Public Health Aspects of HIV/AIDS in Low and Middle Income Countries David Celentano,Chris Beyrer,2008-09-11 It has now been 25 years since the apocryphal report in the CDC Morbidity and Mortality Weekly Report dated June 5 1981 entitled Pneumocystis Pneumonia Los Angeles which announced what was to become HIV AIDS HIV has now affected virtually all countries that have looked for it and has had a devastating impact on the public health and medical care infrastructure around the world HIV AIDS has also disproportionately affected nations with the least capacity to confront it especially the developing world nations in Sub Saharan Africa South and Southeast Asia and the emerging republics of Eastern and Central Asia The pandemic unlike any other disease of our time has had profound impacts on the practice of public health itself bringing affected communities into decision making demanding North South partnerships and collaborations and changing the basic conduct of clinical and prevention trials research While much has been written in scholarly publications for medical epidemiologic and disease control specialists there is no comprehensive review of the public health impact and response to HIV AIDS in the developing world This edited volume seeks to systematically describe the emergence and form of the epidemics epidemiology the social community and political response and the various measures to confront and control the epidemic with varying levels of success Of particular importance are strategies that appear to have been useful in ameliorating the epidemic while contrasting the situation in a neighboring country or region where contrasting prevention or care initiatives have had a deleterious outcome Common to all responses has been the international multi sectoral response represented by the Global Fund for HIV AIDS Malaria and Tuberculosis the President s Emergency Plan for AIDS Relief and the Gates Foundation among others to promote HIV pharmacologic therapy in resource poor settings The chapter authors will explore the political challenges in meeting HIV AIDS prevention and care in concert with the public health realities in specific country and regional context

Myanmar's Digital Coup Nicholas Coppel,Lennon Y.C. Chang,2024-07-23 This book analyses how technologies have been used by both the military junta and resistance movement in Myanmar s digital coup to control information and the transfer of funds and to pursue accountability They have been used to pressure and mobilise external actors and the book critically assesses international responses ranging from the United Nations ASEAN individual countries activist groups donors and international businesses Contact with the military has been criticised as recognising and legitimising the regime and individual firms have come under pressure to exit The authors argue that the National Unity Government overestimates the significance of foreign recognition and activists overestimate the influence of international responses on military behaviour They suggest external actors change from judging and excoriating the responses of the international community and focus on how foreign governments businesses or organisations can support and strengthen
