nationwide Small yet vibrant scenes across the country emerged to challenge the communal norms and social values projected on them by the popular media and consumer culture Punk enthusiast Robert Fitzgerald argues that these songs lyrics aren't just catchy and fun to scream along with they also reveal the thoughts and feelings of artists reacting to their political environment in real forthright and uncensored time In candid detail Fitzgerald shows how these lyrics illustrated what young adults felt and how they reacted to one of the most influential and divisive leaders of the era Punk lyrics are seemingly simple the author argues but they sketch out a complex musically inspired countermovement that is as canonical in the American songbook as the folk and rock protest music that came before *Negotiating Group Identity in the Research Process* Anastacia Kurylo, 2016-10-28 *Negotiating Group Identity in the Research Process* Are You In or Are You Out focuses on researcher identity and the role it plays in conducting research whether as a member of the culture being studied i.e. an insider or as an outsider to that culture Contributors address the problems researchers face as insiders and outsiders the practical strategies used to overcome related obstacles the implications of insider outsider status for the design of the study the value of insider and outsider perspectives the impact of this on the findings of a study the implications for advocating on behalf of a group being studied and other important topics These scholars are from within and outside the field of communication and include well known and emerging scholars who have studied a multitude of groups using various methodological strategies *We're Not Here to Entertain* Kevin Mattson, 2020-05-14 Many remember the 1980s as the era of Ronald Reagan a conservative decade populated by preppies and yuppies dancing to a soundtrack of electronic synth pop music In some ways it was the MTV generation However the decade also produced some of the most creative works of punk culture from the music of bands like the Minutemen and the Dead Kennedys to avant garde visual arts literature poetry and film In *We're Not Here to Entertain* Kevin Mattson documents what Kurt Cobain once called a punk rock world the all encompassing hardcore indie culture that incubated his own talent Mattson shows just how widespread the movement became ranging across the nation from D.C. through Ohio and Minnesota to LA and how democratic it was due to its commitment to Do It Yourself DIY tactics Throughout Mattson puts the movement into a wider context locating it in a culture war that pitted a blossoming punk scene

against the new president Reagan's talk about end days and nuclear warfare generated panic his tax cuts for the rich and simultaneous slashing of school lunch program funding made punks who saw themselves as underdogs seethe at his meanness The anger went deep since punks saw Reagan as the country's entertainer in chief his career from radio to Hollywood and television synched to the very world punks rejected Through deep archival research Mattson reignites the heated debates that punk's opposition generated in that era about everything from straight edge ethics to anarchism to the art of dissent By reconstructing the world of punk Mattson demonstrates that it was more than just a style of purple hair and torn jeans In so doing he reminds readers of punk's importance and its challenge to simplistic assumptions about the 1980s as a one dimensional conservative epoch

Making a Killing Bob Torres,2007 Using Marxism anarchism and social ecology to explore domination power and hierarchy the author criticizes the use and abuse of animals in capitalist society and argues for the abolition of animal involvement in industry and as a human food source

Constituent Imagination Stephen Shukaitis,David Graeber,Erika Biddle,2007 From the ivory tower to the barricades Radical intellectuals explore the relationship between research and resistance

Granny Made Me an Anarchist Stuart Christie,2007 An extraordinary story with the pace and excitement of a good political thriller

The Publishers Weekly,2009
