My Life Based On The Gifted Hands:

My Life Ben Carson, M.D., 2015-07-14 Ben Carson grew up in the inner cities of Boston and Detroit with his mother and brother When his father deserted the family Ben s mother worked several jobs to support her boys yet worked even harder to encourage them to get an education and follow their dreams Ben s dreams nearly ended when his anger at being poor and the ridicule of a school mate caused him to snap he lunged at the boy and cut him with a knife That brush with attempted murder caused Carson to break down and ask God to turn him around And turn him around he did A poor student Carson under the guidance of his mother and brother became the best student in his class his school and ultimately earned a scholarship to Yale The next time he used a knife was as a neurosurgeon at Johns Hopkins Hospital where he pioneered surgery techniques that not only saved lives but miraculously gave countless children an amazing quality of life My Life is the story of a young boy who could have remained trapped in poverty were it not for his mother s tough and sacrificial love his own perseverance that he learned from her example and his deep faith that called him to do great and mighty things This book contains a new chapter about Dr Carson s philosophies of serving one s country becoming role models for people with disadvantaged backgrounds using the talents God has given you embracing what success really is and believing youths and adults alike that with hard work and perseverance you can do it And on May 4 2015 Dr Ben Carson declared himself a candidate for the Presidency of the United States of America

New Friendship Bible Optimum Vizh-an,2014-01-24 The NFB is written in the theme of God desiring to have friends made in His likeness His desire emerges from the back drop of basking in His omnipresence for countless of eons Then at one moment He finds Himself deep in His loneliness After wrestling with Himself for more eons He realizes He longs for a friend With every bit of His infinite wisdom He sets out in pursuit to remove all of His loneliness This adventure will take Him to all of the edges of His omni existence in all of His infinite dimensions He will make eternal commitments and personal sacrifices to reassure Himself that our friendship with Him will not be by force not by intimidation and defiantly not by keeping a set of rules The NFB was created with new books and thoughts based on a compilation of traditionally accepted scriptures for the purpose of encouraging us to pursue a more enriching relationship with God Over 400 Meditationals for personal and or group studies were added through out the NFB to stimulate our hearts our minds to embrace Gods

friendship with us in a fresh new way With the NFB we can imagine God desiring to have an unconditional love friendship with us versus through a list of rules revealing His new friendship with those who have never seen or heard His story before and His manifesting a deeper friendship with us through our lives passions through our particular needs and through our businesses *If You Don't Like Lemonade, Stop Buying Lemons* Gil Rosenfeld, Katie Carpenter, 2023-02-09 Ever since the beginning of the world man has contained within him an insatiable desire to be the captain of his own ship and master of his own fate It s a natural flaw in man in our fallen state It really becomes problematic when pride prevents one from looking outside their selves for help or for the correct answers in life It s not that God has abandoned us with no direction or answers it is simply the failure to launch in oneself a humbling posture to allow us to receive that which God has given to us freely his wisdom If any of you lacks wisdom let him ask God who gives generously to all without reproach and it will be given him Jas 1 5 ESV After years of history on display man makes the same mistake every day He understands what faith is and knows how to apply it but fails to seek out wisdom to point him in the right direction to place his faith Where you place your faith determines the directions your path of life will be Will you travel the long hard pothole ridden dusty road or the wellpaved smooth and straight road that sojourners decided to take before you to success Why not follow them and make it easier on yourself The book is my commentary of examples from my life where it seemed I always did it the hard way Taking the wrong road because I trusted my feelings instead of the trusted GPS men never stop to ask for directions I wrote this book from my failures and my search for truth to help others reach for wisdom in decision making processes Of course everyone still has that great gift from God of freedom of choice to make decisions in what they think is right In the end it may lead to the lemonade stand Proverbs 14 12

Ghaly FACS, MD,2019-08-26 This is the twelfth book of the series Christianity and the Human Brain It integrates the neuroscience and the Bible the Holy Book of our Lord Jesus My love for our Lord Jesus Christ abides with my lifetime passion for neurosurgery and medicine my continual obsession of spiritual connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body As I perform brain surgeries for three decades I realize my theory is so true The majestic human brain can t be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain to become a brain of a man of God and the hand of man to a hand of a man of God The spiritual human brain never dies only the flesh It is the center of my calling and unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demand of me My life is dedicated to my Lord Jesus patients and residents As a physician I have reached the top in America I am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals As an academic teacher I trained for more than thirty four years graduating thousands of trainee But all is nothing as I strive for the Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual patients miracles testimonials and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine This book is full of many vibrant stories that I love to share It is timely since I consider my generation soon will be viewed obsolete to the future generations and what will remain are the books I authored The book is a text of wealth covering broad and diverse topics of my life s journey in 134 chapters and organized over 14 sections So many chapters are written about my special love for Lord Jesus Christ and His children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the

human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to the mothers newborns and little children While my soul is grieving a section is designated on the ongoing Christian persecution especially the genocide of Christians in my country Egypt the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn't otherwise convey for one reason and another such as neuroscience in aerospace and some of the timely touching subjects like drug overdose human trafficking and healthcare crises Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our Savior It is never enough to share our love write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about *My Life is in Your Hands* Eddie Cantor, David Freedman, 1928

The Making of a Physician Harry L. Graber M.D. F.A.C.C., 2016-06-29 Both genetic and environmental factors play important roles in one's life Genetics remains a fixed entity whereas environment is a variable Environmental experiences in life can have a positive or negative influence upon the genetic makeup of a given individual Decision making in the preschool environment is predominantly controlled by parents Eventually the individual being influenced by the many past environmental factors becomes the responsible choice maker as to which path in life he/she wishes to travel It is my belief that it is providential that one is given these experiences to aid in our decision making This concept was supported by five of the physicians who shared their stories chapter 10 All were greatly influenced by role models whom they encountered in their earlier life This influence factor is not a single event but a continuum This forms the basis of the concept that the making of a physician is not a one-time event but represents a continuum For some of us becoming a physician was understood as a calling The stories in this book were shared so that others may develop a greater appreciation of their own environmental experiences and consider them as influential factors in the decision making of their lives It is also my hope that this book might be of positive help to the young person considering the medical profession as his or her vocation
