Performing Whiteness in the Postcolony Megan Lewis, 2016-12-01 What does it mean to perform whiteness in the postcolonial era To answer this question crucial for understanding the changing meanings of race in the twenty first century Megan Lewis examines the

ways that members of South Africa's Afrikaner minority have performed themselves into around and out of power from the colonial period to the postcolony. The nation's first European settlers and in the twentieth century the architects of apartheid since 1994 Afrikaners have been citizens of a multicultural multilingual democracy. How have they enacted their whiteness in the past and how do they do so now when their privilege has been deflated? *Performing Whiteness* examines the multiple speech acts, political acts and theatrical acts of the Afrikaner volk or nation in theatrical and public life including pageants, museum sites, film and popular music as well as theatrical productions. Lewis explores the diverse ways in which Afrikaners perform whiteness and the tactics they use including nostalgia, melodrama, queering, abjection and kitsch. She first investigates the way that apartheid's architects leveraged whiteness in support of their nation building efforts in the early twentieth century. In addition to re-enacting national pilgrimages of colonial era migrations and building massive monuments at home, Afrikaner nationalists took their show to the United States, staging critical events of the Boer War at the 1904 St. Louis Exposition. A case study of the South African experience, *Performing Whiteness* also offers parables for global whitenesses in the postcolonial era.

Maori Boy Witi Ihimaera, 2014-11-07. This is the first volume of Witi Ihimaera's enthralling award-winning memoir, packed with stories from the formative years of this much-loved writer. Witi Ihimaera is a consummate storyteller; one critic calling him one of our finest and most memorable. Some of his best stories, however, are about his own life. This honest, stirring work tells of the family and community into which Ihimaera was born, of his early life in rural New Zealand, of family secrets, of facing anguish and challenges and of laughter and love. As Ihimaera recounts the myths that formed his early imagination, he also reveals the experiences from real life that wriggled into his fiction. Alive with an inventive, stimulating narrative and vividly portrayed relatives, this memoir is engrossing, entertaining and moving, but more than this, it is also a vital record of what it means to grow up Maori. Winner of the Ockham New Zealand Book Award 2016 for the General Non-Fiction category.

The Cushion in the Road Alice Walker, 2013-04-09. The National Book Award and Pulitzer Prize-winning author of *The Color Purple* explores our modern world with compassion, courage and humor. Booklist: Alice Walker once ached for retirement, but in the turmoil of the Democratic primaries and the economic collapse of 2008, she realized she simply had a great deal more to say. Leaving her meditation cushion behind, she found herself traveling the world once again to speak of our intertwined personal, spiritual and political destinies through ruminations, poems, essays and letters. At the height of her literary powers, this revered American novelist, poet, essayist and activist invites readers on a journey of political awakening and spiritual insight. While visiting subjects she has addressed throughout her career, including racism, Africa, Palestinian solidarity and Cuba, as well as addressing emergent issues such as the presidency of Barack Obama and health care, Walker explores her conflicting impulses to retreat into inner contemplation and to remain deeply engaged with the world. Rich with humor and wisdom and informed by Walker's unique eye for the details of human and natural experience, *The Cushion in the Road* is a heartfelt response to a new generation's yearning for public service.
