My Heroic Mother Voices From The Holocaust:

My Mother's Voice Adrienne Kertzer, 2001-12-11 Named Honor Book of the Year by the Children's Literature Association Winner 2003 Canadian Jewish Book Award for scholarship on a Jewish subject Finalist 2003 Alberta Book Awards Scholarly Book of the Year How do children's books represent the Holocaust How do such books negotiate the tension between the desire to protect children and the commitment to tell children the truth about the world If Holocaust representations in children's books respect the narrative conventions of hope and happy endings how do they differ if at all from popular representations intended for adult audiences And where does innocence lie if the children's fable of Roberto Benigni's *Life is Beautiful* is marketed for adults and far more troubling survivor memoirs such as Anita Lobel's *No Pretty Pictures* A Child of War are marketed for children How should Holocaust Studies integrate discourse about children's literature into its discussions In approaching these and other questions Kertzer uses the lens of children's literature to problematize the ways in which various adult discourses represent the Holocaust and continually challenges the conventional belief that children's literature is the place for easy answers and optimistic lessons

Lift Every Voice Lani Guinier,1998

In 1993 shortly after his inauguration new President Bill Clinton nominated his old friend and classmate Lani Guinier to the prestigious and crucial post of Assistant Attorney General for Civil Rights

In the face of concerted opposition what one friend of Guinier s called a low tech lynching Clinton backed down not only withdrawing her nomination but having refused throughout to give her an opportunity to speak out in her own defense and his

The result was a civil rights setback of monumental proportions

Now in this book at once a memoir and insider s account of what really happened behind the closed doors of the Oval Office the Justice Department and the U S Senate and an insightful look at the past present and future of civil rights in America

Lani Guinier at last breaks her silence Unsparing of her own mistakes and shrewdly perceptive about the overt and hidden agendas of those who opposed her

Professor Guinier shows how the president promptly abandoned his ambitious agenda for civil rights at the first hint of criticism from the media and Congress and how the civil rights movement suffered a major setback as a result

Above all Guinier goes on to describe how her experience at the hands of the press the White House and her congressional enemies has given her both a new voice and a renewed faith in the ongoing struggle for civil rights

Using her own nomination as a symbolic point of reference she shows just how weak and divided the cause of civil rights has become as its leaders have all too often been silenced by the very people they should be challenging

The Jews Yehuda Bauer,2014

For the last fifty years I have been studying the genocide of the Jews which we call the Holocaust

For the

last thirty years I have been studying antisemitism and for the last fifteen years genocide generally and ways to prevent it That is the prism through which I view Jewish history past and present I prefer to look at it from a contemporary point of view That is also the way I view human history in general It is quite possible that this view from the present to the past is decisively influenced by the fact that my professional life is determined by the most tragic and serious issues that any historian and most certainly a Jewish one can deal with the Holocaust antisemitism and genocide Yehuda Bauer Series LIT Premium Subject Sociology Jewish Studies History

Second-Generation Memory and Contemporary Children's Literature Anastasia Ulanowicz, 2013-09-02 Winner of the Children's Literature Association Book Award This book visits a range of textual forms including diary novel and picturebook to explore the relationship between second generation memory and contemporary children's literature Ulanowicz argues that second generation memory informed by intimate family relationships textual mediation and technology is characterized by vicarious rather than direct experience of the past As such children's literature is particularly well suited to the representation of second generation memory insofar as children's fiction is particularly invested in the

transmission and reproduction of cultural memory and its form promotes the formation of various complex intergenerational relationships Further children s books that depict second generation memory have the potential to challenge conventional Western notions of selfhood and ethics This study shows how novels such as Lois Lowry s *The Giver* 1993 and Judy Blume s *Starring Sally J Freedman as Herself* 1977 both of which feature protagonists who adapt their elders memories into their own mnemonic repertoires implicitly reject Cartesian notions of the unified subject in favor of a view of identity as always already social relational and dynamic in character This book not only questions how and why second generation memory is represented in books for young people but whether such representations of memory might be considered radical or conservative Together these analyses address a topic that has not been explored fully within the fields of children s literature trauma and memory studies and Holocaust studies
