## Myanmar Blue S Free:

7 Days in Myanmar, 2014 Largely isolated from the world for more than four decades Myanmar has made a remarkable return to the global stage following a political transformation that represents a watershed moment in the country's history. Now for the first time ever the rich culture, stunning landscapes and diverse peoples of the country are presented in a unique visual time capsule. Here is the new Myanmar as seen over a single week by a team of thirty famous photographers from eleven different countries. Their mission: To capture the life and spirit of Myanmar from every angle in every corner of the country. Through the downtown streets of Yangon and the handicraft centres of Mandalay, above the temple-dotted plains of Bagan and on the waters of Inle Lake, inside border towns and hilltribe villages and all the way to the furthest reaches of the north and south. The portrait they created reveals a nation full of natural beauty, old world charm, deep spirituality and new hope. Featuring essays that provide context on Myanmar's history and culture and hundreds of outstanding original photographs, *7 Days in Myanmar* shows why the world is watching Myanmar and why Myanmar is ready for the world.

*Globalization and Civil Society in East Asian Space* Khatharya Um, Chiharu Takenaka, 2022-12-30 This book critically examines the impact of globalization, changing power dynamics, migration and evolving rights regimes on regional order, discourse of national governance, state and society relations and the development of civil society in East Asia. Providing a textured critical reading of East Asia as an economically, socially and politically dynamic region, this book also presents the region as one shaped simultaneously by progressive as well as regressive pulls. Attentive to prevailing issues as well as to states and civil societies' responses to them, it focuses on changing societies and politics in East Asia, particularly on shifting notions of citizenship, nationhood and peoplehood. The contributions feature new and timely conclusions drawn from multidisciplinary fields including law, public policy, sociology, Asian studies, gender, sexuality and ethnic studies and include direct testimonies from citizens of East and Southeast Asia. *Globalization and Civil Society in East Asian Space* will appeal to students and scholars of sociology, political science and Asian studies more broadly.

**Social Transformations in India, Myanmar, and Thailand: Volume II** Chosein Yamahata, 2022-03-02 This book explores the multifaceted obstacles to social change that India, Myanmar and Thailand face and ways to overcome them. With a collection of essays that identify common challenges and salient features affecting diverse communities, this volume examines topics from subnational and local perspectives across the peripheries. The book argues that identity-based divisions have created a system of oppression and political contention that have led to conflicts of different kinds and hence serving as the common cause of different social issues. At the same time, such issues have created space for marginalized groups around the world to call for change. The volume recognizes that social transformation comes into being through an active process of deconstructing and reconstructing shared norms and ideas. The contents in this book are thus centered around two focuses: the impacts of identities and grassroots. Both of these aspects are at the heart of each country's transformations towards democracy, peace

justice and freedom Under this framework the chapters cover a diverse range of common issues such as minority grievances gender inequality ethnic identity grassroots power in alliance making towards community peace recovery and resilience digital freedom democracy assistance and communication and bridging multiple divides As identity based cleavages are daily lived experiences for individuals and communities it requires grassroots initiatives and alliances as well as democratic communication to tackle obstacles at the root Ultimately the book convinces readers that social transformations must begin at the individual to communal level and local to national level      **Cat on a Blue Monday** Carole Nelson Douglas,1994-12-15
