The War for America's Soul Sebastian Gorka, 2019-10-08 Take it from someone who has been on the inside who understands the fight we are currently in and who knows what must be done to save our country Dr Sebastian Gorka's latest book *The War for America's Soul* leverages the former White House strategist's expertise driven by his determination to preserve what made America great in the first place MARK LEVIN Our country is at war with itself On one side are American patriots dedicated to freedom under the Constitution on the other side are leftists campaigning not just to win elections but to radically transform the nation In this political war for the soul of our country America's patriots need a strategist with a blueprint for victory Luckily we have such a man in Dr Sebastian Gorka a former strategist for President Trump and now a nationally syndicated radio host and a fearless culture warrior In his essential new book *The War for America's Soul* Dr Gorka shows how America's elite in both parties betrayed our heartland sabotaged the American dream and accepted national decline as inevitable It took a candidate with remarkable vision dauntless courage and unbreakable determination to change the narrative That man was Donald Trump A candidate who owed no favors to special interests Trump articulated a new American nationalism that has been an extraordinary force for economic and

political renewal **My Journey to America** Elizabeth C. Grizzard, 2015-12-07 This is the true story of my family's daring escape from communist Laos in search of a better life in America. In this book you will see that nothing is impossible if you dream big, work hard, and never walk backward. My dad was a low-ranking Laotian soldier who fought alongside the US during the Vietnam War. His fellow soldiers told him about life and freedom in America. From their words, he set his mind on bringing his family here, and no matter how difficult the journey became, he never gave up. I hope this book will encourage you to be strong and to hold fast to your dreams. Never forget you're here in America. This is the land of opportunity filled with love and generosity.

The Journey Of Nations Steven Warren, 2013-02-26 This is a collection of several people's life journeys. It tells each person's journey, their experiences through lives, and why they want to advance their life and careers. It is a collection of sorrow, pain, happiness, and the incredible will to succeed. They have faltered, given in to despair, and felt loss, but they continued with an urgency that shall not be diminished. All of these stories are an account of life at its purest and come from the heart of great people wishing to leave something behind in the hope to inspire others to reach the stars and beyond.

My Journey Nicolas Radoiu, 1991 **The Rise and Fall of the German Democratic Republic** Feiwel Kupferberg, 2017-12-04 Most public debate on reunited Germany has emphasized economic issues such as the collapse of East German industry, mass unemployment, career difficulties, and differences in wages and living standards. The overwhelming difficulty resulting from reunification, however, is not persisting economic differences but the internal cultural divide between East and West Germans, one based upon different moral values in the two Germanies. The invisible wall that has replaced the previous highly visible territorial division of the German nation is rooted in issues of the past: the Nazi past, as well as the German Democratic Republic past. In emphasizing economic differences, the media and academics have avoided dealing with typically German cultural traits. These include the psychological posture of West Germany, which emphasized not differences between East and West but the break with Germany's Nazi past. The adversarial posture of certain professional groups in East Germany towards the liberal and democratic values of West Germany have also been an obstacle. Reviewing the problems accompanying reunification, chapter 1 explores German culture and history and the moral lessons evolved from the Nazi past. Chapter 2 focuses on the East-West mindset and how differences in attitude affect efforts to adapt to reunification. Chapter 3 discusses the simulated break with Nazi Germany in the German Democratic Republic. Chapters 4, 5, and 6 analyze the roots of the adversary posture of the professional groups in East Germany towards the values of the Berlin Republic. Chapter 7 demonstrates the strong presence of inherited typically German cultural traits among East Germans, such as a lack of individualism, suspicion of strangers, and obedience to authority. Chapter 8 documents the extent to which a right-wing extremist culture has remained latent in Eastern Germany. Chapter 9 documents the extent to which moral reasoning in the GDR relieves the individual of any kind of responsibility for the actions of the state, reproducing the way ordinary Germans rationalized their participation in the Nazi regime immediately after World War II. Chapter 10 concludes with an

overview of the historical and sociological factors revolving around the discussion of Nazi Germany the GDR and inner unification This volume will be important for historians political scientists anthropologists sociologists and a general public interested in Germany's reunification My Children's Horrific Journey to Freedom Andy Lieu, Vietnam after the Fall of Saigon in 1975 life is getting tougher and more desperate by the day Before dawn one morning Andy age thirteen is shaken awake by his mother He and his sister Allison age seventeen are taken to the airport and put on an old two propeller plane headed for the war torn city of Hanoi the first stop in a daring plan to escape from North Vietnam Leaving family home and country behind the two must travel alone My Children's Horrific Journey to Freedom is the true story of their harrowing journey By plane train boat and on foot living by their wits the two flee the oppression of the Vietnamese communist regime only to experience worse horrors at the hands of the Chinese Using all their resources Andy and his sister find a way out of China but must face still more dangers before finally reaching safety Revisiting his extraordinary childhood journey Lieu's experiences will shock and engross teenagers and adults alike His story champions the priceless nature of freedom and is a testament to perseverance ingenuity friendship and family *Reports and Documents* United States. America's Dirty Wars Russell Crandall,2014-04-28 This book examines the long complex experience of American involvement in irregular warfare It begins with the American Revolution in 1776 and chronicles big and small irregular wars for the next two and a half centuries What is readily apparent in dirty wars is that failure is painfully tangible while success is often amorphous Successfully fighting these wars often entails striking a critical balance between military victory and politics America's status as a democracy only serves to make fighting and to a greater degree winning these irregular wars even harder Rather than futilely insisting that Americans should not or cannot fight this kind of irregular war Russell Crandall argues that we would be better served by considering how we can do so as cleanly and effectively as possible Creating Complicated Lives Marianne Gosztanyi Ainley,2012 Ainley argues that we must look at the lives of women scientists through a new historical lens that takes into account both the advances of science and concurrent debates about the advancement of women Rather than having linear career trajectories many women shifted fields coped with discrimination and endeavoured to find niches in which they could make significant contributions Pub desc RUN TO WHERE NOBODY IS WAITING Decebal Bugariu,2021-12-15 After living in a corrupt totalitarian regime in which you are denied the very basic individual rights of freedom to speak without censorship to worship without intimidation to read books you want and meet friends without fear of being spied or reported on to grow professionally without shameful compromises to get a passport without the humiliation of having to bribe a corrupt official when all of these become unbearable fleeing is one of the very few options no certain destination no one waiting for you yet the only way you can save your sanity dignity and integrity This is a personal account of a long journey from total desperation through life and near death events to safety hope and freedom and I hope that as crude and unhindered this story is it is also highly entertaining **California Travel Quests** Richard Di
