My Path Atheism Original 1885:

Atheism and Agnosticism Peter A. Huff,2021-09-01 An overview essay and approximately 50 alphabetically arranged reference entries explore the background and significance of atheism and agnosticism in modern society This is the age of atheism and agnosticism The number of people living without religious belief and practice is quickly and dramatically rising Some experts call nonreligion after Christianity and Islam the third largest religion in the world today Understanding the origins history variations and impact of atheism and agnosticism is crucial to getting a grasp of the meaning of the present and gaining a glimpse of the future Exploring some of the most extraordinary people events and ideas of all time this book provides a fair comprehensive and engaging survey of all aspects of contemporary atheism and agnosticism An overview essay discusses the background and social and political contexts of unbelief while a timeline highlights key events Some 50 alphabetically arranged reference entries follow with each providing fundamental objective information about particular topics along with cross references and suggestions for further reading The volume closes with an annotated bibliography of the most important resources on atheism and agnosticism

A People of One Book Timothy Larsen,2011-01-27 This book vividly recovers the lost world of the Victorians in which everyone thought spoke and argued through scripture Larsen presents lively individual case studies of well known figures from different religious and sceptical traditions including Florence Nightingale T H Huxley C H Spurgeon and Catherine Booth

My Path to Atheism Annie Besant,1885 **The Theosophist** ,1947 **Systematic Atheology** John R. Shook,2017-12-01 Atheology is the intellectual effort to understand atheism defend the reasonableness of unbelief and support nonbelievers in their encounters with religion This book presents a historical overview of the development of atheology from ancient thought to the present day It offers in depth examinations of four distinctive schools of atheological thought rationalist atheology scientific atheology moral atheology and civic atheology John R Shook shows how a familiarity with atheology s complex histories forms and strategies illuminates the contentious features of today s atheist and secularist movements which are just as capable of contesting each other as opposing religion The result is a book that provides a disciplined and philosophically rigorous examination of atheism s intellectual strategies for reasoning with theology Systematic Atheology is an important contribution to the philosophy of religion religious studies secular studies and the sociology and psychology of nonreligion

Handbook of Religious Culture in Nineteenth-Century Europe Anthony Steinhoff,Jeffrey Zalar,2024-12-30 This handbook offers a guide to research on religious culture during Europe s long nineteenth century 1800 1914 Grounded in the latest theoretical approaches and in line with trends that have produced a religious turn in the study of modern Europe the volume assesses the state of the field while making provocative recommendations for its enlargement Unique and ambitious in its thematic breadth it addresses the histories of all five of Europe s main religious traditions Eastern Orthodox Christianity Judaism Islam Protestantism and Roman Catholicism and brings these histories into comparative analysis This analysis extends to a wide

range of subjects from popular belief and practice education and modern knowledge formation and the arts to the intersections between religion and urbanization civil society and politics and missions and imperialism It also evaluates recent developments in work on religion vis vis both gender and nationalism while calling attention to newer research that proposes secularism as a form of belief in its own right Presenting the scholarship of eighteen leaders in their respective fields the volume explains why religion as a topic of research has moved from the periphery to the center of modern

European historiography **Accelerating Human Evolution by Theosophical Initiation** Yves Mühlematter,2022-12-19 The main subjects of analysis in the present book are the stages of initiation in the grand scheme of Theosophical evolution These initiatory steps are connected to an idea of evolutionary self development by means of a set of virtues that are relative to the individual s position on the path of evolution The central thesis is that these stages were translated from the Hindu tradition to the Theosophical tradition through multifaceted hybridization processes in which several Indian members of the Theosophical Society partook Starting with Annie Besant s early Theosophy the stages of initiation are traced through Blavatsky s work to Manilal Dvivedi and T Subba Row both Indian members of the Theosophical Society and then on to the San tana Dharma Text Books In 1898 the English Theosophist Annie Besant and the Indian Theosophist Bhagavan Das together founded the Central Hindu College Benares which became the nucleus around which the Benares Hindu University was instituted in 1915 In this context the San tana Dharma Text Books were published M hlematter shows that the stages of initiation were the blueprint for Annie Besant s pedagogy which she implemented in the Central Hindu College in Benares In doing so he succeeds in making intelligible how esoteric knowledge was transferred to public institutions and how a broader public could be reached as a result The dissertation has been awarded the ESSWE PhD Thesis prize 2022 by the European Society for the Study of Western Esotericism Ideology and Evolution in Nineteenth Century Britain Evelleen

Richards,2020-05-20 Written over several decades and collected together for the first time these richly detailed contextual studies by a leading historian of science examine the diverse ways in which cultural values and political and professional considerations impinged upon the construction acceptance and applications of nineteenth century evolutionary theory They include a number of interrelated analyses of the highly politicised roles of embryos and monsters in pre and post Darwinian evolutionary theorizing including Darwin s several studies of the intersection of Darwinian science and its practitioners with issues of gender race and sexuality featuring a pioneering contextual analysis of Darwin s theory of sexual selection and explorations of responses to Darwinian science by notable Victorian women intellectuals including the crusading anti feminist and ardent Darwinian Eliza Lynn Linton the feminist and leading anti vivisectionist Frances Power Cobbe and Annie Besant the bible bashing birth control advocate who confronted Darwin s opposition to contraception at the notorious Knowlton Trial

Yahweh, the Elohim, and Buddha Andrew Smith,2020-09-10 This book is a sort of last will and testament of a man who has spent his life trying to discern the fundamental questions of life It is some speculation some fact and some biographical

The Bible Bruce Gordon, 2024-09-17 A wonderful highly comprehensive John Barton author of A History of the Bible global history of the world's best known and most influential book For Christians the Bible is a book inspired by God Its eternal words are transmitted across the world by fallible human hands Following Jesus's departing instruction to go out into the world the Bible has been a book in motion from its very beginnings and every community it has encountered has read heard and seen the Bible through its own language and culture In The Bible Bruce Gordon tells the astounding story of the Bible's journey around the globe and across more than two thousand years showing how it has shaped and been shaped by changing beliefs and believers radically different needs The Bible has been a tool for violence and oppression and it has expressed hopes for liberation God speaks with one voice but the people who receive it are scattered and divided found in desert monasteries and Chinese house churches in Byzantine cathedrals and Guatemalan villages Breathtakingly global in scope The Bible tells the story of this sacred book through the stories of its many and diverse human encounters revealing not a static text but a living dynamic cultural force

The New Encyclopedia of Unbelief Tom Flynn, 2007-04-30

Dissent and the Bible in Britain, c.1650-1950 Scott Mandelbrote, Michael Ledger-Lomas, 2013-10-31 The claim that the Bible was the Christian's only rule of faith and practice has been fundamental to Protestant dissent Dissenters first braved persecution and then justified their adversarial status in British society with the claim that they alone remained true to the biblical model of Christ's Church They produced much of

the literature that guided millions of people in their everyday reading of Scripture while the voluntary societies that distributed millions of Bibles to the British and across the world were heavily indebted to Dissent Yet no single book has explored either what the Bible did for dissenters or what dissenters did to establish the hegemony of the Bible in British culture The protracted conflicts over biblical interpretation that resulted from the bewildering proliferation of dissenting denominations have made it difficult to grasp their contribution as a whole This volume evokes the great variety in the dissenting study and use of the Bible while insisting on the factors that gave it importance and underlying unity Its ten essays range across the period from the later seventeenth to the mid twentieth century and make reference to all the major dissenting denominations of the United Kingdom The essays are woven together by a thematic introduction which places the Bible at the centre of dissenting ecclesiology eschatology public worship and family religion while charting the political and theological divisions that made the cry of the Bible only so divisive for dissenters in practice

Infidel feminism Laura Schwarz, 2017-10-03 Infidel feminism is the first in depth study of a distinctive brand of women s rights that emerged out of the Victorian Secularist movement It looks at the lives and work of a number of female activists whose renunciation of religion shaped their struggle for emancipation Anti religious or secular ideas were fundamental to the development of feminist thought but have until now been almost entirely passed over in the historiography of the Victorian and Edwardian women s movement In uncovering an important tradition of Freethinking feminism this book reveals an ongoing radical and free love current connecting Owenite feminism with the more respectable post 1850 women s movement and the New Women of the early twentieth century This book will be invaluable to both scholars and students of social and cultural history and feminist thought and to interdisciplinary studies of religion and secularisation as well as those interested in the history of women s movements more broadly
