Hall, M.A.,2012-01-03 Puts world events in a context that is relevant for today s students and casual readers Updated to include the significant events from the past several years      Hate Spin Cherian George,2016-09-23 How right wing political entrepreneurs around the world use religious offense both given and taken to mobilize supporters and marginalize opponents In the United States elements of the religious right fuel fears of an existential Islamic threat spreading anti Muslim rhetoric into mainstream politics In Indonesia Muslim absolutists urge suppression of churches and minority sects fostering a climate of rising intolerance In India Narendra Modi s radical supporters instigate communal riots and academic censorship in pursuit of their Hindu nationalist vision Outbreaks of religious intolerance are usually assumed to be visceral and spontaneous But in Hate Spin Cherian George shows that they often involve sophisticated campaigns manufactured by political opportunists to mobilize supporters and marginalize opponents Right wing networks orchestrate the giving of offense and the taking of offense as instruments of identity politics exploiting democratic space to promote agendas that undermine democratic values George calls this strategy hate spin a double sided technique that combines hate speech incitement through vilification with manufactured offense taking the performing of righteous indignation It is deployed in societies as diverse as Buddhist Myanmar and Orthodox Christian Russia George looks at the world s three largest democracies where intolerant groups within India s Hindu right America s Christian right and Indonesia s Muslim right are all accomplished users of hate spin He also shows how the Internet and Google have opened up new opportunities for cross border hate spin George argues that governments must protect vulnerable communities by prohibiting calls to action that lead directly to discrimination and violence But laws that try to protect believers feelings against all provocative expression invariably backfire They arm hate spin agents offense taking campaigns with legal ammunition Anti discrimination laws and a commitment to religious equality will protect communities more meaningfully than misguided attempts to insulate them from insult      The Social Studies Curriculum, Fifth Edition E. **Portuguese Decolonization in the Indian Ocean World** Pamila Gupta, 2018-10-18 Pamila Gupta takes a unique approach to examining decolonization processes across Lusophone India and Southern Africa focusing on Goa Mozambique Angola and South Africa weaving together case studies using five interconnected themes Gupta considers decolonization through the twined lenses of history and ethnography accessed through written oral visual and eyewitness accounts of how people experienced the transfer of state power She looks at the materiality of decolonization as a movement of peoples across vast oceanic spaces demonstrating how it was a process of dispossession for both the Portuguese formerly in power and ordinary colonial citizens and subjects She then discusses the production of race and class anxieties during decolonization which took on a variety of forms but were often articulated through material objects The book aims to move beyond linear histories of colonial independence by connecting its various regions using the theme of decolonization offering a productive and new approach to writing post national histories and ethnographies Finally Gupta demonstrates the value of using different source materials to access narratives of decolonization analyzing the work of Mozambican photographer Ricardo Rangel and including lyrical prose and ethnographical observations Portuguese Decolonization in the Indian Ocean World provides a nuanced understanding of Lusophone decolonization revealing the perspectives of people who experienced it This book will be highly valuable for historians of the Indian Ocean world and decolonization but also those interested in ethnography diaspora studies and material culture
