My Quest To Be A Single Dad:

My Quest to Be a Single Dad Garry White, 2009-11 Author Garry White's instinctual desire to love and provide a home for disadvantaged youth has been denied again and again on the basis of what appears to be personal bias and an isolated episode of mental illness several years in the past In My Quest to Be a Single Dad Garry fights the social implication and double standard that single men are unfit to be parents Anyone involved in social family services or potential adopters will be intrigued by this determined author's tale of continued rejection and social stigmas Single adults hoping to adopt will also find valuable tips on the dos and don'ts of adoption many of which Garry had to learn the hard way Single Parents Berit Åström, Disa Bergnehr, 2021-05-29 This edited volume addresses how single mothers and fathers are represented in novels self help literature daily newspapers film and television as well as within their own narratives in interviews on social media With proportions varying between countries the number of single parents has been increasing steadily since the 1970s in the Western world Contributions to this volume analyse how various societies respond to these parents and family forms Through a range of materials methodologies and national perspectives chapters make up three sections to cover single mothers single fathers and solo mothers single women who became parents through assisted reproductive technologies The authors reveal that single parenthood is divided along the lines of gender and socioeconomic status with age sexuality and the reason for being a single parent coming into play Chapter 11 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com **Single Father, Better Dad** Mark Tucker, 2018-10-01 A must read for any man going through the pain of divorce or bringing up their children as a single father When Mark Tucker's marriage ended suddenly he feared that his life would fall apart His family as he knew it would never be the same he became the prime parent of his two daughters Searching for books to help him through his trauma he found nothing So he wrote one himself What happens to Tucker is surprising and uplifting through the darkness and despair of divorce he finds a strength in himself he didn't know he had He becomes a better Dad and embraces life in ways he never thought possible This is a moving insightful and often hilarious book It approaches a difficult subject from a practical and also entertaining way **His Child, Her Dad** David J. Duncan, 2000-07-27 During an evening TV news broadcast this past winter I watched a story about a man whose wife had just been killed What inspired me to write this book was this statement Everything I go through now I'll have to go through without my wife paraphrased I didn't even know the man personally but I had the overwhelming desire to reach out an empathetic hand to him and reassure him he'd make it The result was an elaborate you can do it letter The major challenges and opportunities are examined through 13 chapters The sudden absence of Mom the responsibilities of Dad remembering Mom long term effects of discipline strong communications skills support from friends and family time management lasting work ethic spiritual grounding in the home and community putting sex in its place the need for Dads to continue living how the first eleven chapters equip you for tragedy and hope of the future While not a textbook or manual the

chapters are laid out with a common foundation anecdotes spirituality and poetry Experiences that have caused tears of laughter and heartbreak quotes from the best source available the Bible and poetry that expresses the thoughts of the current subject The Life of (A Single Parent) Brian! Brian Rowlands,2010-10 What happens when after ten years of what you thought was a happy and normal family life your wife suddenly turns your world upside down and leaves leaving you heartbroken and in shock and with two expectant young children to care for and raise First you hit the bottle get seriously drunk and hit a downward spiral in free fall heading for certain disaster Then once you ve hit rock bottom you take stock of the situation pick yourself up dust yourself down and begin the long and difficult climb out of the abyss putting life together again piece by arduous piece This is what happened to Brian Rowlands and this is his true story Beginning with the end of his marriage this book charts his and his children s journey along the long and very rocky road they encountered as they struggled to re build their shattered lives and put some kind of stability and substance back in place Filled with many highs and lows and told in an honest and open manner this book charts the last ten years in this single parent family s remarkable life From heartbreak to happiness through disastrous relationships difficult medical problems and eleven different homes in five years their story will entertain enthrall and shock Drawing the reader in once started it is a book that the reader will want to go on reading page after page leaving you begging for more and wanting to know just what happens next **Maya -A Captivating story of love and triumph by Ben Moore** Ben Moore -Chimezie Ihekuna writing with the pen name Ben Moore,2021-11-01 What happens when kids are in a disorientated family setting This is the captivating story of Maya A life journey of crime and pain which ended in triumph To wake up one morning to be told that the man you have been calling your dad was not your real biological father is every teenager s nightmare But having your little child drawn into a life of crime is every father s worst nightmare Maya is the story of a loving single father left to take care of his child who he loves alone This captivating story of a single father s journey raising an adopted child is full of suspense The young girl joined an underground network of crimes drugs prostitution and robbery But good fate was with her after a stint in prison and her life was turned around for good She went lost searching for her destiny Problem Child Single Parent Sandra Williams Brassell,2013-07-25 On this journey with my daughter being an emotionally impaired student in a special education classroom I found much discrimination when she reached the age of twelve when it started becoming apparent to me It seemed she was rejected by her peers who made fun of her disability and learning ability but it did not help much when she was being called LD or the 504 kid and other names associated with her disability Kids can be so cruel to one another without understanding the depth of the pain they inflict This conduct started in her second year in junior high and lasted through her high school years Mr Knight principal of Munger Junior High School stated that he had seen a significant and rapid change in my daughter s behavior since last year It is sad that a principal can point out that my daughter was going downhill and did nothing to fix it until I started writing letters and she was sent to another school it was as simple as a

telephone call At that time Mr Knight stated there was no money in the school district budget to have my daughter moved The downfall in an EI Special Education Classroom is that everyone has ADHD which was the biggest of my daughter s problems those boys who was really rough They were in trouble especially when they had nothing to do but play games for the entire day every single day They didn t have a teacher but they did have a babysitter in the classroom that was hired from the Kronk s Boxing Gym This man had no teaching skills I told Mr Knight I was very disappointed with what was going on in Jemeica s class I asked him if Mr Ronald was a certified teacher He replied no and stated they would be hiring a certified teacher soon I then asked Mr Knight where were the books and other learning resources in the classroom that was supposed to be the main teaching tools needed I asked how was it possible for my daughter to learn anything without a teacher or any other resources the classroom needed including books not one book in the classroom There was one black male student who checked in each morning but saddened by the fact he was not learning anything so he just walked out of school each day I would see him leave the school myself and no one seemed to care The Dearborn Heights Westwood school district could not find an EI Classroom for my daughter to attend Emotional Impaired Classroom This left her at home learning nothing for far too many days leading to months I was sending my daughter to school for an education and that is something she never received whether it was discrimination of her disability or her race Not when her psychiatrist gave the names of three schools she could attend and yet she could not find a school for her to attend

Dropped Threads 2 Carol Shields, Marjorie Anderson, 2010-05-28 The idea for Dropped Threads What We Aren t Told came up between Carol Shields and longtime friend Marjorie Anderson over lunch It appeared that after decades of feminism the women s network still wasn t able to prevent women being caught off guard by life There remained subjects women just didn t talk about or felt they couldn t talk about Holes existed in the fabric of women s discourse and they needed examining They asked thirty four women to write about moments in life that had taken them by surprise or experiences that received too little discussion and then they compiled these pieces into a book It became an instant number one bestseller a book clubs favourite and a runaway success Dropped Threads says Anderson tapped into a powerful need to share personal stories about life s defining moments of surprise and silence Readers recognized themselves in these honest and intimate stories there was something universal in these deeply personal accounts Other stories and suggestions poured in Dropped Threads would clearly be an ongoing project Like the first volume Dropped Threads 2 features stories by well known novelists and journalists such as Jane Urquhart Susan Swan and Shelagh Rogers but also many excellent new writers including teachers mothers a civil servant a therapist This triumphant follow up received a starred first review in Quill and Quire magazine which called it compassionate and unflinching The book deals with such difficult topics as loss depression disease widowhood violence and coming to terms with death Several stories address some of the darker sides of motherhood A mother describes how while sleep deprived and in a miserable marriage she is shocked to find infanticide crossing her mind Another woman recounts a memory of her

alcoholic mother demanding the children prove their loyalty in a terrifying way A woman desperate for children refers to the bleak truth as Another Christmas of feeling barren Narrating the fertility treatment she undergoes the hopes dashed she is amusing in retrospect and yet brutally honest While they deal with loss and trauma the pieces show the path to some kind of acceptance showing the authors determination to learn from pain and pass on the wisdom gained The volume also covers the rewards of learning to be a parent choosing to remain single or fitting in as a lesbian parent It explores how women feel when something is missing in a friendship how they experience discrimination relationship challenges and other emotions less easily defined but just as close to the bone Alison Wearing in *My Life as a Shadow* subtly describes allowing her personality to be subsumed by her boyfriend s Pamela Mala Sinha tells how after suffering a brutal attack she felt self hatred and a longing for retribution Dana McNairn talks of her uncomfortable marriage to a man from a different social background I wanted to fit in with this strange wondrous family who never raised their voices never swore and never threw things at one another Humour a confiding tone and beautiful writing elevate and enliven even the darkest stories Details bring scenes vividly to life so we feel we are in the room with Barbara Defago when the doctor tells her she has breast cancer coolly dividing her life into a before and after Lucid reflective and poignant *Dropped Threads 2* is for anyone interested in women s true stories

The Other Side Don Lucas,2009-07-15 Mac Lewis was a crew boat operator for a small boat rental company On that blistering Louisiana afternoon he was to conduct crewmembers of a large inland oil drilling barge to the latest drilling station It was business as usual and he brought his rowdy roughneck farers to work without much ado When night descended upon the waters however Mac found himself unable to sleep After much tossing and turning to the sound of heavy drilling engines and clanging of pipes he finally drifted into a listless sleep However Mac would wake up to an entirely new realm of existence The clanging sounds and thunderous drilling were gone to be replaced by an eerie quiet a most unusual phenomenon in the midst of a drilling station Not only that but he would begin to realize that his entire body was different too different to be his too different to be a man s With the final unmistakable assessment to verify that his manhood was nonexistent the unbelievable reality set in with dawning horror Mac was now a man in a woman s body Who was this woman and why was he in her body Why had it happened Where in the world was he The questions would come forth unrestrained and unanswered Thus begins the greatest adventure of Mac s life a surreal adventure indeed as for the first time he would view the world through the other side of the gender fence with the eyes body and life of a woman As the questions drive him to seek for answers he would find out just how it would feel to literally be in a woman s shoes dodging compromising situations experiencing a much heightened danger on the streets and the ever present emotions that course through a woman s being Lucas The Other Side is absolutely riveting a compelling read that readers will find hard to put down
