**Singapore, My Country: Biography Of M Bala Subramanion** Nilanjana Sengupta, 2016-06-29 When after three decades of research Singapore could produce its own water the little city state was said to have lost its vulnerability No longer would every policy have to bend at the knees for water survival It was finally time to celebrate liberty When did the same moment come in Bala's life Was it when in mid Atlantic he heard of his promotion as Controller of Posts Or was it when he was appointed by the President as member of the Parliamentary Elections Minority Committee Or was it at a moment of tragic loss when he realised he had nothing more to lose Singapore My Country tells M Bala Subramanion's story a second generation Indian who lost his father to the Death Railway witnessed Subhas Chandra Bose at the Padang and later emerged as not only a senior civil servant but the man behind multiple social interventions living in a fast evolving Singapore The histories of the man and his nation remain seamlessly intertwined each peppered with equal doses of endeavour ingenuity and a sheer will to survive      *Journeys to the Republic of Singapore* Kalman Dubov, 2021-12-05 The city state of Singapore is a relatively recent arrival on the world stage Singapore has achieved the remarkable transformation of transforming itself from a Third World to a First World entity within the span of just one generation It was founded by a prescient Englishman Sir Stamford Raffles a visionary who saw the potential for an expanding British Empire From February 1819 until February 1942 English presence continued and expanded until the Japanese invaded and occupied the territory The Fall of Singapore heralded the end of the British Empire a time when other colonies were wakened to assert their independence from the colonial yoke Initially Singapore was to join the Malaysian Federation but political differences resulted in the expulsion of the small state On the same day of that expulsion Singapore became independent Lee Kuan Yew a remarkable man then assumed the helm of the new country His political acumen oversaw the transformation of this city state into a modern powerhouse a remarkable achievement Singapore has become a place of advanced trade the desired tourist attraction amidst economic and political stability This achievement is the more remarkable since Singapore has limited land and no natural resources Its only resource is a deep harbor sufficient for entrepot trade It is this singular feature that has been exploited to the fullest Entering Singaporean waters reflects on a remarkable scene dozens of ships of every flag and purpose from industry to cruise liner awaits entry to its ports I describe the scene and setting together with the remarkable man whose influences are still present among the three different communities comprising Singapore Chinese Malaysian and English speakers Though democratic the Singaporean government is paternalistic with the greatest care exerted in how different people can live together in harmony And this city state is doubly remarkable for the integrity of its government and people I was amazed to see a full sized umbrella leaning in a corner of the subway with none who entered or left the car removing it from its perch What other city can boast such a standard I also describe the Jewish community here how they live in this city state while

Israel and Israeli advisors remain in the background though exerting great influence on Singaporean defense and military preparedness This is a remarkable place and its founders set the standard that continues today **Lee Kuan Yew's**

**Educational Legacy** Oon Seng Tan,Ee Ling Low,David Hung,2017-03-06 The late Mr Lee Kuan Yew 1923 2015 laid the foundations for the creation of a first world education system in Singapore Like many other issues concerning the country his ideas for education were transported in a red box which he took with him wherever he went even up to his last days Inside it was always something designed to help create a better life for all Singaporeans The editors of this volume were inspired by the idea of Mr Lee s red box and by the Founding Father s selfless drive to continuously improve the country he loved As such the book explores in detail Mr Lee s plans including chapters on Education The Man and His Ideas Foundational Pillars of Singapore s Education Education for Nationhood and Nation Building and 21st Century Readiness and Adaptability The chapters also include the authors visions no matter how great or small for the future of education in Singapore They explore how Mr Lee s educational policies resulted in a system that attracts the right and best candidates to become teachers that forms them into effective teachers specialists and leaders that ensures they and the education system are able to deliver the best possible learning for every child and that establishes a legacy that has allowed the education system to continue to move forward while tackling the challenges of its success From the little red box came the ideas that led to the country s meteoric rise Likewise the editors hope this book will lead to a brighter future in education **The Routledge International**

Putting admirable rationales of university education into practice is never easy While it is popular to emphasize market values and competitive rankings moral values and ideals sound way too lofty nowadays Under tensions on campus and in society the head of a university takes the role of striking a balance as skilfully as possible Professor Joseph Sung is no exception to all these challenges He has been enjoying university life with teachers and students going through ups and downs with them This book a collection of 57 blog articles by Professor Sung during his tenure as the seventh Vice-Chancellor of The Chinese University of Hong Kong tells us the stories He talks about higher education and social responsibility pathways and choices our youths make the visions he had and the challenges he faced and life values which he wishes his students could take seriously Though generations come and go he still cares that they live a simple noble and humble life He hopes we care too **Lee Kuan Yew Through The Eyes Of Chinese Scholars** Chen Ning Yang, Ying-shih Yu, Gungwu Wang, 2016-12-27

Lee Kuan Yew through the Eyes of Chinese Scholars is a compilation of essays by highly respected Chinese scholars in which they evaluate the life work and philosophy of Lee Kuan Yew founding Prime Minister of Singapore Presenting a range of views from a uniquely Chinese Asian perspective this book provides valuable insights for those who wish to gain a fuller and deeper understanding of Lee Kuan Yew the man as well as Singapore his nation Marking the momentous event of his death as well as the 50th anniversary of Singapore's independence in 2015 this compilation reflects both the high regard in which Lee Kuan Yew is held across the Chinese speaking world as well as the reservations of a few The contributors are all ethnic Chinese from different academic disciplines ranging from a Nobel laureate in physics Chen Ning Yang to historians economists and political scientists They include Singaporeans such as Wang Gungwu and Chew Cheng Hai as well as scholars from China the US and Hong Kong such as Yongnian Zheng Ying Shih Yu Lawrence Lau and Hang Chi Lam among others Originally published in Chinese this English translation makes the material accessible to a wider English reading audience *Singapore-China Relations* Yongnian Zheng, Liang Fook Lye, 2015-11-06 Showcasing the substantive and multi-faceted Singapore-China relationship this book examines the political economic socio-cultural people to people and even military exchanges between the two countries It also highlights flagship projects and other key private sector led projects that have become hallmarks of bilateral cooperation The book argues that the current level of cooperation

is built on the earlier foundation laid by Lee Kuan Yew and Deng Xiaoping. In a way the bilateral relationship is a unique one. For one, Deng Xiaoping had singled out Singapore as a model for China's reforms, and China today continues to find Singapore's experience relevant. Singapore is also learning from China in the process. The two countries also have a number of bilateral institutional mechanisms that have become more important in reviewing existing cooperation and identifying new ways of working together. Rather than simply provide an overview of bilateral relations, the book highlights the unique or distinguishing features of the Singapore-China relationship in four main areas which are revealed in the book.

*Equity, Opportunity and Education in Postcolonial Southeast Asia* Cynthia Joseph, Julie Matthews, 2014-07-17

*Equity, Opportunity and Education in Postcolonial Southeast Asia* addresses the ways in which colonial histories, nationalist impulses and forces of globalization shape equity and access to education in Southeast Asia. Although increasingly identified as a regional grouping, ASEAN (Malaysia, Indonesia, Burma, Thailand, Singapore and the Philippines) are known for their vastly different state structures, political regimes, political economies and ethnocultural and religious demography. The expert contributors to this volume investigate educational access and equity for citizens, ethnic and religious minorities and indigenous people within these countries. The subject of education is framed within the broader national and local challenges of achieving equity and social justice. This book examines the dimensions of post-colonialism, nationalism and globalisation as played out within different international educational contexts. Chapters include: Understanding the Cultural Politics of Southeast Asian Education through Postcolonial Theory; Downplaying Difference: Representations of Diversity in Contemporary Burmese Schools and Educational Equity; Learner-Centered Pedagogy in Post-Conflict Timor-Leste; For the Benefit of the Learner or the Learned: Technology of Dominance, Technology of Liberation; Education in Colonial and Postcolonial Cambodia; Change and Continuity in the History of Vietnamese Higher Education; Colonization by Stealth: The Case of Thailand; Education Politics in Postcolonial Malaysia; Ethnicity, Difference and Inequalities; The Singapore Education Journey: From Colonialism to Globalism.

*50 Years of the Chinese Community in Singapore* Cheng Lian Pang, 2015-10-23

Singapore's success story is essentially a people story. Singaporeans have good reason to celebrate the nation's golden jubilee with pride. In the short space of five decades, the country has moved from Third World to First, and its real GDP has grown by 40 times. For this phenomenal progress, credit must go to its people, the Republic's primary resource. Against all odds and amidst dire predictions, Singaporeans proved that a united and resourceful community could build a nation from scratch. This book is dedicated to one segment of these Singaporeans: the Chinese community. In particular, this collection of essays focuses on the Chinese-speaking members of the community whose many contributions are less familiar to those brought up on a strict diet of the English language.
